Snarling Viscera New Poetry:

Writing Home Elmer Kennedy-Andrews, 2008 The idea of place and of being displaced is a powerful leit motif in Northern Irish poetry It is here explored in depth from the 1960s to the present day Ideas of home place and identity have been continually questioned re imagined and re constructed in Northern Irish poetry Concentrating on the period since the outbreak of the Troubles in the late 1960s this study provides a detailed consideration of the work of several generations of poets from Hewitt and MacNeice to Fiacca and Montague to Simmons Heaney Mahon and Longley to Muldoon Carson Paulin and McGuckian to McDonald Morrissey Gillis and Flynn It traces the extent to which their writing represents a move away from concepts of rootedness and towards a deterritorialized poetics of displacement mobility openness and pluralism in an era of accelerating migration and globalisation In the new readings of place inherited maps are no longer reliable and home is no longer the stable ground of identity but seems instead to be always where it is not The crossing of boundaries and the experience of diaspora open up new understandings of the relations between places a new sense of the permeability and contingency of cultures and new concepts of identity and home Professor ELMER KENNEDY ANDREWS teaches in the Department of English at the University of Ulster *Elizabeth Bishop's Poetics of Intimacy* Victoria Harrison, 1993-01-29 Elizabeth Bishop's *Poetics of Intimacy* a biographical and critical study of one of the great poets of this century offers a fresh look at Bishop's published and unpublished writing over the course of her career Informed by pragmatic post modern and feminist theories Victoria Harrison's study also makes extensive use of Bishop's archives many pieces of which have never been discussed to reveal the process of the poet's writing Harrison explores Bishop's childhood memoirs journals letters Brazilian travel prose unfinished poems and draft material researching dates of undated material and reproducing Bishop's revisions cancellations and idiosyncratic spellings Attentiveness to the detail of this archival writing gives Harrison a broad foundation for arguing that Bishop treats some of our largest concerns family relationships sexuality war and cultural differences within poetry and prose that are intimate but not self revelatory and daily but never ordinary Elizabeth Bishop charges the moments of her writing with the desires fears and passions of her life *Three Crows* Aiye-ko ooto, 2018-09-18 If you ever felt velvet strangling grip of darkness it's suffocating and creepy This anthology ventures the dark Dare follow Aiye Ko ooto into abyss In 50 poems you pry into conspiracy of crows Taking off into the valley Surfeit of Grief in excessive amount of grief conspirators found a sandbox in which to play They tinge our hearts with enough breath to stay alive but no more Why listen to them but why not They wrap fear and shroud hearts in mysteries Soon time to leave Humdrum of Winters contemplate veiled heart's lack of excitement It's dull and prosaic It appears it won't survive Wait until the night rides the sleigh into early dawn Do you In the Twilight Sleep look no further these poems grip So you take flight Flight from Curse of Witches running away from the sufferings invoked The end entreats with Hawk Hound and Hex dwell out there in the dark be weary of eye gouging hawk blood trailing hound and hex mother of all witches Dare you come for the ride **Requiem for**

the Orchard Oliver De la Paz, 2010 These are vivid visceral poems about coming of age in a place where the Ferris Wheel was the tallest thing in the valley where a boy would learn to fire a shotgun at nine and wring a chicken's neck with one hand by twirling the bird and whipping it straight like a towel In spite of such hardscrabble cruelties or because of them there is also a real tenderness in these poems the revelations of bliss driving along an empty highway like opening a heavy book letting the pages feather themselves and finding a dried flower The poet has a gift for rendering his world in cinematic images In short these poems are the stuff of life itself ugly and beautiful wherever or whenever we happen to live it Martin Espada

Writing Poetry in the Dark Stephanie M. Wytovich, 2024-09-11 Writing Poetry in the Dark brings together some of the most successful contemporary genre poets to discuss topics related to creating dark and fantastical poetry While there are countless books available for the aspiring poet there is a lack of resources specifically for and on speculative poetry and with the market thriving publishers who previously did not put out poetry are now adding it to their catalogs requesting it for their anthologies and seeking it for their magazines Given these factors it seemed like the perfect time to put together a guide for dark poets that addresses some of the unique challenges they face such as creating monsters out of white space writing the hybrid poem or subverting folklore in the retelling of a classic tale Included in Writing Poetry in the Dark are recommendations on how to bring fear to the page write from the wound let violence loose channel the weird and tackle the dark side of daily life There are also practical suggestions for exploring different poetic forms and topics ranging from building worlds writing from different points of view and exploring gender and sexuality on the page This book will bring something different to every speculative writer who is interested in exploring poetry with a genre twist and it is our hope that this book will help poetry itself continue to evolve grow and redefine itself in the market for many years to come

The Pleasant Profession of Robert A. Heinlein Farah Mendlesohn, 2019-03-07 Robert A Heinlein began publishing in the 1940s at the dawn of the Golden Age of science fiction and today he is considered one of the genre's big three alongside Arthur C Clarke and Isaac Asimov His short stories were instrumental in developing its structure and rhetoric while novels such as *Stranger in a Strange Land* and *Starship Troopers* demonstrated that such writing could be a vehicle for political argument Heinlein's influence remains strong but his legacy is fiercely contested His vision of the future was sometimes radical sometimes deeply conservative and arguments have flared up recently about which faction has the most significant claim on his ideas In this major critical study Hugo Award winner Farah Mendlesohn carries out a close reading of Heinlein's work including unpublished stories essays and speeches It sets out not to interpret a single book but to think through the arguments Heinlein made over a lifetime about the nature of science fiction about American politics and about himself

Literature in Exile of East and Central Europe Agnieszka Gutthy, 2009 *Literature in Exile of East and Central Europe* is a collection of articles discussing authors whose homelands range from the former Soviet Union to the former Yugoslavia For the purposes of this book East and Central Europe comprise Russia Poland Germany Czech Republic Romania and former

Yugoslavia These writers were exiled as a result of unbearable political climates be it nations of the Communist block including former Yugoslavia torn by its civil wars or in the case of Poland its partitioning by neighboring powers in the nineteenth century No other book has collected such a variety of discussions from this geopolitical region featuring authors who chose exile over the extinguishment of their individuality Organized by theme and geography this book will be of interest to a wide group of readers from the topic of exile to research in Slavic Czech Polish Russian and post Yugoslav Romanian German and comparative literature Literature in Exile of East and Central Europe is a valuable supplement to courses in Eastern and Central European history as well as a primary text for courses in East and Central European literature

,2024-02-06 This rich in depth exploration of Dada's roots in East Central Europe is a vital addition to existing research on Dada and the avant garde Through deeply researched case studies and employing novel theoretical approaches the volume rewrites the history of Dada as a story of cultural and political hybridity border crossings transitions and transgressions across political class and gender lines Dismantling prevailing notions of Dada as a Western movement the contributors to this volume present East Central Europe as the locus of Dada activity and techniques The articles explore how artists from the region pre-figured Dada as well as actively cannibalized that is reabsorbed and further hybridized a range of avant garde techniques thus challenging Western cultural hegemony *Wallace Stevens and the Actual World* Alan Filreis,2014-07-14

The work of Wallace Stevens has been read most widely as poetry concerned with poetry and not with the world in which it was created deemed utterly singular it seems to resist being read as the record of a life and times In this critical biography Alan Filreis presents a detailed challenge to this exceptionalist view as he traces two major periods of Stevens's career from 1939 to 1955 the war years and the postwar years Portraying Stevens as someone whose alternation between cultural comprehension and ignorance was itself characteristically American Filreis examines the poet's impulse to disguise and compress the very fact of his debt to the actual world By actual world Stevens meant historical conditions often in order to impugn his own interest in such externalities as the last resort of a man whose famous interiority made him feel desperately irrelevant In light of events ranging from the U.S. entry into World War II to the Cold War Filreis shows how Stevens was driven to make a close approach to reality in an effort to reconcile his poetic language with a cultural language *Wallace Stevens and the Actual World* is not only an impressive feat of historical recovery and analysis but also a pleasure to read It will be useful to anyone interested in the relationship between American politics and literature during World War II and the Cold War Milton J Bates Marquette University Originally published in 1991 The Princeton Legacy Library uses the latest

Saturday Review of Literature ,1939 The New York Times Biographical Service ,1975 A compilation of current biographical information of general interest *Tony Harrison* Edith Hall,2021-01-14 This is the first book length study of the classicism of Tony Harrison one of the most important contemporary poets in England and the world It argues that his unique and politically radical classicism is inextricable from his core notion that poetry should be a public property in which communal problems are shared and crystallised and that the poet has a responsibility to speak in a public voice about collective and political concerns Enriched by Edith Hall s longstanding friendship with Harrison and involvement with his most recent drama inspired by Euripides *Iphigenia in Tauris* it also asserts that his greatest innovations in both form and style have been direct results of his intense engagements with individual works of ancient literature and his belief that the ancient Greek poetic imagination was inherently radical Tony Harrison s large body of work for which he has won several major and international prizes and which features on the UK National Curriculum ranges widely across long and short poems plays translations and film poems Having studied Classics at Grammar School and University and having translated ancient poets from Aeschylus to Martial and Palladas Harrison has been immersed in the myths history literary forms and authorial voices of Mediterranean antiquity for his entire working life and his classical interests are reflected in every poetic genre he has essayed from epigrams and sonnets to original stage plays translations of Greek drama and Racine to his experimental and harrowing film poems where he has pioneered the welding of tightly cut video materials to tightly phrased verse forms This volume explores the full breadth of his oeuvre offering an insightful new perspective on a writer who has played an important part in shaping our contemporary literary landscape *Facing Fiction* Alyssa M. Whittington,2018-03-05 To Elizabeth Hackett every person is a character every place is a setting and every moment is a scene waiting to be written But when a simple accident leads to debilitating writers block and lands her in psychiatric counseling she is forced to surrender her isolation and reenter the unpredictable uncontrollable world that resides outside the novels she pens With the often unwitting help of her enigmatic counselor Elizabeth tiptoes into a new relationship and for the first time in years finds herself revisiting the events that led to her own broken engagement She begins to examine previously unchallenged plotlines in her past and uncovers holes and truths that make returning to her life of omnipotent authorship impossible To move forward Elizabeth must learn how to exist in a world of tangled relationships abused friendships and imperfect faith **The Antioch Review** John Donald Kingsley,2002 **An Anthology of Winning Works: The 1980s poetry** ,2000 Noveller skuespil og digte fra 1980 erne af filippinske forfattere Captain Beefheart Opher Goodwin,2025-05-09 Captain Beefheart Don Vliet

was undoubtedly the creator of the most bizarre and wonderful music. A child prodigy sculptor, he applied his artistic approach to music, creating aural sculptures. After befriending Frank Zappa in high school, they collaborated on a teenage rock opera and science fiction fantasy film entitled *Captain Beefheart vs The Grunt People*. It was from this film that Don took his name. His Magic Band started out as a blues group in the mid sixties but soon, with lysergic propulsion, surreal poetry, free form jazz, polyrhythms, and African beats, they established themselves at the forefront of West Coast acid rock. A series of hugely inventive albums, including the infamous *Trout Mask Replica*, and some legendary live performances established them as the foremost avant garde rock band. Few bands were as influential: with The Beatles, The Fall, PJ Harvey, and Tom Waits, all paying homage, and as a result, The Magic Band have inspired a myriad of tribute bands and created a mythology like no other. This book sets the history of the band in context, analysing every track and attempting to interpret both the music and Don Vliet's poetry. It is essential reading for diehard fans and the Beefheart curious alike. Opher Goodwin is the author of many books on rock music and science fiction and taught the first History of Rock Music classes in the UK. He was fortunate to spend the sixties in London, the epicentre for the underground explosion of rock music and culture, where he was able to see everyone from Pink Floyd, Hendrix, and Cream to The Doors, Captain Beefheart, and Roy Harper. He was introduced to Captain Beefheart in 1967 and attended that first amazing gig at Middle Earth. He never fully recovered but now lives happily in East Yorkshire, UK.
