The Collector's Cabinet James A. Welu, Worcester Art Museum, 1983 *A Collector's Cabinet* Arthur K. Wheelock, 1998 *The Collector's Cabinet and Miniature Pharmacy* Paul Van Duin, 2017-10-24 The focus of this wonderfully designed large format book is an outstanding 18th century Dutch cabinet of curiosities from the Rijksmuseum's extraordinary furniture collection This cabinet houses a miraculous collection including a mini apothecary's shop filled with more than 300 jars pots and medicine bottles Concealed behind the rear wall of the cabinet 55 secret drawers reveal a varied collection of over 2 000 specimens including seeds flowers roots resins ores and a great deal more The cabinet was probably owned by a wealthy doctor or pharmacist its contents perhaps intended to amuse a select group of friends family and other collectors In this visually stunning publication the complete contents of this magnificent cabinet are on display for the first time and in almost actual size Several authors describe the contents of the miniature apothecary's shop and some of the remarkable remedies it contains as well as the artful and varied arrangements found in the drawers

The Collectors' Monthly, 1890 **A Collector's Cabinet** Arthur K. Wheelock (Jr.), National Gallery of Art (U.S.), 1998 The catalog for an exhibition at the National Gallery of Art Washington DC May to August 1998 displaying items of encyclopedic Dutch and Flemish collections from the 17th and 18th centuries The collections were housed in the newly constructed Dutch Cabinet Galleries small chambers suitable for the small paintings and objects typical of such collections About half the reproductions are in color No index Annotation copyrighted by Book News Inc Portland OR

Curio Cabinet Henry Jeffs, In the dim corners of Victorian parlors and the grand halls of Renaissance palaces glass fronted cabinets stood as portals to worlds of wonder These vessels of curiosity known as curio cabinets or cabinets of curiosities represented humanity's eternal desire to collect preserve and display the extraordinary Today this tradition continues to flourish drawing collectors into a realm where the bizarre mingles with the beautiful and the mundane transforms into the magical The modern curio cabinet serves as more than mere storage it functions as a personal museum a conversation starter and a reflection of the collector's soul Unlike traditional collecting focuses that center on specific categories like stamps or coins curio collecting celebrates diversity itself Within a single cabinet one might find a fossilized trilobite sharing space with a vintage pocket watch while a delicate Victorian mourning locket rests beside a peculiar medical instrument from the 1800s This eclectic approach to collecting represents a rebellion against the rigid categorization that defines much of modern life The psychology behind curio collecting runs deeper than simple acquisition Each object tells a story carries history and connects us to moments people and places we might never otherwise encounter

When a collector places a Civil War era bullet next to a piece of sea glass worn smooth by decades of ocean waves they create a dialogue between objects that transcends time and space This juxtaposition sparks imagination and invites contemplation about the interconnectedness of human experience
