with the cooperation of his widow Nancy Ghost Birds recounts in fascinating detail the scientist's dogged quest for the ivory bill as he chased down leads in eight southern states With Stephen Lyn Bales as our guide we experience the same awe and excitement that Tanner felt when he returned to the Louisiana wetland he had visited earlier and was able to observe and document several of the ghost birds including a nestling that he handled banded and photographed at close range Investigating the ivory bill was particularly urgent because it was a fast vanishing species the victim of indiscriminant specimen hunting and widespread logging that was destroying its habitat As sightings became rarer and rarer in the decades following Tanner's remarkable research the bird was feared to have become extinct Since 2005 reports of sightings in Arkansas and Florida made headlines and have given new hope to ornithologists and bird lovers although extensive subsequent investigations have yet to produce definitive confirmation Before he died in 1991 Jim Tanner himself had come to believe that the majestic woodpeckers were probably gone forever but he remained hopeful that someone would prove him wrong This book fully captures Tanner's determined spirit as he tracked down what was then as now one of ornithology's true Holy Grails STEPHEN LYN BALES is a naturalist at the Ijams Nature Center in Knoxville Tennessee He is the author of Natural Histories published by UT Press in 2007

Stories of Nature
,1916 *Bird Stories* Robert J. Sim, *Our Dumb Animals* ,1911 *Our Vanishing Wild Life* William T. Hornaday,2020-07-28 Reproduction of the original *Our Vanishing Wild Life* by William T Hornaday

Our Vanishing Wild Life William Temple Hornaday,1913 William Temple Hornaday was the Director of the New York Zoological Society and the nation s leading advocate of wildlife conservation in this era This unsparing manifesto was written to accompany Hornaday s launching of the Permanent Wildlife Protection Fund it is thus in the words of the historian Stephen Fox both a campaign

tract and one of the first books wholly devoted to endangered wild animals John Muir and His Legacy The American Conservation Movement Boston Little Brown and Company 1981 p 149 It is also a landmark of conservation history which had a profound effect on the thought of Aldo Leopold among others The book surveys the history and causes of wildlife destruction in America and elsewhere and sets forth a lengthy program to ensure the protection of remaining wildlife for the future often in militant and moralistic terms The work also throws light on some of the complexities inherent in the conservation movement at this time for example Hornaday accepts the classification of certain bird and mammalian predators as noxious or vermin and appropriate for destruction pp 77 81 there is no criticism here of the massive campaign for the extermination of wolves and coyotes being sponsored at the time by the Bureau of Biological Survey On a more general level Hornaday's fulminations against Italian immigrants as incorrigible bird killers suggest a connection between nativism and conservationism while his excoriations of market hunters set forth a deeply rooted class bias shared by many leading conservationists Bulletin - Iowa Ornithologists's Union, 1931 American Environmental History Carolyn Merchant, 2007 By studying the many ways diverse peoples have changed shaped and conserved the natural world over time environmental historians provide insight into humanity's unique relationship with nature and more importantly are better able to understand the origins of our current environmental crisis Beginning with the precolonial land use practice of Native Americans and concluding with our twenty first century concerns over our global ecological crisis American Environmental History addresses contentious issues such as the preservation of the wilderness the expulsion of native peoples from national parks and population growth and considers the formative forces of gender race and class Entries address a range of topics from the impact of rice cultivation slavery and the growth of the automobile suburb to the effects of the Russian sea otter trade Columbia River salmon fisheries the environmental justice movement and globalization This illustrated reference is an essential companion for students interested in the ongoing transformation of the American landscape and the conflicts over its resources and conservation It makes rich use of the tools and resources climatic and geological data court records archaeological digs and the writings of naturalists that environmental historians rely on to conduct their research The volume also includes a compendium of significant people concepts events agencies and legislation and an extensive bibliography of critical films books and Web sites **Feathers and Facts. A Reply to the Feather-trade, and Review of Facts with Reference to the Persecution of Birds for Their Plumage ...** Royal Society for the Protection of Birds, 1911

Gray Lady and the Birds: Stories of the Bird Year for Home and School Mabel Osgood Wright, 2021-11-05 In *Gray Lady and the Birds* Stories of the Bird Year for Home and School Mabel Osgood Wright deftly intertwines narrative and naturalism offering a series of vignettes that illuminate the dynamic relationship between humans and avian life through the changing seasons Written in a lyrical prose that evokes the charm of early 20th century children's literature the book not only serves as an educational guide on birdwatching but also as a celebration of nature's beauty Each story is meticulously crafted to

inspire a sense of wonder and stewardship for the environment reflecting the broader literary movement of the time that favored nature writing and environmental awareness Mabel Osgood Wright renowned for her contributions to nature literature and as a pioneering author of children s books drew upon her own profound passion for ornithology and ecology influenced by the naturalist movement emerging in her era Her background in both literature and the sciences uniquely positioned her to articulate the intricate connections between humanity and the avian world promoting conservationist ideals long before they became mainstream I highly recommend *Gray Lady and the Birds* to educators parents and nature enthusiasts alike This engaging collection not only provides captivating stories but also imbues readers with a deeper appreciation for avifauna encouraging a lifelong fascination with the natural world

Illustration: A Concise History Andrew Hall,2025-03-06 *Illustration A Concise History* is a dynamic visual journey through the landscape of illustration that maps the evolution of the discipline from the industrial revolution to the post digital age and showcases over 180 of its most iconic practitioners including Laura Knight Antonio Lopez K the Kollwitz and Hayao Miyazaki By contextualizing the subject within a framework of key political events cultural innovations and technological advances Andrew Hall redefines how we might think about illustration and the place that it has in our ever evolving global network The second half of this introductory volume follows on from the ten chapters charting the chronology of illustration to provide a more in depth look at its specific commercial genres across eleven feature sections each including mini histories practical career advice and biographies of inspirational practitioners who operated within the field
