Social Conditions In The Black Country 1800-1900:

Social Conditions in the Black Country, 1800-1900 George J. Barnsby, 1980 Cultures of International Exhibitions 1840-1940 Marta Filipová, 2017-07-05 Beyond the great exhibitions expositions universelles and world fairs in London Paris or Chicago numerous smaller yet ambitious exhibitions took place in provincial cities and towns across the world Focusing on the period between 1840 and 1940 this volume takes a novel look at the exhibitionary cultures of this period and examines the motivations scope and impact of lesser known exhibitions in for example Australia Japan Brazil as well as a number of European countries The individual case studies included explore the role of these exhibitions in the global exhibitionary network and consider their marginality related to their location and omission by academic research so far The chapters also highlight a number of important issues from regional or national identities the role of modernisation and tradition to the relationship between capital cities and provincial towns present in these exhibitions They also address the key topic of colonial exhibitions as well as the displays of arts and design in the context of the so called marginal fairs **Cultures of International Exhibitions 1840 1940 Great Exhibitions in the Margins** therefore opens up new angles in the way the global phenomenon of a great exhibition can be examined through the prism of the regional and will make a vital contribution to those interested in exhibition studies and related fields **Social Mobility in Nineteenth- and Early Twentieth-Century England** A. Miles, 1999-04-12 This pioneering book provides the first systematic historical analysis of occupational and social mobility in England Using a collection of over 10 000 marriage certificates to examine inter generational change and almost 500 autobiographical texts and abstracts to explore the dynamics of career mobility it shows how the development of the nineteenth century economy was accompanied by rising rates of mobility which made English society more open while at the same encouraging a distinct process of working class formation **Unemployment, Welfare, and Masculine Citizenship** M. Levine-Clark, 2015-01-22 This book examines how from the late nineteenth century through the 1920s British policymakers welfare providers and working class men struggled to accommodate men s dependence on the state within understandings of masculine citizenship Colonization and Community John D. Belshaw, 2002-10-17 In *Colonization and Community* John Belshaw takes a new look at British Columbia s first working class the men women and children beneath and beyond the pit head Beginning with an exploration of emigrant expectations and ambitions he investigates working conditions household wages racism industrial organization gender schooling leisure community building and the fluid identity of the British mining colony the archetypal west coast proletariat By connecting the story of Vancouver Island to the larger story of Victorian industrialization he delineates what was distinctive and what was common about the lot of the settler society Belshaw breaks new ground challenging the easy assumptions of transferred British political traditions analyzing the colonial at the household level and revealing the emergent communities of Vancouver Island as the cradle of British Columbian working class culture **Master and Servant Law** Christopher Frank, 2016-05-06 In recent years social and

legal historians have called into question the degree to which the labour that fuelled and sustained industrialization in England was actually free The corpus of statutes known as master and servant law has been a focal point of interest throughout the eighteenth and nineteenth centuries at the behest of employers mine owners and manufacturers Parliament regularly supplemented and updated the provisions of these statutes with new legislation which contained increasingly harsh sanctions for workers who left work performed it poorly or committed acts of misbehaviour The statutes were characterized by a double standard of sanctions which treated workers breach of contract as a criminal offence but offered only civil remedies for the broken promises of employers Surprisingly little scholarship has looked into resistance to the Master and Servant laws This book examines the tactics rhetoric and consequences of a sustained legal and political campaign by English and Welsh trade unions Chartists and a few radical solicitors against the penal sanctions of employment law during the mid nineteenth century By bringing together historical narratives that are all too frequently examined in isolation Christopher Frank is able to draw new conclusions about the development of the English legal system trade unionism and popular politics of the period The author demonstrates how the use of imprisonment for breach of a labour contract under master and servant law and its enforcement by local magistrates played a significant role in shaping labour markets disciplining workers and combating industrial action in many regions of England and Wales and further into the British Empire By combining social and legal history the book reveals the complex relationship between parliamentary legislation its interpretation by the high courts and its enforcement by local officials This work marks an important contribution to legal

Bondage Alessandro Stanziani, 2015-11 For the first time this book provides the global history of labor in Central Eurasia Russia Europe and the Indian Ocean between the sixteenth and the twentieth centuries It contests common views on free and unfree labor and compares the latter to many Western countries where wage conditions resembled those of domestic servants This gave rise to extreme forms of dependency in the colonies not only under slavery but also afterwards in form of indentured labor in the Indian Ocean and obligatory labor in Africa Stanziani shows that unfree labor and forms of economic coercion were perfectly compatible with market development and capitalism proven by the consistent economic growth that took place all over Eurasia between the seventeenth and the nineteenth centuries This growth was labor intensive commercial expansion transformations in agriculture and the first industrial revolution required more labor not less Finally Stanziani demonstrates that this world did not collapse after the French Revolution or the British industrial revolution as is commonly assumed but instead between 1870 and 1914 with the second industrial revolution and the rise of the welfare state
