Swatos, 1998 As the new

millennium approaches the sacred and profane interface conflict and intermingle in novel ways The Encyclopedia of Religion and Society provides a guide map for these developments From succinct brief notes to essay length entries it covers world religions religious perspectives on political and social issues and religious leaders and scholars present and past in the United States and the world This comprehensive volume is an essential reference for studies in the anthropology psychology politics and sociology of religion Topics include abortion adolescence African American religious experience anthropology of religion Buddhism commitment conversion definition of religion ecology movement Emile Durkheim ethnicity fundamentalism Hinduism Islam Judaism new religious movements organization parish Talcott Parsons racism research methods Roman Catholicism sexism Unification Church Max Weber and many others

Intellectual Development Robert J. Sternberg, Cynthia A. Berg, 1992-03-27 Books on intellectual development typically separate development into distinct developmental periods the formation of intelligence and basic cognitive skills that occurs until adolescence and the maintenance decline or improvement of these intellectual skills across the adult life span Robert Sternberg and Cynthia Berg have integrated research on these two development periods by bringing together authors that provide a comprehensive overview to the major approaches to intellectual development The authors draw on six different approaches to intellectual development through childhood or adulthood psychometric Piagetian new Piagetian information processing learning and the contextual perspectives Common themes arise within and across particular perspectives which suggests that a more unified view of intellectual development may emerge as boundary lines between perspectives and developmental periods diminish

Encyclopedia of Social Work, 1965 **Risk and Protective Factors in the Development of Psychopathology** Jon Rolf, Ann S. Masten, 1992 Chapters by distinguished investigators in clinical psychology psychiatry and child development many of whose work led to the new developmental model of psychopathology provide a unique review of current research on vulnerability and resistance to disorder

At the Threshold S. Shirley Feldman, Glen R. Elliott, 1990 Presents the findings of the Carnegie Foundation study on adolescence an interdisciplinary synthesis of research into the biological social and psychological changes occurring during this key stage in the life span Focuses on the contexts of adolescent life social and ethnic family and school leisure and work

The Law and Child Development Mavis Maclean, 2017-03-02 This volume asks what legal and socio legal scholarship can contribute to understanding the role of law in the care and development of children The editors have selected key articles ranging from theoretical analysis to empirical data based research that address the law's approach in the United States and the United Kingdom to resolving parenting disputes after separation protecting children from abuse and neglect and affording children procedural protections in the juvenile justice system Their introduction to these important and often distressing areas of the law confirms the importance of understanding how law works in practice and reaffirms that law itself remains responsible for articulating and protecting society's values
