LOOK INSIDE! ALBERTO VEZENDI,2019-06-07 Why squander our life the only one we have in a permanent state of want and anxiety when we can live a life of abundance and bliss Why make our happiness depend on externalities when the only truly lasting happiness is inside each one of us Why sacrifice the happiness we could be enjoying today on the altar of a vague promise of future bliss when we already have everything we need to be happy in the present In this work the author shows us how to overcome the two main obstacles to happiness attachment and anxiety Readers will see that detachment and the ability to stop worrying are neither gifts of the chosen nor inborn talents reserved for a few but skills that can be learned at any moment in life regardless of our situation In the first part we ll focus on attachment to objects and people We ll see how attachment inevitably leads to fear and that fear is incompatible with happiness We ll examine the role of craving and desire of want and satisfaction of control and freedom of possessions and love and we ll see that precious little is needed to live a happy life In the second part we ll delve into what is probably the main cause of unhappiness anxiety We ll see that most of the worry that taints our happiness is unjustified because it stems from adversities that only exist in our mind To understand this reasoning we ll analyze how we create all our expectations and fears in the present how we project them into a future that is no less a product of our own imagination and how we then await with apprehension the arrival of that future in which we have placed our hopes and misgivings Happiness is not an unattainable dream not even a future goal we re doomed to pursue forever in vain but a natural innate gift we ve all been endowed with We have now and always have had all the happiness we ll ever have but we don t allow it to bloom in our lives because we ve unconsciously buried it under an ever thickening layer of impediments that prevent it from manifesting every day of our life This book is here to help you find your happiness but to do so it has to challenge many of the received ideas and dogmas that for centuries have condemned humanity to unhappiness Please read it with an open mind and consider with fairness whether the ideas contained herein make any sense for you When doing so be honest with yourself and don t let other people s opinions influence your conclusions Remember that ultimately you are your only judge and that on your deathbed the opinions other people may have about you will not change the verdict of your conscience about how you lived your own life Your happiness is in your own hands and nowhere else for only you can make it real Let this book help you drop the ballast of your worries and attachments and glide smoothly through life The solution is inside discover it and let the magic happen Don t wait until it s too late it s now or never **Metaphysics** Anthony Norvell,2022-05-18 Throughout history there have been great and illumined souls who have been able to use the power of their higher minds to perform

seeming miracles These men and women used a Cosmic Force which is in the universe and which anyone may use when he once learns how to focus this higher power within his own mind There are stupendous miracles such as healing the sick causing the blind to see making the crippled walk but these are not the only miracles with which we are concerned in this Metaphysical study There are the little every day miracles which you may begin to perform immediately that relate to your health to your work to increasing your income to finding happiness in love and marriage and to healing your mind of confusion discord and unhappiness so that you may find inner peace and security You will learn in this study that you too may become a miracle worker that you may wave the mental wand of Faith and create out of the substance of your thoughts and inner dreams the concrete things that you desire in your life You may tap the power of this higher Cosmic Mind and create magnificent works even as did the geniuses of the past who used this Miracle working power Beethoven used this higher mind within to create beautiful music even though he was deaf Edison tapped this power of the higher Cosmic Mind within and created over three hundred inventions from the motion picture camera to the electric light bulb which bless our lives today Edison used the power which we shall study together and there is no reason why YOU may not achieve greatness through this self same Metaphysical power Lincoln was a miracle worker and although a martyr like Gandhi and John F Kennedy he brought the miracle of unity and greatness to a strife ridden nation J P Morgan was a financier and industrialist but he used the Metaphysical Miracle power which we shall study together to build one of the great financial empires of all time This miracle power is not dead today it is still being used by men like Paul G Getty and Howard Hughes Ford and Rockefeller to create wealth that not only benefits the ones who create it but also blesses the world through the public libraries they endow the research foundations they create and the artistic gifts and treasures which they give to our great art galleries and museums The Miracles of Lourdes are well known and I have stood in the sacred Grotto and I have seen the discarded crutches wheel chairs and braces that the sick have left there when their miracles of healing came and they walked away healed by a miracle power that worked for them but which does not seem to work for others The spectacular miracles that the Master Metaphysician Jesus performed and which we see at places like Lourdes are not the only evidences that this Metaphysical Miracle Power exists and may be tapped by ordinary mortals there are other evidences in our own age that this power is alive today and may be used to heal millions of still unborn persons and to save the lives of hundreds of millions today Salk used this higher Miracle Power to develop his vaccine for polio Fleming developed penicillin through this higher intuitive mind Mme and M Curie discovered radium by listening to the inner Cosmic Voice that guided them and Pasteur certainly was a miracle worker unequalled in history for the perception that caused him to perfect the use of vaccines in the treatment and prevention of disease
