Slum Upgrading and Participation

Lessons from Latin America

IVO IMPARATO AND JEFF RUSTER

FOREWORD BY PRESIDENT OSCAR ARIAS

Slum Upgrading And Participation Lessons From Latin America

E Durkheim

Slum Upgrading And Participation Lessons From Latin America:

Slum Upgrading and Participation Ivo IMPARATO, Jeff Ruster, 2003-01-01 The UN currently estimates that there are about 837 million urban slum dwellers worldwide and this figure is likely to rise to 1.5 billion by 2020 if current trends are not reversed This book offers five geographically and institutionally diverse case studies from Latin America where some of the longest running and most successful programmes in this field have been conducted These programmes involving a wide variety of funding arrangements and agencies demonstrate the positive impact that community participation and people oriented service solutions can have on slum upgrading efforts in low income urban areas

Learning from the Slums for the Development of Emerging Cities Jean-Claude Bolay, Jérôme Chenal, Yves Pedrazzini, 2016-07-29 This book deals with slums as a specific question and a central focus in urban planning It radically reverses the official version of the history of world cities as narrated during decades slums are not at the margin of the contemporary process of urbanization they are an integral part of it Taking slums as its central focus and regarding them as symptomatic of the ongoing transformations of the city the book moves to the very heart of the problem in urban planning The book presents 16 case studies that form the basis for a theory of the slum and a concrete development manual for the slum The interdisciplinary approach to analysing slums presented in this volume enables researchers to look at social and economic dimensions as well as at the constructive and spatial aspects of slums Both at the scientific and the pedagogical level it allows one to recognize the efforts of the slum's residents key players in the past and present development of their neighborhoods and to challenge public and private stakeholders on priorities decided in urban planning and their mismatches when compared to the findings of experts and the demands of users Whether one is a planner an architect a developer or simply an inhabitant of an emerging city the presence of slums in one's environment at the same time central and nonetheless incongruous makes a person ask questions Today it is out of the question to be satisfied with the assumption of the marginality of slums or of the incongruous nature of their existence Slums are now fully part of the urban landscape contributing to the identity and the urbanism of cities and their stakeholders

The Urban Poor in Latin America Marianne Fay, 2005 About half of the region's poor live in cities and policy makers across Latin America are increasingly interested in policy advice on how to design programmes and policies to tackle poverty This publication argues that the causes of poverty the nature of deprivation and the policy levers to fight poverty are to a large extent site specific It therefore focuses on strategies to assist the urban poor in making the most of the opportunities offered by cities such as larger labour markets and better services while helping them cope with the negative aspects such as higher housing costs pollution risk of crime and less social capital

The Oxford Handbook of Urban Planning Randall Crane, Rachel Weber, 2015 Why plan How and what do we plan Who plans for whom These three questions are then applied across three major topics in planning States Markets and the Provision of Social Goods The Methods and Substance of Planning and Agency Implementation and Decision Making

Imperialism, Neoliberalism And Social Struggles

in Latin America Richard Alan Dello Buono, José Bell Lara, 2007 This collection focuses on the social consequences of neoliberal crises in Latin America It includes a critical yet sympathetic analysis of ruling leftist governments in the region and discusses the larger constraints facing organized attempts to politically transform the Americas **Analytical**

Perspective of Pro-poor Slum Upgrading Frameworks, 2006 **Beyond Neighbourhood Planning** Andy

Yuille, 2023-06-30 This innovative analysis brings theory research and practice together and gives insights into how and why citizen voices either become effective in or get excluded from neighbourhood planning outcomes **Spatial Mobility of**

Migrant Workers in Beijing, China Ran Liu, 2015-03-30 The great migration of farmers leaving rural China to work and live in big cities as floaters has been an on going debate in China for the past three decades This book probes into the spatial mobility of migrant workers in Beijing and questions the city rights issues beneath the city making movement in contemporary China In revealing and explaining the socio spatial injustice this volume re theorizes the right to the city in the Chinese context since Deng Xiaoping s reforms The policy review census analysis and housing survey are conducted to examine the fate of migrant workers who being the most marginalized group have to move persistently as the city expands and modernizes itself The study also compares the migrant workers with local Pekinese dislocated by inner city renewals and city expansion activities Rapid urban growth and land expropriation of peripheral farmlands have also created a by product of urbanization an informal property development by local farmers in response to rising low cost rental housing demand This is a highly comparable phenomenon with cities in other newly industrialized countries such as S o Paulo Readers will be provided with a good basis in understanding the interplay as well as conflicts between migrant workers housing rights and China s globalizing and branding pursuits of its capital city Audience This book will be of great interest to researchers and policy makers in housing planning governance towards urban informalities rights to the city migrant control and management and housing related conflict resolutions in China today **Energy Efficiency in the Urban Environment**

Heba Allah Essam E. Khalil, Essam E. Khalil, 2015-02-12 Energy Efficiency in the Urban Environment is a study of energy crisis urbanisation and climate change as well as a discussion of how to combat these global challenges With a special focus on Egypt this book addresses the macroscale of urbanism from the perspective of city dwellers quality of life and explores the microscale of buildings and **Local Politics, Global Impacts** Olivier Charnoz, Virginie Diaz Pedregal, 2016-05-06 Serving

as a touchstone for a much needed research program on social scales this volume challenges disciplinary boundaries and brings into focus a paradoxical state of affairs in contemporary thought the domain of local global interactions has not yet been identified as an object of analysis in its own right despite engaging a large multi disciplinary research community with strong potential for cross fertilization Bringing together internationally renowned as well as emerging scholars this book presents concrete case studies framed by theoretical concern with the issue of scale It demonstrates that a diverse array of theoretical methodological and empirical perspectives can productively converge on a common set of problems related to

social temporal and spatial scales and contemporary globalization Local Politics Global Impacts will stimulate empirical and theoretical research that focuses on understanding how political concepts practices and instruments translate across scales and contribute to the emergence of a self aware community of scholars and practitioners focusing explicitly on modelling the dynamics of local regional global interactions **Development Poverty and Politics** Richard Martin,Ashna

Mathema,2009-12-04 Top down bottom up what works This book explores development from the perspective of the poor Who are they What lives do they live What matters to them And most importantly what can they do about it Martin and Mathema debate how people can be given legitimate control of their own environment and how governments can work with them How do communities and conditions drive behavior What interventions are appropriate and how can we approach development imaginatively This is not about usurping governance but revisiting structures that the developed world has come to accept and placing the power of decision in the hands of the people it affects Nor it is about money it s about people and about how we can make our world work for everyone **Guidance Note** Asian Development Bank,2014-10-01 Urbanization will

become one of the defining trends of Asia s transformation in the coming decades Investments in urban areas have a strong potential to contribute to inclusive growth reduce urban poverty and strengthen social resilience The Guidance Note on Poverty and Social Dimensions in Urban Projects aims to assist Asian Development Bank ADB staff including practitioners and specialists working on their behalf to effectively address the poverty and social dimensions of ADB s urban operations It provides practical guidance in strengthening the link between urban investments and poverty reduction by making better use of poverty and social analysis as a resource for successful projects The guide complements the Handbook on Poverty and Social Analysis 2012 which provides general guidance on incorporating poverty and social dimensions in ADB operations

Contributions from the 2nd Annual International Forum 2008 Marc Coester,Dirk Baier,2009 The German Congress on Crime Prevention GCOCP is an annual event that has taken place since 1995 in different German cities and targets all areas of crime prevention Since its foundation the GCOCP has been opened to an international audience with a growing number of non German speaking participants joining To give the international guests their own discussion forum the Annual International Forum AIF within the GCOCP was established in 2007 For non German guests this event offers lectures in English language as well as other activities within the GCOCP that are translated simultaneously This book reflects the input and output of the 2nd Annual International Forum 2008 which took place 2nd and 3rd of June 2008 in Leipzig state of Saxony Firstly lectures of the AIF are printed followed by contributions from participants of the congress The articles reflect worldwide views on crime prevention as well as the current status discussion research and projects in crime prevention from different countries The topics range from prevention of juvenile violence international examples and developments in crime prevention prevention of school shootings social capital and community participation to the results from a workshop within the congress Probation meets Prevention **International Encyclopedia of Housing and Home** ,2012-10-09 Available

online via SciVerse ScienceDirect or in print for a limited time only The International Encyclopedia of Housing and Home Seven Volume Set is the first international reference work for housing scholars and professionals that uses studies in economics and finance psychology social policy sociology anthropology geography architecture law and other disciplines to create an international portrait of housing in all its facets from meanings of home at the microscale to impacts on macro economy This comprehensive work is edited by distinguished housing expert Susan J Smith together with Marja Elsinga Ong Seow Eng Lorna Fox O Mahony and Susan Wachter and a multi disciplinary editorial team of 20 world class scholars in all Working at the cutting edge of their subject liaising with an expert editorial advisory board and engaging with policy makers and professionals the editors have worked for almost five years to secure the quality reach relevance and coherence of this work A broad and inclusive table of contents signals or testifies to detailed investigation of historical and theoretical material as well as in depth analysis of current issues This seven volume set contains over 500 entries listed alphabetically but grouped into seven thematic sections including methods and approaches economics and finance environments home and homelessness institutions policy and welfare and well being Housing professionals both academics and practitioners will find The International Encyclopedia of Housing and Home useful for teaching discovery and research needs International in scope engaging with trends in every world region The editorial board and contributors are drawn from a wide constituency collating expertise from academics policy makers professionals and practitioners and from every key center for housing research Every entry stands alone on its merits and is accessed alphabetically yet each is fully cross referenced and attached to one of seven thematic categories whose wholes far exceed the sum of their parts

Archaeological Heritage in a Modern Urban Landscape Jorge Gamboa, 2015-03-06 Archaeological Heritage in a Modern Urban Landscape evaluates issues about the preservation social role and management of archaeological sites in the Trujillo area north coast of Peru specifically those of the Moche culture 100 800 AD Moche was one of the great civilizations of ancient Peru with spectacular ceremonial adobe architecture and settlements distributed across a landscape formed by coastal valleys and one of the largest deserts of South America In the last decades political and economic changes have brought rural migrations to the city of Trujillo and nearby zones causing the emergence of extensive new communities in the margins of the metropolis And although Trujillo's Moche heritage has become a symbol of regional identity most local Moche sites are under siege because of urban development This book offers a new perspective on the development of modern communities settled beside archaeological sites and contributes to improving best practices in the management of archaeological sites and preservation in an urban setting

Therapeutic Jurisprudence and Overcoming Violence Against Women Halder, Debarati, Jaishankar, K., 2017-02-22 Law is a multi dimensional aspect of modern society that constantly shifts and changes over time In recent years the practice of therapeutic jurisprudence has increased significantly as a valuable discipline Therapeutic Jurisprudence and Overcoming Violence Against Women is a comprehensive reference source for the latest scholarly research on the strategic role of jurisprudential

practices to benefit women and protect women's rights Highlighting a range of perspectives on topics such as reproductive rights workplace safety and victim offender overlap this book is ideally designed for academics practitioners policy makers students and practitioners seeking research on utilizing the law as a social force in modern times

Urban Stormwater Management in Developing Countries J. Parkinson, O. Mark, 2005-09-30 The purpose of this book is to disseminate contemporary knowledge and practical experiences concerning problems and solutions related to urban hydrology and drainage Although the main focus is on developing countries the book draws from experiences in many other parts of the world Based upon numerous practical examples and case studies the book provides information to assist in the management planning and engineering design processes Urban Stormwater Management in Developing Countries covers a wide range of methods and approaches to improve the understanding and ability of local stakeholders to solve stormwater problems within the framework of integrated urban water management As well as structural interventions the book describes various non structural approaches for flood mitigation and pollution control This book encourages the reader to adopt an integrated approach towards stormwater management and considers the importance of institutional arrangements participation of local stakeholders in planning as well as aspects of financing and cost recovery This comprehensive and topical book Addresses the broad range of issues related to urban stormwater management with a specific focus on developing countries Covers the main aspects of planning design operation and maintenance of urban drainage systems as well as socio economic and institutional issues related to urban stormwater management Presents structural and non structural approaches for flood mitigation and pollution control within an integrated water resource management framework Provides extensive examples and case studies of best practice Contents Urbanisation and urban hydrology Impacts of flooding on society Integrated framework for stormwater management Institutional structures and policies Planning for urban stormwater management Approaches to urban drainage system design Ecological approaches to urban drainage system design Applications of computer models Operational performance and maintenance Flood mitigation and response strategies Participation and partnerships Economics and financing Full Contents List 27KB

Affordable Housing in the Urban Global South Jan Bredenoord, Paul Van Lindert, Peer Smets, 2014-06-05 The global increase in the number of slums calls for policies which improve the conditions of the urban poor sustainably This volume provides an extensive overview of current housing policies in Asia Africa and Latin America and presents the facts and trends of recent housing policies The chapters provide ideas and tools for pro poor interventions with respect to the provision of land for housing building materials labour participation and finance The book looks at the role of the various stakeholders involved in such interventions including national and local governments private sector organisations NGOs and Community based Organisations

Handbook of Research on Managing the Urban-Rural Divide Through an Inclusive Framework Popoola, Ayobami Abayomi, Magidimisha-Chipungu, Hangwelani Hope, Chipungu, Lovemore, 2023-02-10 In recent years the growing disparities between rural and urban areas in

developing countries have been a cause of major concern The rural urban gap remains the single most well documented development and welfare disparity in the developing world This gap can be seen in the low economic activities higher poverty levels and lower quality infrastructure and services in rural areas as opposed to urban areas While the magnitude of this rural urban divide is well documented very little has been documented about its impact on inclusive and sustainable urban development The Handbook of Research on Managing the Urban Rural Divide Through an Inclusive Framework aims to capture the spatial and socio economic divide between rural and urban areas and provides a road map to revamping the discussion that surrounds the urban rural sphere Covering key topics such as development food security and rural regions this premier reference source is ideal for policymakers government officials industry professionals researchers academicians practitioners scholars instructors and students

Citizens' Participation in Urban Planning and Development in Iran
Hans-Liudger Dienel, M. Reza Shirazi, Sabine Schröder, Jenny Schmithals, 2017-05-12

During recent years the topic of participation has increasingly been gaining importance in Iran in the scientific field in practice and rhetoric However in current scientific literature and especially in English literature there is little knowledge on the conditions legal background perceptions experiences and processes of citizens participation in Iran This book aims to shed light on the paradoxical question of participation in Iran it is old and new dysfunctioning and functioning disappointing and promising This slippery status of participation convinces scholars to suggest contradictory interpretations and understandings about the existence functionality and potentiality of this concept The book therefore shows the different perspectives interpretations historical developments and case studies of participation in Iran thus giving the reader a kaleidoscope view on the question of participation in Iran
