Small Comrades Lisa A. Kirschenbaum, 2013-09-13 *Small Comrades* is a fascinating examination of Soviet conceptions of childhood and the resulting policies directed toward children Working on the assumption that cultural representations and self representations are not entirely separable this book probes how the Soviet regime s representations structured teachers observations of their pupils and often adults recollections of their childhood The book draws on work that has been done on Soviet schooling and focuses specifically on the development of curricula and institutions but it also examines the wider context of the relationship between the family and the state and to the Bolshevik vision of the children of October **The**

Avant-Garde Picturebook Sara Pankenier Weld, 2018-02-15 *An Ecology of the Russian Avant Garde Picturebook* takes a new approach to interpreting 1920s and 1930s picturebooks by prominent Russian writers artists and intellectuals by examining them within the ecological environment that first made them possible and then led to their demise It argues that naturalistic models of the complex interactions of dynamic systems offer effective tools for understanding the fraught interrelations of art and censorship in the early Soviet period Through illustrative case studies it mounts a close analysis of word and image and their synergistic interplay in avant garde picturebooks while also recontextualizing them within the ecology of their original environment where extraordinary countervailing forces played out a drama of which these books survive as telling artifacts Ultimately it argues that the Russian avant garde picturebook offers a uniquely illustrative example of literary ecology that sheds light on issues of creativity and censorship politics and art more broadly as well

Radical childhoods Jessica Gerrard, 2016-05-16 At a time when education appears to be simply reproducing social class relations *Radical childhoods* offers a timely consideration of how children's and young people's education can confront and challenge social inequality Presenting detailed analysis of archival material and oral testimony the book examines the experiences of students and educators in two schooling initiatives that were connected to two of the most significant social movements in Britain Socialist Sunday Schools est 1892 and Black Saturday Supplementary Schools est 1967 Analysing across time the author explores the ways in which these two very different schooling movements incorporated large numbers of women challenged class and race inequality and attempted to create spaces of emancipatory education independent to the state It argues that despite appearing to be on the margins of the public sphere these schools were important if contested and complex sites of political struggle

Politics of Control Chang-tai Hung, 2021-01-31 Using a unique interdisciplinary cultural institutional analysis *Politics of Control* is the first comprehensive study of how in the early decades of the People's Republic of China the Chinese Communist Party reshaped people's minds using multiple methods of control With newly available archival material internal circulars memoirs interviews and site visits the book explores the fascinating world of mass media book publishing education religion parks museums and architecture during the formative years of the republic When the Communists assumed power in

1949 they projected themselves as not only military victors but also as peace restorers and cultural protectors. Believing that they needed to manage culture in every arena they created an interlocking system of agencies and regulations that was supervised at the center. Documents show however that there was internal conflict. Censors introduced early at the Beijing Daily operated under the twofold leadership of municipal level editors but with final authorization from the Communist Party Propaganda Department. Politics of Control looks behind the office doors where the ideological split between Party chairman Mao Zedong and head of state Liu Shaoqi made pragmatic editors bite their pencil erasers and hope for the best. Book publishing followed a similar multi tier system preventing undesirable texts from getting into the hands of the public. In addition to designing a plan to nurture a new generation of Chinese revolutionaries the party state developed community centers that served as cultural propaganda stations. New urban parks were used to stage political rallies for major campaigns and public trials where threatening sects could be attacked. A fascinating part of the story is the way in which architecture and museums were used to promote ethnic unity under the Chinese party state umbrella. Besides revealing how interlocking systems resulted in a pervasive method of control Politics of Control also examines how this system was influenced by the Soviet Union and how nevertheless Chinese nationalism always took precedence. Chang tai Hung convincingly argues that the PRC's formative period defined the nature of the Communist regime and its future development. The methods of cultural control have changed over time but many continue to have relevance today. *International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences*, 2004. *The British National Bibliography* Arthur James Wells, 2001. Till Kössler, 2015-03-10 Kindheit und Erziehung r ckten nach 1900 in den Mittelpunkt gesellschaftlicher Selbstverständigung. Die Formung neuer Menschen war ein wichtiges Ziel der politischen Massenbewegungen und Regime im frühen 20. Jahrhundert. Dies gilt auch für den spanischen Katholizismus. Till Kössler verfolgt die widersprüchliche Dynamik katholischer Gesellschaftspolitik im Spannungsfeld von Demokratie und totalitärer Diktatur und fragt nach ihrem Wechselspiel mit der urbanen Gesellschaft und Kultur Madrids. In einem breiten historischen Zugriff zeichnet er das Porträt einer Gesellschaft zwischen berschwänglichen Reformhoffnungen und politischen Enttäuschungen und liefert damit einen innovativen Beitrag zur Geschichte der klassischen Moderne in einer bisher weniger beachteten Region Europas. Comrades Brian Moynahan, 1992 From the moment a transvestite murdered the Mad Monk Rasputin to the seizure of power by the Bolsheviks and the subsequent drift to dictatorship this narrative recreates the drama of the 1917 communist revolution in Russia.
