Millenniums ago a man deciding to build a garden was fortunate because he had all that land right outside his door All he had to do is clear out a piece of land and mark it with a boundary wall After that he could go hunting for attractive looking plants in the wild and bring them back

home With a little bit of care and cherishing he would soon have a tame garden of his own But today a large number of us are not so fortunate Space is at a premium Concrete jungles have taken the place of what was once nature s backyard And that is why man is looking for easy options to bring beautiful greenery inside his limited space And so this book is for all those who want to know more about indoor plants how to grow them how to take care of them which are the best plant varieties which flourish indoors and tips and techniques with which you can enjoy not only a relaxing hobby but also greenery around you Until just after the Second World War indoor household plants were limited to ferns palms and potted plants which flowered in season Surely plants like aspidistras were also popular for interior decoration but soon more and more wide ranging varieties and species of foliage parted plants began to be known to keen gardeners This change is due chiefly to the architects who designed postwar buildings on severe lines Gone were the rambling houses with huge gardens Strictly utilitarian designs were utilized by architects to design these houses and flats Frankly speaking most of them were chicken coops The introduction of houseplants in a large variety of colors and fonts provided a flash of color to those austere and severe designs You could relieve the simplicity and the austerity of the home by growing houseplants indoors Thanks to the improved heating and lighting systems many varieties which were once grown in hot houses greenhouses and conservatories would now flourish indoors as houseplants There are many plants which are easier to grow and last for several years

**The Little Book Of House Plants** Luz Hempel,2021-08-24 It can be soothing to care for houseplants and help them grow But it s hard to take good care of your houseplants if you don t know what they are Not all plants are created equal and the ideal care for one plant will quickly cause another to wither That s why houseplant identification is so important In this book you will discover The main types of plants buying advice and the conditions to provide each species You will also learn about the causes for plant problems and pests that affect every grower from time to time whether a beginner or pro The top 20 plants list provided pulls all the advice together and gives you the best plants to gets started with All plants have a description picture and caring instructions to follow And so much more Get your copy today [Houseplants \(mini\)](#) Lisa Eldred

Steinkopf,2019-10-29 What s the best way to nurture your green thumb when you don t have a yard or space Houseplants Now available in a fun gift version this is the guide to raising the best healthiest and happiest potted plants nature has ever seen When you want to raise plants but just don t have the space then it s time to turn to houseplants Offers complete information on the most popular varieties of houseplants along with details on maintenance care and know how so you can easily select the best plants for your lifestyle and space Join the millions of house plant loving enthusiasts in this no yard required hobby without the questions of which potting mix to try what the right level of light you ll need or how to shift your plants as seasons change Houseplants profiles more than 150 different plants and gives you the best techniques to raise them to be happy green and healthy And as you watch them grow you can stimulate your inner botanist with the included information on each plant s Latin family varieties bloom period mature height all illustrated in beautiful four color photos
