*Soaring to Glory* Philip Handleman, 2019-06-04 This book is a masterpiece It captures the essence of the Tuskegee Airmen s experience from the perspective of one who lived it The action sequences make me feel I m back in the cockpit of my P 51C Kitten If you want to know what it was like fighting German interceptors in European skies while winning equal opportunity at home be sure to read this book Colonel Charles E McGee USAF ret former president Tuskegee Airmen Inc All Americans owe Harry Stewart Jr and his fellow airmen a huge debt for defending our country during World War II In addition they have inspired generations of African American youth to follow their dreams Henry Louis Gates Jr Alphonse Fletcher University Professor Harvard University He had to sit in a segregated rail car on the journey to Army basic training in Mississippi in 1943 But two years later the twenty year old African American from New York was at the controls of a P 51 prowling for Luftwaffe aircraft at five thousand feet over the Austrian countryside By the end of World War II he had done something that nobody could take away from him He had become an American hero This is the remarkable true story of Lt Col Harry Stewart Jr one of the last surviving Tuskegee Airmen pilots who experienced air combat during World War II Award winning aviation writer Philip Handleman recreates the harrowing action and heart pounding drama of Stewart s combat missions including the legendary mission in which Stewart downed three enemy fighters *Soaring to Glory* also reveals the cruel injustices Stewart and his fellow Tuskegee Airmen faced during their wartime service and upon return home after the war Stewart s heroism was not celebrated as it should have been in postwar America but now his boundless courage and determination will never be forgotten

*Father of the Tuskegee Airmen, John C. Robinson* Phillip Thomas Tucker, 2012-02-01 Across black America during the Golden Age of Aviation John C Robinson was widely acclaimed as the

long awaited black Lindbergh Robinson's fame which rivaled that of Joe Louis and Jesse Owens came primarily from his wartime role as the commander of the Imperial Ethiopian Air Force after Italy invaded Ethiopia in 1935. As the only African American who served during the war's entirety, the Mississippi born Robinson garnered widespread recognition sparking an interest in aviation for young black men and women. Known as the Brown Condor of Ethiopia, he provided a symbolic moral example to an entire generation of African Americans. While white America remained isolationist, Robinson fought on his own initiative against the march of fascism to protect Africa's only independent black nation. Robinson's wartime role in Ethiopia made him America's foremost black aviator. Robinson made other important contributions that predated the Italo Ethiopian War. After graduating from Tuskegee Institute, Robinson led the way in breaking racial barriers in Chicago, becoming the first black student and teacher at one of the most prestigious aeronautical schools in the United States, the Curtiss Wright Aeronautical School. In May 1934, Robinson first planted the seed for the establishment of an aviation school at Tuskegee Institute. While Robinson's involvement with Tuskegee was only a small part of his overall contribution to opening the door for blacks in aviation, the success of the Tuskegee Airmen, the first African American military aviators in the U.S. armed forces, is one of the most recognized achievements in twentieth century African American history.
