Facilitate Joel Comiskey, 2019-03-05 Facilitate highlights the key dynamics of small groups that will give a leader confidence to minister to those in the group Facilitate teaches a leader how to listen well ask questions train others involve people and prepare for the meeting This book shows a potential leader how to develop new leaders to continue the discipleship process It is excellent to use both in a Sunday school class and one on one This book has eight lessons full of practical questions and applications You will learn how to Prepare spiritually for the power of God to flow in the meeting Structure the meeting in a dynamic and effective way Encourage attendees to participate and share their experiences Suggest interesting topics and questions Listen carefully and detect problems in the group By putting into practice the ideas and suggestions in this book any leader of a cell group will find it easy to achieve an exciting atmosphere in the meetings and ensure that attendees want to come back and even bring new people with them Como Sembrar Iglesias en El Siglo XXI Daniel Sanchez, Ebbie C. Smith, Curtis E. Watke, 2002-11 An excellent resource that includes both principles and relevant methods for starting new churches **Cómo surgen las nuevas iglesias** Daniel Rode, 2023-07-11 La obra de Rode es el fruto de las experiencias de cuarenta años como pastor profesor y fundador de iglesias El material está enriquecido con la historia latinoamericana de la fundación de iglesias y las vivencias de cientos de pastores y alumnos de los posgrados donde el autor enseña Tal condición la convierte en una obra relevante para el contexto latinoamericano interdenominacional Los ejemplos tomados de la realidad le confieren un valor práctico para los miembros y líderes cristianos interesados en fundar iglesias El libro expone algunos ejemplos de cómo se iniciaron diversas iglesias cristianas en Latinoamérica Presenta la base teológica de las comunidades religiosas pequeñas en el Antiguo y el Nuevo Testamento Reflexiona sobre el potencial de los jóvenes para fundar iglesias especialmente en las ciudades Considera la pregunta por qué fundar iglesias y trata las objeciones y razones para plantar iglesias Finalmente con diversos modelos prácticos el autor muestra cómo hacerlo

Avergonzados del evangelio, *Planting Churches That Reproduce* Joel Comiskey, 2008-12 Small group resources tend to overlook the spiritual side of small group leadership And yet most would agree that spiritual preparation is the most important aspect of leading a small group Only God's supernatural power can draw people to the truth and liberate them to be all that God wants them to be The key distinction of this book is the spiritual perspective it gives to small group ministry So much of the literature about small groups that is already published relates to small group technique and only touches briefly on the Spirit's power This book is a practical reference guide to help small group leadership begin to move in the supernatural realm The book's first priority is to help small group leaders and members trust the Holy Spirit to lead them empower them and work in their group Small group facilitators often sense a lack of guidance power and spiritual authority Jesus knew His disciples would be powerless without a touch from the Holy Spirit and so He told them to wait in Jerusalem saying You will receive power when the Holy Spirit comes on you and you will be my witnesses in Jerusalem and in all Judea

and Samaria and to the ends of the earth Acts 1:8 Small group leaders need a power boost to make small group ministry relevant and exciting The second priority of this book is to help the facilitator identify and mobilize each small group member to use his or her own spiritual gifts

Biblical Foundations for the Cell-Based Church Joel Comiskey, 2012-11-06 Why cell church Is it because David Cho's church the largest church in the history of Christianity is a cell church Is it because someone said the number twelve will bring blessings and growth Is it because cell church is the strategy that many great churches are using Ralph Neighbour repeatedly says Theology must breed methodology This book sets forth the biblical theology for cell based ministry Without biblical truth we don't have a firm underpinning upon which we can hang our ministry and philosophy On the other hand we can plod through most anything when we know that God is stirring us to behave biblically Cell church is not the latest greatest church growth strategy If it were it would simply be a passing fad until the next hotter more relevant strategy comes along In fact in many places around the world cell church transforms the church through a purification process Church growth is slow but cell church helps Christ's church go deeper Joel Comiskey has been studying the cell church movement since 1991 and has discovered that the cell church strategy doesn't produce rapid growth in itself God reserves growth for himself He wants to receive the glory for all church growth The first section of this book covers the Trinity the model for all small group community The good news is that the Trinity works within believers to mold and shape them into his image This section explores God's emphasis on the family starting from Genesis Christ's formation of a new family and then the early church's focus on family Comiskey believes that family is the principal image of the church in Scripture The last chapter in this section explains Jesus and his kingdom and more specifically how Jesus trained his disciples to evangelism through home based outreach Section two reveals how the early church met in homes It explores what they did in those home meetings the size of the house churches and how home evangelism took place through ancient oikos relationships Comiskey looks at how New Testament leadership developed naturally through the house church structure and how the early church connected the house churches into celebration gatherings large group meetings The last section applies all eight chapters to the church today This last section draws out the New Testament insights that are applicable to the 21st century church

Aprovecha el poder de la tensión Samuel R. Chand, 2020-10-13 La palabra tensión proviene de la palabra latina tendere que significa estirar No es malo estirarnos en nuestras carreras nuestra crianza de los hijos nuestros ministerios o nuestro liderazgo Sin tensión nos estancamos y dejamos de crecer De hecho podríamos decir que la tensión es inevitable y en muchos casos deseable en la vida y el liderazgo En Aprovecha el poder de la tensión estirado pero no quebrado el consultor internacional de liderazgo Sam Chand examina la tensión a medida que surge en y entre los ámbitos de negocios iglesia y familia La presencia de tensión no es un defecto en sí o una amenaza de los demás No es un problema para resolver sino un recurso para utilizar Cuando desarrolles esta perspectiva y encuentres tensión estarás menos confundido y te sentirás menos culpable porque entiendes que la tensión no es el resultado de un error o un fallo tuyo Experimentarás menos presión para resolver todo y menos compulsión

para resolverlo r pida y completamente Cuando aceptamos la tensi n como una realidad de la vida ganamos confianza y claridad mental ante ella Nuestro objetivo no es deshacernos de la tensi n sino usarla para crear algo mejor que antes No caminamos sobre c scaras de huevo por miedo a decir algo incorrecto Aprendemos cu ndo hablar cu ndo hacer preguntas cu ndo escuchar y cu ndo dejar ir las cosas A medida que nos relajamos en medio de la tensi n vemos a las personas y las situaciones m s claramente e invitamos a nuestras familias y equipos al proceso de utilizar creativamente la tensi n en la vida y el liderazgo The word tension comes from the Latin word tendere which means to stretch It s not a bad thing to be stretched in our careers our parenting our ministries or our leadership Without tension we become stagnant and stop growing In fact we might even say that tension is both inevitable and in many cases desirable in life and leadership In Harnessing the Power of Tension Stretched but Not Broken international leadership consultant Sam Chand examines tension as it arises in and between the arenas of business church and family The presence of tension isn t a flaw in you or a threat from others It s not a problem to solve but a strain to be used When you develop this perspective and you encounter tension you ll be less confused and feel less guilty because you understand that tension isn t the result of your error or flaw You ll experience less pressure to figure everything out and less compulsion to resolve it quickly and completely When we accept tension as a reality of life we gain confidence and mental clarity when we encounter it Our focus isn t on getting rid of tension but using it to create something better than before We don t walk on eggshells afraid to say the wrong thing We learn when to speak up when to ask questions when to listen and when to let things go As we relax in the middle of tension we see people and situations more clearly and we invite our families and teams into the process of creatively using tension in life and leadership
