The Christmas Bubbles:

The Christmas Retreat Trisha Ashley, 2025-11-06 Don't miss the brand new small town Christmas romance from the bestselling author of *The Book of Lost Stories* and *Twelve Days of Christmas* the perfect cosy festive read to curl up with over the holidays Ginny Spain usually loves Christmas Not this year though After witnessing a traumatic accident and breaking up with her ex she plans to spend it alone But her formidable art historian mother Evie has other ideas Determined to drag her daughter out of isolation Evie persuades Ginny to spend Christmas with her at an artist and writer's retreat at Triskelion a remote old house in the tiny coastal village of Little Star But Evie's plans aren't without an ulterior motive having discovered that her grandmother was an artist and spent time at Triskelion house she wants to unlock the secrets surrounding her and Ginny's ancestor Rugged Rhys Tarn lives at Triskelion with his ten year old daughter having lost his wife in mysterious and distressing circumstances and Ginny is in for a shock when she discovers she and Rhys share an unexpected connection Between Winter Solstice and Twelfth Night and with the help of Rhys can Ginny unlock her past and make this Christmas her happiest one yet Praise for Trisha Ashley One of the best writers around Katie Fforde bestselling author of *From London with Love* Full of down to earth humour Sophie Kinsella bestselling author of *The Burnout* A warm hearted and comforting read Carole Matthews bestselling author of *The Christmas Party* Utterly joyous Hazel Prior bestselling author of *Away with the Penguins* This is the perfect novel to snuggle up with on a cold winter's night Closer Trisha always writes such likeable main characters I advise you to read this book and then enjoy all the others by this author Every single one is a treat A fun uplifting book that has all of the author's trademarks lovers villains and memorable characters I was captivated by this from the first and loved every minute of it One of the best books I've read this year So good I've already read it twice I hope Trisha knows how much joy and happiness her books give people I absolutely adore all of Trisha's books and this did not disappoint As usual I haven't been able to put this book down until I got to the very end *Through the Eyes of Christmas* Ron Davis, 2018-08-28 *Through the Eyes of Christmas* Keys to unlocking the spirit of Christmas in your heart by Ron Davis How will you get into the Christmas spirit this year Each December most of us face that same question as we prepare to celebrate Christmas Whether we will admit it to ourselves or not we all yearn for true Christmas spirit in our hearts and homes each year We want our Christmas to be one of peace on earth and goodwill towards men just as the angel announced to the shepherds But after the shopping wrapping and relatives often our Christmas experience is far from peaceful and there is little goodwill to go around We pull out the same decorations put up the same tree in the same corner with the same wreath on the same front door We do the same Christmas stuff in the same Christmas way as last year and wonder why we get the same result no lasting Christmas joy Is true Christmas spirit a myth Or have we become so preoccupied with the hustle and bustle of the season that we unwittingly buy the secularized version of Christmas It is only then that we discover the substitute the retailers are selling has no real Christmas spirit Our disappointment is that we do Christmas things but still fail

to see Christmas spirit in our hearts So how do you find Christmas spirit What are the keys to unlocking Christmas spirit in our hearts Pastors must ask those same questions as they prepare their Christmas sermons Recent research tells us that 90% of Americans celebrate Christmas but over half have forgotten why A majority of Americans now celebrate Christmas as primarily a cultural holiday rather than recognizing the real reason for the season Less than half of the millennials surveyed said they were planning to attend religious services on Christmas What are Pastors going to preach Christmas Sunday that is inspired and anointed And after 2 000 years what can they possibly say that is fresh relevant and will make a real difference in the lives of their parishioners To avoid losing the real meaning of Christmas Pastors need to remind their people of the true purpose the coming of Christmas has for our lives They must rediscover the spirit of Christmas in their hearts But how Through the Eyes of Christmas reveals the keys to unlocking Christmas spirit in your heart By looking deep into the lives of the first Christmas participants the book refocuses our vision to see Christmas from a fresh perspective What were Mary and Joseph focused on that first Christmas night When we relive Christmas by looking through the eyes of Mary Joseph the shepherds the wise men and all of the other well known and some not so well known characters of the Christmas story we discover what they were focused on We see the Biblical truths their stories reveal That brings the true lasting joy of Christmas spirit into our lives When those truths are applied to your life it will be said of you as it was of Charles Dicken s Ebenezer Scrooge he knew how to keep Christmas well if any man alive possessed the knowledge Order Ron Davis compelling and well written book Through the Eyes of Christmas now to make this Christmas your best Christmas ever

The Pandemic in Britain Sean Creaven,2023-06-09 This book offers a political analysis and sociological critique of the UK government s response to the novel coronavirus outbreak interpreting the inadequacies of government policy with regard to COVID 19 as the results of neoliberal ideology the protection of corporate interests Brexit nationalism and the peculiarities of a British model of capitalism based on international trade and labour market precarity Arguing that institutionalized corporate capitalist control of state and science generates new and growing public health risks and that consumer driven individualism has eroded community life and the protections this might offer against pandemics the author contends that the UK government s catastrophic response to the COVID 19 pandemic was the result of peculiarly British socioeconomic and political phenomena The Pandemic in Britain will appeal to scholars of sociology philosophy and politics with interests in the COVID 19 pandemic as well as neoliberal ideology and its manifestation in political life Santa Claus Letlhokwa George Mpedi,2020-11-30 The origins of Santa Claus or so I am told is that the young Bishop Nicholas secretly delivered three bags of gold as dowries for three young girls to their indebted father to save them from a life of prostitution Armed with immortality a factory of elves and a fleet of reindeer his has been a lasting legacy inextricably linked to Christmas Of course this Christmas looks a little different Amidst a global pandemic shimmying down the chimneys of strangers certainly does not adhere to social distancing guidelines Some borders remain closed and in some instances the quarantine period is far too

long After all he only has 24 hours to spread cheer across the world As with the rest of us Santa Claus is likely to get the remote working treatment The reindeers this year are likely to be self driving reminiscent of an Amazon swarm of technology and the naughty and nice lists are likely to be based on algorithms derived from social media accounts In the age of the fourth industrial revolution it is difficult to imagine that letters suffice anymore How many posts were verified as real before shared Enough to get you a drone Fake news Here is a lump of coal Will we see elves in personal protective equipment PPE and will Santa Claus high risk because of age and his likely comorbidities from the copious amount of cookies have to self isolate in the North Pole In fact will there be any toys at all this year Surely production has been stalled with the restrictions on imports and exports into the North Pole Perhaps there is a view to outsourcing or perhaps there is a shift towards local production and supply chains More importantly as we have done in many instances in this period maybe we should pause to reflect on the current structures in place The sanctification of a figure so clearly dismissive of the Global South and to be critical quite classist must be called into question From some of the keenest minds the contributions in this book make a strong case against this holly jolly man We traverse important topics such as is the constitution too lenient with a clear intruder who has conveniently branded himself a Good Samaritan Allegations of child labour under the guise of elves blatant animal cruelty constant surveillance in stark contrast to many democratic ideals and his possible threat to national security come to the fore Nevertheless as the song goes he is aware when you are asleep and he knows when you are awake Is feminism a farce to this beloved man what role does Mrs Claus play and why are there inherent gender norms in his toys Then is the worry of closed borders and just how accurate his COVID 19 tests are Of course this brings his ethics into question While there is an agreement that transparency justice and fairness nonmaleficence responsibility and privacy are the core ethical principles the meaning of these principles differs particularly across countries and cultures Why are we subject to Santa Claus notions of good and evil when he is so far removed from our context As Richard Thaler and Cass Sunstein would tell you this is fundamentally a nudge from Santa Claus for children to fit into his ideals A nudge coined by Thaler is a choice that predictably changes people s behaviour without forbidding any options or substantially changing their economic incentives Even with pinched cheeks and an air of holiday cheer Santa Claus has to come under scrutiny In the process of decolonising knowledge and looking at various epistemologies does Santa still make the cut
