The Colossus Of Roads Myth And Symbol Along The American Highway:

The Colossus of Roads Karal Ann Marling, 1984 *The Colossus of Roads* Karal Ann Marling, A rich and lively examination of this curious and pervasive tradition The world's largest prairie chicken a restaurant shaped like a fish a massive Paul Bunyan an enormous ear of corn roadside sculpture is a uniquely American phenomenon and these strange and wonderful figures are scattered along highways and standing in small town squares particularly in the Midwest These odd oversized attractions have become destinations for travelers Whether it serves art commerce or local pride the colossus is a stopping place where the everyday rules of reality are suspended and the observer can gain insight into the way these communities imagine themselves Karal Ann Marling visits dozens of these roadside attractions viewing them analytically intellectually and enthusiastically tracing each one through folklore and literature Heavily illustrated this book takes the reader on the road to examine these treasures and all that they represent *American Faces* Richard H.

Saunders, 2016-09-06 Portraits We know what they are but why do we make them Americans have been celebrating themselves in portraits since the arrival of the first itinerant portrait painters to the colonies They created images to commemorate loved ones glorify the famous establish our national myths and honor our shared heroes Whether painting in oil carving in stone casting in bronze capturing on film or calculating in binary code we spend considerable time creating contemplating and collecting our likenesses In this sumptuously illustrated book Richard H Saunders explores our collective understanding of portraiture its history in America how it shapes our individual and national identity and why we make portraits whether for propaganda and public influence or for personal and private appreciation *American Faces* is a rich and fascinating view of ourselves **Emily Post** Laura Claridge, 2009-10-13 In an engaging book that sweeps from the Gilded Age to the 1960s award winning author Laura Claridge presents the first authoritative biography of Emily Post who changed the mindset of millions of Americans with *Etiquette* a perennial bestseller and touchstone of proper behavior A daughter of high society and one of Manhattan's most sought after debutantes Emily Price married financier Edwin Post It was a hopeful union that ended in scandalous divorce But the trauma forced Emily Post to become her own person After writing novels for fifteen years Emily took on a different sort of project When it debuted in 1922 *Etiquette* represented a fifty year old woman at her wisest and a country at its wildest Claridge addresses the secret of *Etiquette*'s tremendous success and gives us a panoramic view of the culture from which it took its shape as its author meticulously updated her book twice a decade to keep it consistent with America's constantly changing social landscape Now nearly fifty years after Emily Post's death we still feel her enormous influence on how we think Best Society should behave **The Blackwell Companion to Religion in**

America Philip Goff, 2010-03-25 This authoritative and cutting edge companion brings together a team of leading scholars to document the rich diversity and unique viewpoints that have formed the religious history of the United States A groundbreaking new volume which represents the first sustained effort to fully explain the development of American religious

history and its creation within evolving political and social frameworks Spans a wide range of traditions and movements from the Baptists and Methodists to Buddhists and Mormons Explores topics ranging from religion and the media immigration and piety though to politics and social reform Considers how American religion has influenced and been interpreted in literature and popular culture Provides insights into the historiography of religion but presents the subject as a story in motion rather than a snapshot of where the field is at a given moment

Asphalt Nation Jane Holtz Kay, 2012-06-20 Asphalt Nation is a major work of urban studies that examines how the automobile has ravaged America's cities and landscape and how we can fight back The automobile was once seen as a boon to American life eradicating the pollution caused by horses and granting citizens new levels of personal freedom and mobility But it was not long before the servant became the master public spaces were designed to accommodate the automobile at the expense of the pedestrian mass transportation was neglected and the poor unable to afford cars saw their access to jobs and amenities worsen Now even drivers themselves suffer as cars choke the highways and pollution and congestion have replaced the fresh air of the open road Today our world revolves around the car as a nation we spend eight billion hours a year stuck in traffic In Asphalt Nation Jane Holtz Kay effectively calls for a revolution to reverse our automobile dependency Citing successful efforts in places from Portland Maine to Portland Oregon Kay shows us that radical change is not impossible by any means She demonstrates that there are economic political architectural and personal solutions that can steer us out of the mess Asphalt Nation is essential reading for everyone interested in the history of our relationship with the car and in the prospect of returning to a world of human mobility

Buyways Catherine Gudis, 2004-05-15 The highway has become the buyway Along the millions of miles the public travels advertisers spend billions on images of cola cars vodka fast food and swimming pools that blur past us catching our fleeting attention and turning the landscape into a corridor of commerce A smart succinct and visually compelling history of the billboard in America Buyways traces how the outdoor advertising industry changed the face of American commercialism Taking us from itinerant bill stickers of circus posters in the 19th century to the blinking beeping 3 D eyesores of today Gudis argues that roadside advertising has turned the landscape itself into a commodity to be bought and sold as advertising space Buyways vividly chronicles the battles between environmentalists and businessmen as well as the response of artists from New Deal photographers who satirized the billboard infested landscape to commercial artists who embraced the kitsch of it all It also shows how advertisers tapped into the American mythology of the open road promoting mobile consumption as the American Dream on four wheels Entertaining and brilliantly illustrated Buyways is a vibrant road map of the new geography of consumption Also includes an eight page color insert

Nebraska Moments Donald R. Hickey, Susan A. Wunder, John R. Wunder, 2007-01-01 An account of defining Nebraska moments including surviving the Oregon and Mormon trails completing the Union Pacific Railroad and winning national football championships Nobel and Pulitzer prizes and presidential nominations

American Studies Jack Salzman, 1990-05-25 This volume supplements the acclaimed three volume set

published in 1986 and consists of an annotated listing of American Studies monographs published between 1984 and 1988. There are more than 6 000 descriptive entries in a wide range of categories: anthropology and folklore, art and architecture, history, literature, music, political science, popular culture, psychology, religion, science and technology, and sociology.

Racing in the Street June Skinner Sawyers, 2004-04-06. For more than three decades, Bruce Springsteen's ability to express in words and music the deepest hopes, fears, loves, and sorrows of average Americans has made him a hero to his millions of devoted fans. *Racing in the Street* is the first comprehensive collection of writings about Springsteen, featuring the most insightful, revealing, famous, and infamous articles, interviews, reviews, and other writings. This nostalgic journey through the career of a rock n roll legend chronicles every album and each stage of Springsteen's career. It's all here: Dave Marsh's Rolling Stone review of Springsteen's ten sold-out Bottom Line shows in 1975 in New York City; Jay Cocks's and Maureen Orth's dueling Time and Newsweek cover stories; George Will's gross misinterpretation of Springsteen's message on his Born in the USA tour; and Will Percy's 1999 interview for Double Take, plus much, much more.
