

# The Concerto

**Michael Steinberg**

## **The Concerto:**

**The ^AConcerto** Michael Steinberg, 2000-10-26 Michael Steinberg's 1996 volume *The Symphony A Reader's Guide* received glowing reviews across America. It was hailed as wonderfully clear, recommended warmly to music lovers on all levels. *Washington Post* informed and thoughtful, *Chicago Tribune* and composed by a master stylist. *San Francisco Chronicle* Seiji Ozawa wrote that his beautiful and effortless prose speaks from the heart. Michael Tilson Thomas called *The Symphony* an essential book for any concertgoer. Now comes the companion volume *The Concerto A Listener's Guide*. In this marvelous book, Steinberg discusses over 120 works ranging from Johann Sebastian Bach in the 1720s to John Adams in 1994. Readers will find here the heart of the standard repertory among them: Bach's Brandenburg Concertos, eighteen of Mozart's piano concertos, all the concertos of Beethoven and Brahms, and major works by Mendelssohn, Schumann, Liszt, Bruch, Dvorak, Tchaikovsky, Grieg, Elgar, Sibelius, Strauss, and Rachmaninoff. The book also provides luminous introductions to the achievement of twentieth-century masters such as Arnold Schoenberg, Bela Bartok, Igor Stravinsky, Alban Berg, Paul Hindemith, Sergei Prokofiev, Aaron Copland, and Elliott Carter. Steinberg examines the work of these musical giants with unflagging enthusiasm and bright style. He is a master of capturing the expressive, dramatic, and emotional values of the music and of conveying the historical and personal context in which these wondrous works were composed. His writing blends impeccable scholarship, deeply felt love of music, and entertaining whimsy. Here then is a superb journey through one of music's richest and most diverse forms, with Michael Steinberg along as host, guide, and the best of companions. **A**

**History of the Concerto** Michael Thomas Roeder, 1994 *A History of the Concerto* may be read from cover to cover, but readers may also use the extensive index to focus on specific concertos and their composers. Numerous musical examples illuminate critical points. While some readers may want to study the more detailed analyses with scores in hand, this is not essential for an understanding of the text. **The Concerto** Stephan D. Lindeman, 2006 Twelve-tone and serial music were dominant forms of composition following World War II and remained so at least through the mid 1970s. In 1961 Ann Phillips Basart published the pioneering bibliographic work in the field.
