One can say that the specific theory of humanistic social work is a conglomerate of theories paradigms orientations but which have some crucial ideas as vectors the person client as

personality as human being with sentiments soul desires sufferings needs of love needs of happiness and accomplishments emphasis on personality and compathetical micro community as basic resources of practice positive optimistic and appreciative expectation in practice person centered and microcommunity centered approach in evaluation and intervention concentration on the future and not on the past the human rights social justice a humanistic perspective on the practitioner and his conducts in practice Classical Culture and the Idea of Rome in Eighteenth-Century England Philip Ayres, 1997-08-28 This book looks at the aristocratic adoption of Roman ideals in eighteenth century English culture **History of Women's Political Thought in Europe, 1700-1800** Karen Green, 2014-12-04 This book explores and examines the political philosophies of enlightenment women across Europe in the eighteenth century The Emergence of Modern **Aesthetic Theory** Simon Grote, 2017-10-26 Broad in its geographic scope and yet grounded in original archival research this book situates the inception of modern aesthetic theory the philosophical analysis of art and beauty in theological contexts that are crucial to explaining why it arose Simon Grote presents seminal aesthetic theories of the German and Scottish Enlightenments as outgrowths of a quintessentially Enlightenment project the search for a natural foundation of morality and a means of helping naturally self interested human beings transcend their own self interest This conclusion represents an important alternative to the standard history of aesthetics as a series of preludes to the achievements of Immanuel Kant as well as a reinterpretation of several canonical figures in the German and Scottish Enlightenments It also offers a foundation for a transnational history of the Enlightenment without the French philosophes at its centre while solidly endorsing historians growing reluctance to call the Enlightenment a secularising movement Milton in the Long Restoration Blair Hoxby, Ann Baynes Coiro, 2016 Milton criticism often treats the poet as if he were the last of the Renaissance poets or a visionary prophet who remained misunderstood until he was read by the Romantics At the same time literary histories of the period often invoke a long eighteenth century that reaches its climax with the French Revolution or the Reform Bill of 1832 What gets overlooked in such accounts is the rich story of Milton's relationship to his contemporaries and early eighteenth century heirs The essays in this collection demonstrate that some of Milton's earliest readers were more perceptive than Romantic and twentieth century interpreters The translations editions and commentaries produced by early eighteenth century men of letters emerge as the seedbed of modern criticism and the term neoclassical is itself unmasked as an inadequate characterization of the literary criticism and poetry of the period a period that could brilliantly define a Miltonic sublime even as it supported and described all the varieties of parody and domestication found in the mock epic and the novel These essays which are written by a team of leading Miltonists and scholars of the Restoration and eighteenth century cover a range of topics from Milton's early editors and translators to his first theatrical producers from Miltonic similes in Pope s Iliad to Miltonic echoes in Austen's Pride and Prejudice from marriage to slavery to republicanism to the heresy of Arianism What they share in common is a conviction that the early eighteenth century understood Milton and that the Long

Restoration cannot be understood without him Herman Bavinck: Centenary Essays, 2024-12-02 Commemorating the hundredth anniversary of his death these seven essays explore the legacy of the Dutch Reformed theologian Herman Bavinck 1854 1921 Presenting a snapshot of the state of play in Bayinck Studies this volume pays tribute to a remarkable figure whose intellectual horizon extended far past the church and academy Covering Bavinck's contribution to theology ethics philology psychology and pedagogy this volume presents a portrait of a thinker who continues to inspire a vision of a theology that is at once orthodox and modern The Pamela Controversy Vol 1 Tom Keymer, Peter Sabor, John Mullan, 2024-12-20 This volume documents the literary controversy and debate over Samuel Richardson's novel Pamela published in 1741 It brings together and reprints key sources within the debate including artists such as Francis Hayman Hubert Gravelot Joseph Highmore and Philip Mercer Catharine Macaulay's Republican Enlightenment Karen Green, 2020-05-05 The celebrated Catharine Macaulay was both lauded and execrated during the eighteenth century for her republican politics and her unconventional second marriage This comprehensive biography in the life and letters tradition situates her works in their political and social contexts and offers an unprecedented detailed account of the content and influence of her writing the arguments she developed in her eight volume history of England and her other political ethical and educational works Her disagreements with conservative opponents David Hume Edmund Burke and Samuel Johnson are developed in detail as is her influence on more progressive admirers such as Thomas Jefferson Jacques Pierre Brissot Mercy Otis Warren and Mary Wollstonecraft Macaulay emerges as a coherent and influential political voice whose attitudes and aspirations were characteristic of those enlightenment republicans who grounded their progressive politics in rational religion She looked back to the seventeenth century levellers and parliamentarians as important precursors who had advocated the liberty and political rights she aspired to see implemented in Great Britain America and France Her defence of republican liberty and the equal rights of men offers an important corrective to some contemporary accounts of the character and origins of democratic republicanism during this crucial period **Handel as Orpheus** Ellen T. Harris, 2004-09-30 Handel wrote over 100 cantatas compositions for voice and instruments decsribing the joy and pain of love In the first comprehensive study of the cantatas Harris investigates their place in Handel's life as well as their extraordinary beauty

The Lives of Cleopatra and Octavia Sarah Fielding,1994 Set in the first century B C the Lives presents the stories of two famous women each of whom played an important role in Roman history during the turbulent period of civil war immediately before the Golden Age of Augustus Caesar The Middling Sort Margaret R. Hunt,2023-12-22 To be one of the middling sort in urban England in the late seventeenth or eighteenth century was to live a life tied one way or another to the world of commerce In a lively study that combines narrative and alternately poignant and hilarious anecdotes with convincing analysis Margaret R Hunt offers a view of middling society during the hundred years that separated the Glorious Revolution from the factory age Thanks to her exploration of many family papers and court records Hunt is able to examine

what people thought felt and valued She finds that early capitalism and early modern family life were far more insecure than their classical models supposed Commercial needs and social needs coincided to a large extent The family is central to Hunt s story and she shows how financial struggles brought conflict ambiguity and tension to the home She investigates the way gender intertwined with class and family hierarchy and the way many businesses survived as precarious successes secured through the sacrifices made by female as well as male family members The Middling Sort offers a dynamic portrait of a society struggling to minimize the considerable social and psychic dislocation that accompanied England's launch of a full scale market economy To be one of the middling sort in urban England in the late seventeenth or eighteenth century was to live a life tied one way or another to the world of commerce In a lively study that combines narrative and alternately poignant and hilarious anecdot Patrons of Enlightenment Edward Andrew, 2006-01-01 Patrons of Enlightenment emphasizes the dependency of thinkers upon patrons and compares the patron client relationships in the French English and Scottish republics of letters Early Journals and Letters of Fanny Burney, Volume 3 Lars E. Troide, Steward J. Cooke, 1994-06-29 At the beginning of 1778 twenty five year old Fanny Burney was an unknown By year s end however she had emerged as the author of Evelina or A Young Lady's Entrance into the World a universally acclaimed novel which admirers ranked with the works of Fielding and Richardson This third of twelve projected volumes of a critical edition of Burney's journals and letters covers the period from January 1778 to December 1779 It reveals Burney's striking transformation to a celebrity as she is welcomed into London's literary society and her mixed delight and terror at this reception As Burney becomes a regular at the Streatham Park home of Henry and Hester Thrale she is befriended by another regular visitor Samuel Johnson and given the opportunity to observe and record the playful and affectionate side of Johnson's character a side largely missed by Boswell Burney is urged by the Streathamites to write a comedy for the London stage and responds with The Witlings a satiric portrait of London's bluestockings Alarmed by the prospect of disapproval from the powerful bluestocking Elizabeth Montagu Burney's father and her friend Samuel Crisp dissuade her from releasing the piece Her disappointment is eased by the whirling social life that she enjoys in the company of the Thrales at Streatham and at Brighton on which she comments with characteristic perception and humour Fanny Burney's journals and letters are an invaluable source for the social and literary history of her time and are justly regarded as literature in their own right All volumes in this series will be of specific interest to scholars in literary criticism feminist studies and music and social history
