Snake Dancer:

Snake Dancer Vicki Blair, 2019-03-23 At first glance Leslie Les Lewis looks like any other seventeen year old high school senior in Kentucky but she is not she is different Part of the difference stems from her holiness upbringing and the twenty plus venomous snakes living in her basement however her religion and the snakes are not what differentiate her the most That would be her secret sin Four years ago something happened to Les that changed her from being an outgoing carefree dress wearing thirteen year old to being the guarded mature jeans wearing tomboy she is today Tormented day and night by this secret she lives in fear of her sin being exposed So far she has been successful in keeping everything under wraps until she meets and falls for the new good looking young gym teacher Coach Zuzeca Z Coach Z is a member of the Lakota Sioux Indian tribe and has his own secrets When Les and Z get together in this forbidden romance their cultures religions and secrets collide The outcome is a slithering mess

Haunting Bollywood Meheli Sen, 2017-03-01 Haunting Bollywood is a pioneering interdisciplinary inquiry into the supernatural in Hindi cinema that draws from literary criticism postcolonial studies queer theory history and cultural studies Hindi commercial cinema has been invested in the supernatural since its earliest days but only a small segment of these films have been adequately explored in scholarly work this book addresses this gap by focusing on some of Hindi cinema's least explored genres From Gothic ghost films of the 1950s to snake films of the 1970s and 1980s to today's globally influenced zombie and vampire films Meheli Sen delves into what the supernatural is and the varied modalities through which it raises questions of film form history modernity and gender in South Asian public cultures Arguing that the supernatural is dispersed among multiple genres and constantly in conversation with global cinematic forms she demonstrates that it is an especially malleable impulse that routinely pushes Hindi film into new formal and stylistic territories Sen also argues that gender is a particularly accommodating stage on which the supernatural rehearses its most basic compulsions thus the interface between gender and genre provides an exceptionally productive lens into Hindi cinema's negotiation of the modern and the global Haunting Bollywood reveals that the supernatural's unruly energies continually resist containment even as they partake of and sometimes subvert Hindi cinema's most enduring pleasures from songs and stars to myth and melodrama

Ethnomusicology Helen Myers, 1993 Complementing Ethnomusicology An Introduction this volume of studies written by world acknowledged authorities places the subject of ethnomusicology in historical and geographical perspective Part I deals with the intellectual trends that contributed to the birth of the discipline in the period before World War II Organized by

national schools of scholarship the influence of 19th century anthropological theories on the new field of comparative musicology is described In the second half of the book regional experts provide detailed reviews by geographical areas of the current state of ethnomusicological research Dancing Gods Erna Fergusson,1988-04-01 One of the most remarkable features of life in the Southwest is the presence of Native American religious ceremonies in communities that are driving distance from Sunbelt cities Many of these ceremonies are open to the public and Dancing Gods is the best single reference for visitors to dances at the Rio Grande Pueblos Zuni Pueblo the Hopi Mesas and the Navajo and Apache reservations Fergusson s classic guide to New Mexico and Arizona Indian ceremonies is once again available in print It offers background information on the history and religion of the area s Native American peoples and describes the principal public ceremonies and some lesser known dances that are rarely performed Here is information on the major Pueblo rituals the Corn Dance Deer Dance and Eagle Dance as well as various dances at Zuni including the complicated Shalako Fergusson also describes the Hopi bean planting and Niman Kachina ceremonies in addition to the Snake Dance the Navajo Mountain Chant and Night Chant and several Apache ceremonies Still the best of all books about the Indian ceremonials of New Mexico and Arizona perceptive and simple reverent and lucid Lawrence Clark Powell Southwest Classics **The American Monthly Review of Reviews** Albert Shaw,1899 *The American Monthly Review of Reviews* ,1899 *American Monthly Review of Reviews* Albert Shaw,1899 *The Oraibi Powamu Ceremony* George Amos Dorsey, Henry R. Ingersoll,2010 Terra Incognita D H Lawrence at the Frontiers edited by Virginia Crosswhite Hyde and Earl G Ingersoll is a collection of nine essays by scholars from five countries They show ways in which Lawrence explored not only remote regions of the earth but also consciousness and human relations The book also considers implications of terms like frontier boundary and place It gives readings that are the first to utilize new texts and research in the final prose volumes of the Cambridge Lawrence Edition This includes all the essays Lawrence wrote in America about Southwestern and Mexican Indians Mornings in Mexico and Other Essays 2009 Writers are Michael Hollington Judith Ruderman Edina Pereira Crunfli Tina Ferris Virginia Crosswhite Hyde Jack Stewart Keith Cushman Julianne New mark and Paul Poplawski In addition to the essays the book contains eight pages of color illustrations It will interest both general readers and scholars of Lawrence and of twentieth century literature Publisher s website Indians of Arizona Thomas Edwin Farish,1918 History of Arizona beginning with the Spanish explorations connection with the Santa Fe Trail transition of control from Mexico to United States American Indian relations settlement and statehood **History of Arizona** Thomas Edwin Farish,1918 *Snakes, People, and Spirits, Volume One* Robert Hazel,2019-11-05 This two volume publication offers an in depth analysis of ophidian symbolism in Eastern Africa while setting the topic within its regional and historical context namely with regards to the rest of Africa ancient Egypt and Mesopotamia the Greek world ancient Palestine Arabia India and medieval and pre Christian Europe

Through the ages most of those areas have connected with Eastern Africa in a broad sense where ophidian symbolism was as rampant and far reaching if not more so as anywhere else on the continent and perhaps in past civilisations Much as in the wider context snakes were held to be long lived closely related to holes caverns trees and water life and death and credited with a liking for milk Even though ophidian symbolism has always been developed out of the outstanding biological and ethological features of snakes the process of symbolisation which plays a crucial role in the elaboration of cultural systems and the shaping of human experience was inevitably at work This first volume deals with snakes as a zoological category snake symbolism as perceived by encyclopaedists and psychologists and ophidian symbolism as it occurred in ancient civilisations It explores the traditional African scene in general with a view to set the scene for a more proximate baseline for comparison The divide between animals and humans was porous and snakes had a more or less equal footing in both the animal realm and the spiritual world Key features of snake symbolism in traditional Eastern Africa are then examined in detail especially phantasmagorical snakes the rainbow serpent snake totems and snake related witches and ritual leaders among others In Eastern Africa the meanings attributed to snakes were multifaceted and paradoxical Overall the two volumes of this publication show that African snake symbolism broadly echoed the diverse representations of ancient civilisations The widely acknowledged assimilation of snakes to death and Evil is therefore unrepresentative both historically and culturally

The Snakes of Trinidad and Tobago Hans E. A. Boos, 2001 Scientific fact meets island folklore as Hans Boos presents more than sixty species of snakes found in the twin island independent Caribbean nation of Trinidad and Tobago The culmination of thirty years of collecting and observing the snakes of these islands *The Snakes of Trinidad and Tobago* engagingly informs readers about these often feared and misunderstood creatures Tracing the contributions of scientists to the evolving taxonomy of the islands reptiles Boos describes each unique species of snake found on the two islands including local names from two centuries back Species accounts come complete with tales both documented and apocryphal of human encounters with the more dangerous island snakes Forty eight color photographs and fifty black and white photographs and pieces of line art most by the author illustrate the text and aid in identification While tiny Tobago is mercifully devoid of poisonous snakes Trinidad hosts four venomous species including coral snakes and the notorious bushmaster Boos refutes many of the myths about these deadly but usually nonaggressive snakes with information about their habits and behavior He also writes about the giant anaconda and the boa constrictor about which many half truths and fictions abound All snakes bite but only a few species are venomous Boos gives information about what to do and what not to do in the event of a bite and discusses intriguing folk medicine cures such as the Belgian Black Stone sure to work only if a bite was harmless to begin with *The Snakes of Trinidad and Tobago* will find an enthusiastic audience among herpetologists ecologists and other scientists concerned about the snakes and wildlife of Trinidad and Tobago the Caribbean and South America It will also appeal to general readers interested in snakes and in Caribbean folklore Fieldiana ,1903
