Caw I try to hold my sleep against the dawn I sleep against the outside light where crows nuns and Sergeants priests and colonels conspire in the brightening yard calling me from play calling me from flight back through the pillow calling me from flight beyond Saigon beyond Hanoi and Seoul calling me from flight I fly high beyond the call cursing God for every shattered wall I sleep against the clarifying day against a plebiscite of murdered selves forgotten relatives and mean authorities bleeding friends parents and parishioners conspiring with a squad of crows to call me back again to call me down to call me back to call and call and call There is nothing uncertain about the art of Harry Staley Technically his work is masterful Yet technique no matter how superb is not enough Ultimately it is vision and commitment to it that separates pretenders from legitimate heirs If this volume of collected poems is daunting in its iconography its historicity and its Joycean wordplay its rewards for the persistent reader are clear a deep compassion heightened into grace through the powerful medium of a pesky art called poetry From the Introduction The Pesky Art of Harry Staley by George Drew The portrait of the speaker in the majority of these poems is one of a man conflicted in his religious faith in his faith in his fellow human community in the wars that religion has persuaded his fellow humans to take part in and which he is not only witness to but a participant in although in an ironic fashion that plagues him These poems subtly and quietly promote a way of seeing and participating in the world Offered in the context of Roman Catholicism and war Staley demonstrates an understanding that is deeply spiritual yet does not yield to easy forgiving answers His poems do not obfuscate or push the reader away through elliptical flurries of thought or unfamiliar although the language play is a real pleasure not only sending us into flights of linguistic fancy but ruminative space for pondering the conundrums of existence in wartime Todd Davis      **The British National Bibliography** Arthur James Wells, 1999      *Children's Books in Print, 2007*, 2006      **The Writers Directory 2008** Michelle Kazensky, 2007-06

Hans Andersen's Fairy Tales is a captivating collection that showcases the imaginative narratives and moral depth characteristic of Hans Christian Andersen's work. Blending elements of fantasy with poignant social commentary, Andersen's tales such as *The Little Mermaid* and *The Ugly Duckling* embody the spirit of 19th-century European romanticism while also revealing the human condition's complexities. His lyrical prose and vivid imagery invite readers into fantastical worlds yet each story conveys universal truths about love, identity, and the passage of time, reflecting the author's keen observations of societal norms and personal struggles. Hans Christian Andersen, born in Denmark in 1805, faced a tumultuous childhood marked by poverty and hardship. These experiences profoundly influenced his storytelling, allowing him to weave empathy into his narratives which transcend cultural boundaries. His unique position as a storyteller who oscillated between the worlds of childlike wonder and adult profundity has established him as a pioneer in the realm of modern fairy tales. His extensive travels and encounters with various cultures further enriched his creative palette, enabling him to craft tales that resonate universally. This anthology is essential for lovers of literature, art, and folklore who seek to explore the delicate interplay between fantasy and reality. Andersen's timeless fairy tales not only entertain but also challenge readers to reflect on their own lives and aspirations, making this collection a must-read for both the young and the young at heart.      *Danish*
