## **So Monstrous A Travesty Chris Watson And The Worlds First National Labor Government:**

Sir William Rooke Creswell and the Foundation of the Australian Navy Sheila Dwyer, 2014-03-26 The six Australian colonies united on 1st January 1901 to become the Commonwealth of Australia One of the reasons given for this federation was that the Commonwealth could provide a common defence William Rooke Creswell argued that as an island continent Australia could not defend itself without a navy He saw no point in having a 70 000 strong army if only one enemy battleship could destroy port cities and disrupt maritime trade and sea communications Creswell was not alone in his campaign to establish a navy for Australia but he was the one constant advocate throughout the years from his first proposals on a navy for Australia in 1886 to when the first ships of the Australian Fleet sailed into Sydney Harbour in October 1913 *The Transnational Activist* Stefan Berger, Sean Scalmer, 2017-11-28 This book provides the first historical and comparative study of the transnational activist A range of important recent scholarship has considered the rise of global social movements the presence of transnational networks and the transfer or diffusion of political techniques Much of this writing has registered the pivotal role of transnational or global activists However if the significance of the transnational activist is now routinely acknowledged then the history of this actor is still something of a mystery Most commentators have associated the figure with contemporary history Hence much of the debate around transnational activism is ahistorical and claims for novelty are not often based on developed historical comparison As this volume argues it is possible to identify the transnational activist in earlier decades and even centuries But when did this figure first appear What are the historical conditions that nurtured its emergence What are the principal moments in the development of the transnational activist And do the transnational activists of the Internet age differ in number or nature from those of earlier years These historical questions will be at the heart of this volume **The Australian Study of Politics** R. Rhodes, 2009-11-11 The Australian Study of Politics provides the first comprehensive reference book on the history of the study of politics in Australia whether described as political studies or political science It focuses on Australia and on developments since WWII also exploring the historical roots of each major subfield **Confusion** Nicholas Dyrenfurth, 2009 CONFUSION revisits the seminal moment when liberals threw in their lot with the conservatives In CONFUSION some of Australia's foremost political historians including Marian Quartly and Stuart Macintyre revisit the seminal moment when liberals threw in their lot with the conservatives In May 1909 Alfred Deakin the radical liberal doyen struck an agreement for a controversial fusion with the anti Labor factions with the new grouping later adopting the name Liberal Party After a heated campaign Labor won the 1910 election forming the first majority government in the history of the Commonwealth How had this occurred For most of the previous decade Labor and Deakin had been allies Was the anti Labor alliance the inevitable outcome of middle class men rallying against the growing electoral might of the workers party What were the long term consequences for both sides of politics With Labor in power federally and in all but one state the non Labor side of politics has been plunged into a period of introspection about its

coalition arrangements and about the legitimate traditions of Australian liberalism Can the current Liberals learn from the events of a century ago      So Monstrous a Travesty Ross McMullin, 2004 A century ago Australia led the world in progressive social initiatives Admiring visitors crossed the globe to inspect this advanced social laboratory Chris Watson's 1904 ministry the culmination of Australian Labor's astonishingly rapid rise was the first national Labor government in the world This book is the story of that pioneering government Its accomplished prime minister little known today led a cabinet that included two future prime ministers together with a practically blind ex labourer and a defence minister who feuded with the British commander in chief of Australia's defence forces Watson's cabinet also included the only MP to serve in a Labor ministry without being a member of the Labor Party and the only MP to be expelled from Australia's federal parliament This book explains how the government came to office assesses its record and achievements analyses its defeat and illuminates its place in Australian history      Becoming John Curtin and James Scullin Liam Byrne, 2020-06-02 Before becoming the prime ministers who led Australia in moments of extraordinary crisis and transformation John Curtin and James Scullin were two young working class men who dreamt of changing their country for the better Becoming John Curtin and James Scullin tells the tale of their intertwined early lives as both men became labour intellectuals and powerbrokers at the beginning of the twentieth century It reveals the underappreciated role each man played in the events that defined the modern Australian Labor Party its first experience of national government the turmoil of war the great conscription clash and party split of 1916 and the heated debates over the party's socialist objective Becoming John Curtin and James Scullin shows how they became the leaders that history knows best by painting a portrait of two young men struggling to establish their identities and find their place in the world It tells of their great friendships loves and passions and reminds us that these were real men with real weaknesses desires and dreams It explains how their early political careers set the scene for their later prime ministerships as they honed the techniques of power that led them to the summit of Australian politics This is the story of two young men striving to better the world they had inherited a story of optimism and hope with enduring relevance for today's troubled politics      Neither Power Nor Glory Paul Strangio, 2012-06-01 When Frank Hardy published *Power Without Glory* his notorious novel about corruption and venality in the Victorian Labor Party it quickly came to be seen as a true account of the party Until now there has been no authoritative chronicle of the struggles of political Labor in Victoria from its origins in the mid nineteenth century through to the calamitous split of the 1950s By conventional measures these were fallow years Ensnared by the colony's powerful liberal protectionist tradition in the late nineteenth century Victorian Labor then found itself hindered by a grossly unfair electoral system and the lack of a constituency outside Melbourne's industrial suburbs But exile from government also meant that the party developed its own distinctive traditions and culture It was a unique and intriguing species among the state Labor parties Meticulously researched and elegantly written *Neither Power Nor Glory* fills an important gap in Australian political history and our understanding of the Labor Party It is also a

timely antidote to nostalgia about Labor's past In Victoria at least that past was anything but golden **WINNER OF THE 2013 HENRY MAYER PRIZE** **Whitlam's Children** Shaun Crowe, 2018-09-17 Over the past three decades progressive politics in Australia has undergone a gradual but unmistakable transformation Where the Australian Labor Party once enjoyed dominance over the political left it now shares space with the Greens at times depending on minor party support to form government and even more often to pass contentious legislation Based on over forty interviews with politicians and party figures Whitlam's Children is the first study of this increasingly important relationship in Australian politics Did previous attempts at cooperation particularly minority government under Julia Gillard deliver successful government and how do each judge the experiment in hindsight Why are certain policy areas like refugee settlement and environmental policy so stubborn and divisive And will we ever see a more lasting coalition on the Australian left to mirror the established arrangement on the Australian right While revealing a variety of perspectives even within parties the research uncovers a productive if often hostile relationship united by a series of shared values but divided by different approaches to politics elections and parliament Featuring a preface by Geoff Gallop **Labour History**, 2004 *Andrew Fisher* Peter Bastian, 2010-09 Hoping to set the record straight this biography asks why one of Australia's greatest reformers has sunk into obscurity Calling for a reevaluation of Andrew Fisher's career the discussion reveals the skill with which he led the Australian Labor Party in its early years and the political will he demonstrated as prime minister in three separate *Drawing the Global Colour Line* Marilyn Lake, Henry Reynolds, 2008-01-24 In 1900 W E B DuBois prophesied that the colour line would be the key problem of the twentieth century and he later identified one of its key dynamics the new religion of whiteness that was sweeping the world Whereas most historians have confined their studies of race relations to a national framework this book studies the transnational circulation of people and ideas racial knowledge and technologies that underpinned the construction of self-styled white men's countries from South Africa to North America and Australasia Marilyn Lake and Henry Reynolds show how in the late nineteenth century and early twentieth century these countries worked in solidarity to exclude those they defined as not white actions that provoked a long international struggle for racial equality Their findings make clear the centrality of struggles around mobility and sovereignty to modern formulations of both race and human rights **Australia 1942** Peter Dean, 2013 This book explores the way in which Australia confronted the challenge of the shadow of war in 1942 **Blackburns** Carolyn Rasmussen, 2019-03-05 When socialist barrister and aspiring member of parliament Maurice Blackburn met Doris Hordern ardent feminist and campaign secretary to Vida Goldstein neither had marriage in their imagined futures But they fell in love with each other as much as with their individual aspirations to change the world for the better Theirs would be an exacting partnership as they held one another to the highest ideals They worked as elected members of parliaments and community activists influencing conscription laws benefits for working men and women atomic bomb tests civil rights and Indigenous recognition Together they shook Australia *Australian Book Review*, 2004

**Capital** Kristin Otto, 2009 In 1901 the Australian colonies came together to form a new nation which for the next twenty six years was governed from Melbourne It was a small city a place where people knew each other not just the people who mattered but those who didn't yet where small changes loomed large and the import of big changes could scarcely be imagined Yet in the extraordinary first quarter of the twentieth century the world lurched headlong into a new era And this overgrown town in all but name the nation's capital oversaw the birth of modern Australia In **Capital** Kristin Otto describes how it happened She looks at the developments that shaped the world we know today from the story of Helena Rubinstein and the invention of the cosmetics industry to the world's first feature film to confectionery king Mac Robertson packaging pioneer and author of the city's first motor car fatality And she traces with the lightest of touches the web of influence friendship and sheer coincidence that held it all together For anyone who knows Melbourne **Capital** will be a fascinating conversation with an old friend For anyone who doesn't it will be a compelling introduction to a new one **Will Dyson** Ross McMullin, 2006 Will Dyson 1880-1938 was a brilliant and versatile artist and much more besides His prodigious talents struggled to find a niche in Australia but he burst into prominence with cartoons of extraordinary vigour and resource on the London Daily Herald These whole page cartoons with wordy witty captions were revered by workers and intellectuals alike Dyson was also a talented writer a scintillating humourist and an arresting speaker A stunning overnight success he was described as the most famous Australian in the world In 1916 Dyson became Australia's first official war artist His drawings of profound empathy and sympathy remain a unique record of the Western Front experience Once again he complemented his art with exquisite writing Returning to Australia in 1925 he took up etching to international acclaim confirming that whatever he did he did well Absorbing illuminating and lavishly illustrated this is a fascinating story of the life and times of a remarkable and under recognised Australian American Book Publishing Record, 2005
