fascinating lives of some of the most influential people in history **The Luxury of Nationalist Despair** A.J. Simoes da Silva, 2021-11-01 This book offers a timely critique of the work of the Barbadian novelist George Lamming examining the ways in which his novels exhibit the luxury of nationalist despair and exploring the tensions between his strongly voiced anti colonialism and his ambiguously articulated politics of self Although stressing the place occupied by Lamming and his work in the context of an anti colonial first generation of nation writing that has emerged in the formerly colonized world over the past half century the study also addresses the novelist's problematic reductive focus on a nationalist project that is ultimately deeply flawed in essence the result of an uneasy relationship between form and thesis Lamming's continued struggle with the novel as a genre especially with its ability to get beyond the cultural and political baggage of colonialism demonstrates the power of one of his most poignant assertions the colonial experience is a continuing psychic experience that has to be dealt with long after the actual situation formally ends Written from a postcolonial perspective the study draws also on contemporary feminist criticism in order to examine Lamming's characteristically simplistic depiction of female characters in terms of a greater willingness to embody the neocolonial The book starts by addressing the place Lamming's work occupies both within postcolonial writing at large and specifically within Caribbean literature Subsequent chapters provide close textual readings of Lamming's six novels paired in terms of their foregrounding of issues of race gender and class Despite a clear shift in Lamming's thematic focus on the rewriting of Caliban's project with his last novel offering a basis for a re imagining of the post colonial encounter there remains a perturbing inability to relinquish the privileged stance afforded the postcolonial intellectual in self imposed exile cultural much more than geographical The book represents an important contribution to criticism on the work of one of the most influential voices in postcolonial literature of the last fifty years

Black Women, Writing and Identity Carole Boyce-Davies, 2002-09-11 Black Women Writing and Identity is an exciting work by one of the most imaginative and acute writers around The book explores a complex and fascinating set of interrelated issues establishing the significance of such wide ranging subjects as re mapping re naming and cultural crossings tourist ideologies and playful world travelling gender heritage and identity African women's writing and resistance to domination marginality effacement and decentering gender language and the politics of location Carole Boyce Davies is at the forefront of attempts to broaden the discourse surrounding the representation of and by black women and women of colour Black Women Writing and Identity represents an extraordinary achievement in this field taking our understanding of identity location and representation to new levels
