Stop Whining, Start Living Dr. Laura Schlessinger, Laura Schlessinger, 2008-03-11 Dr. Laura Schlessinger agrees that there are things worth whining about. A certain amount of whining allows for some venting of reasonable pain, disappointment, fear, frustration or frank rage. However, staying stuck in whining mode can become a life-long problem. This is where Dr. Laura steps in with Stop Whining Start Living to help folks conquer the temptation to retreat from living life to the fullest. As she reveals in her introduction, "No matter what you've suffered or continue to suffer while you are alive, you have the opportunity to get something from this life, and I'm going to do my best to help you with that I know of." What I speak of as this has been my torturous journey also. Building on the principles developed during her long career as a licensed marriage and family therapist and addressing the chronic struggles of so many of her listeners and readers, Dr. Laura issues an important message in the no-nonsense but compassionate voice that is her trademark. If you don't like your life, quit talking about your unhappiness and try to fix it, no matter how difficult or impossible your situation seems. While it is healthy to vent occasionally, endless rumination on the negative only keeps you paralyzed in misery, reinforces hopelessness and demoralizes those around you who feel helpless to bring any happiness into your life. Instead, Stop Whining Start Living encourages whiners to reject negative thoughts, emotions and attitudes, shift perspective, open up to gratitude and goodness and embrace obligations to loved ones and the world in general. Before long, just doing what you're supposed to be doing instead of moaning about why you can't or won't or shouldn't fulfill your responsibilities will have you feeling better about yourself and will uplift your interactions with family, friends, colleagues and even complete strangers in incredible ways. Illustrated by calls and letters from members of Dr. Laura's huge international audience, Stop Whining Start Living features brave testimonials from real human beings facing real challenges. These folks have benefited enormously from Dr. Laura's powerful lessons. Stop Whining Start Living gives readers stuck in their suffering the jump start they need to break out of reactive mode and get proactive, moving in the direction of a joyful, meaningful, happy, fulfilling and purposeful future. Everyone can use a kick in the pants, sometimes, and Dr. Laura, who preaches, teaches and nags to millions every day on her radio program, is here to deliver it.

Sham Steve Salerno,2006-09-26 Self help To millions of Americans it seems like a godsend To many others it seems like a joke But as investigative reporter Steve Salerno reveals in this groundbreaking book it's neither in fact it's much worse than a joke Going deep inside the Self Help and Actualization Movement fittingly the words form the acronym SHAM Salerno offers the first serious exposé of this multibillion dollar industry and the real damage it is doing not just to its paying customers but to all of American society Based on the author's extensive reporting and the inside look at the industry he got while working at a leading lifestyle publisher SHAM shows how thinly credentialed experts now dispense advice on everything from mental health to relationships to diet to personal finance to business strategy Americans spend upward of 8 billion every year on self help programs and products And those staggering financial costs are actually the least of our worries SHAM demonstrates how the self help movement's core philosophies have infected virtually every aspect of American life the home the workplace the schools and more And Salerno exposes the downside of being uplifted showing how the empowering message that dominates self help today proves just as damaging as the blame shifting rhetoric of self help's Recovery movement SHAM also reveals How self help gurus conduct extensive market research to reach the same customers over and over without ever helping them The inside story on the most notorious gurus from Dr Phil to Dr Laura from Tony Robbins to John Gray How your company might be wasting money on motivational speakers executive coaches and other quick fixes that often hurt quality productivity and morale How the Recovery movement has eradicated notions of personal responsibility by labeling just about anything from drug abuse to sex addiction to shoplifting a dysfunction or disease How Americans blindly accept that twelve step programs offer the only hope of treating addiction when in fact these programs can do more harm than good How the self help movement inspired the disastrous emphasis on self esteem in our schools How self help rhetoric has pushed people

away from proven medical treatments by persuading them that they can cure themselves through sheer application of will As Salerno shows to describe self help as a waste of time and money vastly understates its collateral damage And with SHAM the self help industry has finally been called to account for the damage it has done Also available as an eBook [The Encyclopedia of Guilty Pleasures](#) Sam Stall,Lou Harry,Julia Spalding,2004-09-01 What do Neil Diamond Touched by an Angel Pamela Anderson The Boy in the Plastic Bubble White castle hamburgers Benny Hill Thomas Kinkade and the song You Light Up My Life have in common They re all guilty pleasures and they re all celebrated in this massive A to Z encyclopedia Authors Sam Stall Lou Harry and Julia Spalding have unearthed fascinating trivia about literature Valley of the Dolls The Sports Illustrated Swimsuit Issue television The Real World Land of the Lost fashion Members Only jackets the WonderBra and more Every page features a sophisticated two column design and handy guide words for quick at a glance reference Best of all we ve illustrated 100 of the guiltiest pleasures with the same portrait style used by the Wall Street Journal Complete with 1 001 entries it s the ultimate guide to everything you hate to love **The A, B, C's of Parenting** Janet Skinner,2014-12-31 If you are a first time parent of a newborn infant you are just finding out that parenting is not just a job it s a full time round the clock profession for which there is no pay I find it hard to believe that we actually get more training for the job of birthing the baby than we do for the profession of raising the child Almost all parents attend a course that lasts about eight weeks in order to learn about childbirth which takes an average of eight to fifteen hours from start to completion And you have a team of experts there with you throughout the entire process Then comes the day you take the little bundle home You are given a gift pack from the hospital and sent on your merry way to spend the next eighteen years guessing what to do next I believe this job is too important to leave up to chance For a child is a gift from God much more important than a gift to be placed on a shelf and forgotten all about Raising a child is an enormous responsibility and parents must take this responsibility seriously or face the consequences of not doing so Therefore I urge you to take the time to read this book I hope as you begin to walk down the path of parenting another human being the most important and incredible journey you will ever experience in life you will not forget the lessons learned from A to Z **Take My Advice** James L.
