# The Community Industries Of The Shakers

**Alice Felt Tyler**

## **The Community Industries Of The Shakers:**

The Community Industries of the Shakers Edward Deming Andrews, 1972      The Community Industries of the Shakers Edward Deming Andrews, 1932      *Community Industries of the Shakers* Edward Andrews, 2013-03-01 Bonded Leather binding      **Two Hundred Years of American Communes** Yaacov Oved, 2017-09-08 The United States is the only modern nation in which communes have continuously existed for the past two hundred years This definitive history of communes in America examines the major factors that have supported the existence and growth of communes throughout American history The most impressive survey of the communal experience since the works of Noyes and Nordhoff it is informed by a deep respect for the human subjects and organizational forms of American communes The findings in the analytical chapters are of considerably theoretical import beyond the historical narrative Oved details the founding growth development and sometimes failure of alternative societies from 1735 to 1939 Icaria Ephrata Oneida Shaker religious secular and socialist communes Extensive reference material cited will assure this work a special place in the archives of the literature on communes      **Freedom's Ferment; Phases of American Social History to 1860** Alice Felt Tyler, 1944-01-01 Freedom's Ferment was first published in 1944 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions In this historical synthesis of men and movements Alice Felt Tyler shows in action the democratic faith of the young American republic She tells the stories of the reform movements and social and religious experiments characteristic of the early half of the nineteenth century The early efforts toward social and economic equality later engulfed in the urgent issues of the Civil War are here depicted and interpreted in their relation to the history of American thought and action Freedom's Ferment divides the movements of the early 1800s into two groups the cults and utopias of varied origins and the humanitarian crusades A wave of revivalistic religions swept the country Here is the story of the Millerites who believed the end of the world would come on October 22 1844 of the Spiritualists Rappites the Mormons the Shakers Many experiments in communal living were instituted by religious groups but others were entirely social in concept Life at Brook Farm in Robert Owen's colony in the Oneida Community and a score of others is interestingly reconstructed Humanitarian reforms and crusades represent the other phase of the movements Tyler exasperated by all the silly twaddle being written about the eccentricities of the early American republic shows these movements and the leaders event the crackpots as manifestations of the American creed of perfectibility Prison and educational reforms work for delinquents and unfortunates crusades for world peace temperance and women's rights flourished All to be overshadowed by the antislavery movement and submerged temporarily by the Civil War Freedom's Ferment pictures the days when the pattern for the American way of life and the fundamentals of the American faith were being set by crusaders who fought for righteousness The changes in our social picture have altered the form of the humanitarian movements but not the purpose Interpretative and critical the book shows the ferment of the period

and the urge to reform found in every phase of life to be the result of the fusion of religious freedom and political democracy

**The Shaker Experience in America** Stephen J. Stein, 1992-01-01 The first general history of the Shakers from their origins in 18th century England to the present day Drawing on written and oral testimony by Shakers over the past two centuries Stein offers a full and often revisionist account of the movement 57 illustrations Community Industries of the Shakers A. D. Emerich, 1983-06-01 Site of the Social Theodore R. Schatzki, 2010-11-01 **Selling Shaker** Stephen Bowe, Peter Richmond, 2007-01-01 The simple yet striking lines of Shaker design grace much of the furniture we see in high end department stores and beautiful examples of it adorn the pages of Architectural Digest and House Beautiful How did this style evolve from its origins in a humble small religious community to the international design phenomenon it is today This illustrated study explores the emergence of the Shaker style and how it was vigorously promoted by scholars and artists into the prominence it now enjoys The heart of the Shaker style lies in the religious movement founded in the eighteenth century where Stephen Bowe and Peter Richmond begin their chronicle From there the authors chart the evolution of the style into the twentieth century particularly in the hands of design media scholars and art institutions These Shaker agents repositioned Shaker style continuously from local vernacular to high culture and then popular culture Drawing on a rich array of sources including museum catalogs contemporary design magazines and scholarly writings **Selling Shaker** illustrates in detail how the Shaker style entered the general design consciousness and how the original aesthetic was gradually diluted into a generic style for a mass audience A wholly original and fascinating study of American design and consumption **Selling Shaker** is a unique resource for collectors scholars and anyone interested in the cultural history of a design aesthetic

*From Shaker Lands and Shaker Hands* M. Stephen Miller, 2007 The definitive volume on Shaker commercial ephemera

## Enjoying the Beat of Expression: An Mental Symphony within **The Community Industries Of The Shakers**

In some sort of taken by displays and the ceaseless chatter of instantaneous conversation, the melodic beauty and emotional symphony produced by the written term often fade into the back ground, eclipsed by the relentless noise and interruptions that permeate our lives. However, nestled within the pages of **The Community Industries Of The Shakers** a marvelous fictional value overflowing with natural emotions, lies an immersive symphony waiting to be embraced. Constructed by an elegant musician of language, that interesting masterpiece conducts viewers on a psychological trip, skillfully unraveling the hidden songs and profound impact resonating within each carefully crafted phrase. Within the depths with this poignant analysis, we shall examine the book is main harmonies, analyze its enthralling publishing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
