## **Snipercraft The Art Of Police Sniping:**

**Stalkers and Shooters** Kevin Dockery, 2007-07-03 Now in paperback From the author of the Navy SEALs Oral History series an intimate look at the world's most efficient and deadly warriors Snipers have a rich history This fascinating book follows their tasks and techniques from the Revolutionary and Civil Wars through both World Wars to the Korean War and Vietnam the genesis of modern sniping to the current conflicts in the Middle East Also readers will see how sniping has evolved on the civilian side in law enforcement Readers will learn about the tools of the trade but most importantly they will hear from the experts themselves military snipers as well as civilian police and SWAT snipers Capturing the suspense and action of the hunt the words of these men draw readers into the close knit little known world of men who need only one bullet to get the job done

**Snipercraft** John Simpson, 2013-11-01 For more than three decades John Simpson has been teaching sniping to military and police civilian shooters As a staff instructor for Snipercraft and the Director of Precision Rifle Programs for Richland Group's James River Training System as well as a former adjunct instructor for sniping at both the Smith Wesson and SigArms academies Simpson observed over and over that many of the shooters who show up for sniping school lack the marksmanship fundamentals that are essential for success as a professional sniper Simpson wrote Snipercraft for shooters who want to solidify their marksmanship fundamentals in preparation for attending sniper school or a sniping course In plain nontechnical language it lays the foundation for making a hit every time with your rifle on a four inch diameter cranial target when the target is not cooperating with you It's impossible to learn how to shoot well by simply reading a book but you can definitely learn to make precision rifle shots with the help of what's in this book Its target audience is tactical shooters not target shooters who are preparing to take their rifle marksmanship to a new level

Foundations of Sniper Marksmanship John C. Simpson, 2019 This book is more weighted toward the marksmanship side of things This is because it's important to establish a solid foundation of training in the classic marksmanship positions before you start to worry about tactical application As described in the last few editions of the American Sniper Association Sniper Utilization Survey police snipers have made successful shots against bad guys from the prone sitting kneeling and standing positions It's hoped that you are reading this because you want to prepare ahead of time to attend a Snipercraft Basic or Advanced Sniper Course because that's the intended audience of this handbook however this text will help prepare you for any good police sniper school Provided by publisher *Police Sniper Training and Operations*, 2008 This manual covers the basics as they apply to police snipers But the strength of this book is that it goes much further actually preparing the sniper for his job by providing him with realistic practical information gleaned from thousands of callouts From introduction

**The Ultimate Sniper** John L. Plaster, 1993 This highly readable and extremely valuable training book covers the practical field tested details of sniping's three great skill areas marksmanship fieldcraft and tactics Rifles scopes ballistics target detection stalking hides cammo countersniping special ops police vs military and much more *100+ Sniper*

*Exercises* Eduardo Abril de Fontcuberta, 2013-01-01 A professional sniper needs to accomplish three things to do his job be predictable repeatable and precise To help achieve that goal veteran sniping instructor and competitive long range shooter Eduardo Abril de Fontcuberta has collected dozens of exercises from elite military and police sniping programs and organized them into a complete training course Now snipers instructors and even civilian long range target shooters can develop and assess their performance individually or as a unit and meet the standards of the best snipers in the world The exercises in this book from the U S Marines and U S Army U S Navy SEALs Spanish Foreign Legion Swedish Marines Gunsite Snipercraft and many other top sniping programs cover the entire spectrum of the professional sniper s skill set including close range and known distance shooting testing cold bore zeros target identification knowing your limits long range shooting range estimation ballistics and wind reading hard target interdiction complex and skills oriented exercises accuracy under stress simultaneous engagements shooting through glass angle shooting shooting through loopholes nonshooting requirements communications camouflage and observation land navigation tactical medicine survival and tracking The author wraps up with his recommendations for sniper competitions schools instructors and equipment Whether you need stand alone training drills or a complete course in tactical marksmanship you will get it with the exercises in this book
