The Christian State Of Life:

The Christian State of Life Hans Urs von Balthasar, 1983-01-01 The sole purpose of this book is to provide a comprehensive meditation on the foundations and background of St Ignatius contemplation on the call of Christ on the answer we must give if we want to give great proof of our love and on the choice explicitly demanded of us either to follow Christ our Lord to the first state of life which is that of observing the commandments of which he has given us an example by his obedience to his parents or to follow him to the second state which is that of evangelical perfection of which he has given us an example by leaving his family to devote himself exclusively to the service of his eternal Father And this so that we can arrive at perfection which is of course the perfection of Christian love in whatever state or way of life God our Lord may grant us to choose The goal of our meditation is to understand why this act of choosing a state or way of life within our Holy Mother the hierarchical Church is possible and necessary in the first place and why there should be any either or since both ways are capable of leading us to the same perfection of love just as the same act viewed from different perspectives can be either absolute or relative Preface [The Christian State of Life](#) Adrienne von Speyr, 2011-08-08 The more popular practical counterpart to Hans Urs von Balthasar's own book of the same title this book plumbs the depths of what it means to be a Christian

The Christian State of Life Hans Urs Von Balthasar, 2012-07-09 This book one of von Balthasar's masterworks is a profound meditation on the Christian's choice of a state of life according to God's will It discusses the lay religious and priestly states of life and examines the ways in which we recognize and respond to the call of God Written in a deeply Ignatian spirit the book provides a comprehensive meditation on Saint Ignatius Call of Christ and demonstrates that we must answer Christ's call if we want to give greater proof of our love The goal of this meditation is to understand why the act of choosing a state of life is possible and necessary so that we can arrive at the perfection of Christian love in whatever state or way of life God may grant us to choose It affirms that the act of choosing a Christian state of life is found in the Gospels and emanates from the personal meeting of the believer with Jesus Christ Among the topics in this book are the following The Great Commandment Creation and Service Grace and Mission Image and Truth The Nature of the Call and The Historical Actuality of the Call A milestone in the Catholic theology of vocation This book could change your life America

There is currently no shared language of vocation among Catholics in the developed post modern world of Europe and North America The decline in practice of the faith and a weakened understanding of Church teaching has led to reduced numbers of people entering into marriage religious life and priesthood Uniquely this book traces the development of vocation from scriptural patristic roots through Thomism and the Reformation to engage with the modern vocational crisis How are these two approaches compatible The universal call to holiness is expressed in *Lumen Gentium* has been read by some as meaning that any vocational choice has the same value as any other such choice is some sense of a higher calling part of the Catholic theology of vocation or not Some claim that the single life is a vocation on a par with marriage and religious life what kind of a theology of vocation leads to that conclusion And is the secular use of the word vocation to describe certain profession helpful or misleading in the context of Catholic theology **The Christian State of Life** Franz Hunolt, 1886
