Dénètém Touam Bona, 2022-12-01 Hunting

stories will usually glorify the hunters since it is the hunters who write the stories In this book D n tem Touam Bona takes up the perspective of the hunted using the concept of marronage to highlight the lives and creativity of colonized and subjugated peoples In a format that blends travel diary anthropological inquiry and philosophical and literary reflection he narrates the hidden history of fugues those of the runaway slave the deserting soldier the clandestine migrant and all those who challenged norms and forms of control In the space of the fugue in the folds and retreats of dense and muggy woods runaway countercultures appeared and spread out cultures whose organization and values were diametrically opposed to those of colonial societies Marronage the art of disappearance has never been a more timely topic thwarting surveillance profiling and tracking by the police and by corporations disappearing from databases extending the forest s shadow by the click of a key In our cyberconnected world where control of individuals in real time is increasingly becoming the norm we need to reinvent marronage and recognize the maroon as a universal figure of resistance Beyond its critical dimension this book calls for a cosmo poetics of refuge and aims at rehabilitating the power of dreams and poetry to ward off the confinement of minds and bodies      *Paper Cranes and Mushroom Clouds* Alexandra Perry,2016-08-17 Bernard Williams begins his skeptical look at the history of ethical theory with a reminder of where it began with Socrates question how should one live If ethics aims to address the question of how one should live then the work of historians may just be our greatest source of what Mill called experiments in living or narratives about the different ways in which humans have lived Williams claimed that distance establishes a relativism that prevents us from looking to the distant past and asking whether that is how one should live or whether a particular historical practice constituted living well In contrast R G Collingwood claimed that it is not only possible but necessary to hold the beliefs of distant agents in order to avoid scissors and paste history or history that makes use of inductive generalization Surveying seven decades worth of historical writing on the conflict between the US and Japan during World War II this book explores the ways in which historians use moral statements in their writing and particularly in their accounts of political leadership Specifically it identifies six distinct modes of moral reasoning used in history and contrasts these modes of reasoning with the Kantian Utilitarian and Aristotelian modes of reasoning found in traditional moral philosophy Finally drawing on the philosophy of history of both Williams and Collingwood the book reconciles skepticism with the possibility of using the past to understand how one should live with the historian s need to avoid scissors and paste history      *The Publishers Weekly* ,1894      **Arboretum America** Diana Beresford-Kroeger,2003 Donated by Alain Arts 2010 and autographed by author      **Bulletin** Enoch Pratt Free Library of Baltimore City,1895
