W. Tarn, 2017-01-23 Written by a highly regarded scholar in the field this book represents the first published study on the Greek kingdoms of Bactria and India that treats them as Hellenistic states Referring to classical Western and Indian sources as well as numismatics the author gives a multi faceted account of their dynastic rule and conquest The book begins with an overview of the Seleucid settlement providing a background to the relations between Greeks and Asiatics after the death of Alexander the Great Covering the period from 206 to 145 BCE the book analyses the reigns of Euthydemus I Demetrius I and Menander I and explains how they accomplished Alexander s dream of co operation instead of domination in the eastern provinces Tarn s work examines this little discussed topic and presents it to the reader in a clear and accessible style making this a great scholarly contribution that remains unsurpassed in breadth and depth The second edition originally published in 1951 includes an Addendum explaining the further discoveries since the work was first published in 1938 *Making Sense of Business Reference* Celia Ross, 2013 In times of recession the library is more critical than ever for those who want to start a business and need to do research and libraries are at the heart of a growing need to research business questions **Death on the Greasy Grass** C. M. Wendelboe, 2013-06-04 FBI agent Manny Tanno is taking some much needed R and R at the site of the Battle of Little Big Horn But when a death on the reservation cuts his vacation short he learns that the secrets of the past have a way of stirring up trouble in the present As a scout for the legendary General Custer Crow tribe member Levi Star Dancer kept a journal chronicling his exploits from the Battle of the Greasy Grass onward Now the missing journal has been found and the descendents of those mentioned in the account including Levi s own want to keep their family secrets hidden at all costs Manny s trip to the Crow Agency Reservation turns out to be ill timed when a reenactor of the Battle of Little Big Horn is killed right in front of him It turns out the victim was the one who found Levi Star Dancer s famed diary and was planning on selling it to the highest bidder And while the dead body is hard to miss the coveted book is nowhere to be found Now Manny has to watch his back while searching for a murderer and the missing journal because this slippery killer will do anything to make sure the past stays buried **The Story of Stumper** Isabel Sanderson, 2020-01-08 Stumper is about an endearing overactive and sometimes naughty rabbit named Stumper who would rather play and tease the other rabbits than help them paint eggs for Easter baskets to be delivered to the good little boys and girls on Sir Rabbit s list Stumper is

someone to whom children everywhere can relate Written in rhyming sentences it is fun to read and even memorize It is sure to become a favorite at bedtime

The Idea of the World Bernardo Kastrup,2019-03-29 A rigorous case for the primacy of mind in nature from philosophy to neuroscience psychology and physics The Idea of the World offers a grounded alternative to the frenzy of unrestrained abstractions and unexamined assumptions in philosophy and science today This book examines what can be learned about the nature of reality based on conceptual parsimony straightforward logic and empirical evidence from fields as diverse as physics and neuroscience It compiles an overarching case for idealism the notion that reality is essentially mental from ten original articles the author has previously published in leading academic journals The case begins with an exposition of the logical fallacies and internal contradictions of the reigning physicalist ontology and its popular alternatives such as bottom up panpsychism It then advances a compelling formulation of idealism that elegantly makes sense of and reconciles classical and quantum worlds The main objections to idealism are systematically refuted and empirical evidence is reviewed that corroborates the formulation presented here The book closes with an analysis of the hidden psychological motivations behind mainstream physicalism and the implications of idealism for the way we relate to the world

Model-Based Reasoning, Abductive Cognition, Creativity Emiliano Ippoliti,Lorenzo Magnani,Selene Arfini,2024-11-20 This book discusses how scientific and other types of cognition make use of models abduction and explanatory reasoning in order to produce important innovative and possibly creative changes in theories and concepts Gathering revised contributions presented at the international conference on Model Based Reasoning MBR023 held on June 7 9 2023 in Rome Italy the book addresses various intertwined topics ranging from the epistemology and applications of models also concerning the problem of knowledge production and scientific methodology information visualization experimental methods and design to the analysis of their role in cognition decision making also with respect to social

implications The problem of model based cognition is also illustrated taking advantage of recent results regarding problem solving abduction and logic paying attention to a critique of the dominant and received approaches to the aim of fostering new discussions and stimulate new ideas All in all the book provides researchers and graduate students in the fields of applied philosophy epistemology cognitive science and artificial intelligence alike with an authoritative snapshot of the latest theories and applications of model based reasoning
