Snowshoeing Through Sewers Adventures In New York City New Jersey And Philadelphia:

Snowshoeing Through Sewers Michael Aaron Rockland, 1994 When Daniel Boone heard a neighbor's dog bark he moved West But when there's no Wild West left where is adventure to be found Michael Aaron Rockland looks for adventure in the megalopolis not where no one has been but where no one wishes to go across traffic clogged cities the parking lots of wall to wall suburban malls and the sinister waterways that seep through rusting industrial sites In these ten alternately poetic and comic tales of adventure in the New York Philadelphia corridor the most densely populated chunk of America Rockland walks and bikes areas meant only for cars and paddles through waters capable of dissolving canoes He hikes the length of New York's Broadway camps in New York City treks across Philadelphia pedals among the tractor trailers of Route 1 in New Jersey and paddles around Manhattan and through the dark tunnels under Trenton Whereas Henry David Thoreau built his cabin on Walden Pond to get out of town for Rockland the challenge is to head into town As he writes in the late twentieth century a weed and trash filled city lot may be a better place than the wilderness to contemplate one's relationship to nature

Nature Writing Don Scheese, 2013-10-28 In this comprehensive study of the genre Don Scheese traces its evolution from the pastoralism evident in the natural history observations of Aristotle and the poetry of Virgil to current American writers He documents the emergence of the modern form of nature writing as a reaction to industrialization Scheese's personal observations of natural settings sharpen the reader's understanding of the dynamics between author and locale His study is further informed by ample use of illustrations and close readings core writers such as Thoreau John Muir and Mary Austin showing how each writer's work exemplifies the pastoral tradition and celebrate a spirit of place in the United States

America Fred Setterberg, 1999 A portrait of the nation through tales of travelers who have traversed the breadth and depth of America the beautiful **City Wilds** Terrell Dixon, 2002 The assumptions we make about nature writing too often lead us to see it only as a literature about wilderness or rural areas This anthology broadens our awareness of American nature writing by featuring the flora fauna geology and climate that enrich and shape urban life Set in neither pristine nor exotic environs these stories and essays take us to rivers parks vacant lots lakes gardens and zoos as they convey nature's rich disregard of city limits signs With writings by women and men from cities in all regions of the country and from different ethnic traditions the anthology reflects the geographic differences and multicultural makeup of our cities Works by well known and emerging contemporary writers are included as well as pieces from important twentieth century urban nature writers Since more than 80 percent of Americans now live in urban areas we need to enlarge our environmental concerns to encompass urban nature By focusing on urban nature writing the selections in *City Wilds* can help develop a more inclusive environmental consciousness one that includes both the nature we see on a day to day basis and how such nearby nature is viewed by writers from diverse cultural backgrounds *New Jersey Outdoors*, 1995 **Image Identity Reality** Biljana Dorić-Francuski, 2011-05-25 This book is a result of the international conference English Language and Literature Studies

Image Identity Reality ELLSIIR held at the English Department of the Belgrade Faculty of Philology to mark its 80th Anniversary The conference covered a wide range of topics from extremely diverse fields namely theoretical linguistics applied language studies literature and cultural studies This book comprises papers covering all of these areas divided into three sections according to the shared topic Image Identity and Reality Owing to its interdisciplinarity its argumentative and theoretically founded wealth of knowledge and the outstandingly interesting topics the book will be very useful for academic study and a valuable resource in understanding the range of subjects covered in its three chapters not only to experts interested in scholarly research but also to the general public as a reliable and trustworthy source of information *The Publishers Weekly* ,1994 **Cassette Books** Library of Congress. National Library Service for the Blind and Physically Handicapped,1978 **Talking Book Topics** ,1996 **Earth Works** Jim Dwyer,1996 Earth Works is the only comprehensive guide available to the best new and classic books about nature and the environment for adults and YAs It provides descriptive entries for trade nonfiction and scholarly or technical books and a significant number of fiction titles which are of interest to both the general public and specialists Each chapter defines its scope then identifies key books or authors and refers to notable related works in other chapters *Library Journal* ,1994-07 *The Cumulative Book Index* ,1996 A world list of books in the English language
