DIY on the Lower East Side Andrew Strombeck, 2020-08-01 The severe financial austerity imposed on New York City during the 1975 fiscal crisis resulted in a city falling apart Broken windows crumbling walls and piles of bricks were everywhere While for many this physical decay was a sign that the postwar welfare state had failed for others it represented a site of risky opportunity that could stimulate novel forms of creativity and community In this book Andrew Strombeck explores the legacy of this crisis for the city s literature and art focusing on one neighborhood where changes were acutely felt the Lower East Side In what became a paradigmatic example of gentrification the Lower East Side s population shifted from working class people to Wall Street

traders and ad agents This transformation occurred in part because of high profile local artists such as Jean Michel Basquiat Keith Haring Jeff Koons and Kiki Smith but Strombeck argues that neighborhood writers also played a role Drawing on archival research and original author interviews he examines the innovative work of Kathy Acker David Wojnarowicz Miguel Pi ero Sylv re Lotringer Lynne Tillman and others and concludes that these writers still have much to teach us about changes in the nature of work and the emergence of a do it yourself ethos DIY on the Lower East Side shows how place and politics shaped literature and how New York City policies adopted at the time continue to shape our world *American Dream, American Nightmare* Kathryn Hume,2022-08-15 In this celebration of contemporary American fiction Kathryn Hume explores how estrangement from America has shaped the fiction of a literary generation which she calls the Generation of the Lost Dream In breaking down the divisions among standard categories of race religion ethnicity and gender Hume identifies shared core concerns values and techniques among seemingly disparate and unconnected writers including T Coraghessan Boyle Ralph Ellison Russell Banks Gloria Naylor Tim O Brien Maxine Hong Kingston Walker Percy N Scott Momaday John Updike Toni Morrison William Kennedy Julia Alvarez Thomas Pynchon Leslie Marmon Silko and Don DeLillo Hume explores fictional treatments of the slippage in the immigrant experience between America s promise and its reality She exposes the political link between contemporary stories of lost innocence and liberalism s inadequacies She also invites us to look at the literary challenge to scientific materialism in various searches for a spiritual dimension in life The expansive future promised by the American Dream has been replaced Hume finds by a sense of tarnished morality and a melancholy loss of faith in America s exceptionalism *American Dream American Nightmare* examines the differing critiques of America embedded in nearly a hundred novels and points to the source for recovery that appeals to many of the authors **North American Women Artists of the Twentieth Century** Jules Heller,Nancy G. Heller,2013-12-19 First Published in 1997 *North American Women Artists of the Twentieth Century A Biographical Dictionary* was created to fill a gap of there being a comprehensive reference work like this available even though the bibliography in English on various aspects of the history of women artists has grown exponentially during the past ten years As researchers the editors have been frustrated many times by being unable to locate basic information about many of the artists included in this volume especially those working outside the United States This leads directly to another reason for producing this particular kind of reference book to try and create a better understanding between and among the artists and art audiences in these countries *One Man Zeitgeist: Dave Eggers, Publishing and Publicity* Caroline D. Hamilton,2010-10-21 **Tactical Readings** Nicola Pitchford,2002 Both writers novels borrow heavily from other authors and in doing so they offer strategies for a politically committed rereading of literary history and its interaction with the popular imagination Maxine Hong Kingston Helena Grice,2013-07-19 Since the publication of *The Woman Warrior* in 1976 Maxine Hong Kingston has gained a reputation as one of the most popular and controversial writers in the Asian American literary tradition In this volume Grice traces Kingston s development as a writer

and cultural activist through both ethnic and feminist discourses investigating her novels occasional writings and her two book life writing project The publication of The Woman Warrior not only propelled Kingston into the mainstream literary limelight but also precipitated a vicious and ongoing controversy in Asian American letters over the authenticity or fakery of her cultural references Grice traces the debates through the appearance of China Men 1981 as well as the novels Tripmaster Monkey 1989 and her most recent work The Fifth Book of Peace Maxine Hong Kingston will be of value to students and academics researching in the areas of diaspora writing contemporary American and Asian American fiction as well as feminist and postcolonial literature Feminist Measures Lynn Keller, 1994 Explores the role of gender in poetic production the tensions between poetry and contemporary literary theory and the fluid boundaries between theoretical and literary writing

Critiquing Postmodernism in Contemporary Discourses of Race S. Kim, 2009-11-23 Critiquing Postmodernism in Contemporary Discourses of Race challenges the critical emphasis on otherness in treatments of race in literary and cultural studies Sue J Kim deftly argues that this treatment not only perpetuates narrow identity politics but obscures the political and economic structures that shape issues of race in literary studies Kim's revelatory book shows how reading authors through their identity ends up neglecting both complex historical contexts and aesthetic forms This comparative study calls for a reconsideration of the bases for critical engagement and a reading ethics that melds the best of historicist and formalist approaches to literature Fetishism and Its Discontents in Post-1960 American Fiction C. Kocela, 2010-09-10 This study

explores the concept of fetishism as a strategy for expressing social and political discontent in American literature and for negotiating traumatic experiences particular to the second half of the twentieth century **American Youth Cultures** Neil Campbell, 2004 Ten essays by British US and Canadian academics explore popular books films and television shows for clues to the meanings of youth representation in American culture Drawing on a framework of ideas from cultural and social theory they consider themes such as race class gender power and sexuality as well as the ideological nature of youth and its centrality to American popular culture Originally published in 2000 as The Radiant Hour Versions of Youth in American Culture U of Exeter Press Annotation 2004 Book News Inc Portland OR booknews.com **Urban Space and Late**

Twentieth-Century New York Literature C. Neculai, 2014-03-06 Interdisciplinary in nature this project draws on fiction non fiction and archival material to theorize urban space and literary cultural production in the context of the United States and New York City Spanning from the mid 1970s fiscal crisis to the 1987 Market Crash New York writing becomes akin to geographical fieldwork in this rich study Women's Experimental Writing Ellen E. Berry, 2016-05-19 Women's Experimental Writing considers six contemporary authors who use experimental methods and negative modes of critique in their fiction and feminism The authors covered are Valerie Solanas Kathy Acker Theresa Cha Chantel Chawaf Jeanette Winterson and Lynda Barry These writers all share a commitment to combining extreme content with formally radical techniques in order to enact varieties of gender sex race class and nation based experience that they suggest may only be

represented accurately through the experimental unmaking of dominant structures of rationality Ellen Berry extends the anti social negative critique predominant in queer studies by offering an alternative archive of feminist negative literary practices and explores the consequences of joining an anti social critique with radical innovations in literary and cultural forms She argues that the radical aesthetic practices the authors employ are central to the emergence of contemporary Western feminisms and in doing so rectifies a critical neglect of contemporary experimental writing by women especially in politicized forms within the still emerging postmodern canon

Gateway to the Promised Land Mario Maffi, 2023-07-31 For the first time told in its entirety the social and cultural experience of New York's Lower East Side comes vividly to life in this book as that of a huge and complex laboratory ever swelled and fed by migrant flows and ever animated by a high voltage tension of daily research and resistance the fascinating history of the historical immigrant quarter that in Manhattan stretches between East 14th Street East River the access to the Brooklyn Bridge and Lafayette Street Irish and Germans at first then Chinese and Italians and East European Jews and finally Puerto Ricans gave birth in its streets and sweatshops cafés and tenements to a lively multi ethnic and cross cultural community which was at the basis of several modern artistic expressions from literature to cinema from painting to theatre The book based upon a rich wealth of historical materials settlement reports autobiographies novels newspaper articles and on first hand experience explores the many different aspects of this long history from the late 19th century years to nowadays the way in which immigrants reacted to the new environment and entered a fruitful dialectics with America the way in which they reorganized their lives and expectations and struggled to defend a collective identity against all disintegrating factors the way in which they created and disseminated cultural products the way in which they functioned as a gigantic magnet attracting several outside artists and intellectuals The book thus has a long introduction detailing the present situation and mainly depicting the realities within the Chinese and Puerto Rican communities and the fight against gentrification six chapters on the Lower East Side's past history its social and cultural geography the relationship among the several different communities the labor situation the literary output the development of an ethnic theatre the neighborhood's influences upon turn of the century American culture in the fields of sociology photography art literature and cinema and a conclusion summing up past and present and discussing the main aspects of a Lower East Side aesthetics

Star Authors Joe Moran, 2000-02-20 In America authors are as likely to be seen on television talk shows or magazine covers as in the more traditional settings of literary festivals or book signings Is this literary celebrity just another result of dumbing down Yet another example of the mass media turning everything into entertainment Or is it a much more unstable complex phenomenon And what does the American experience tell us about the future of British literary celebrity In *Star Authors* Joe Moran shows how publishers the media and authors themselves create and disseminate literary celebrity He looks at such famous contemporary authors as Toni Morrison J D Salinger Thomas Pynchon Don DeLillo John Updike Philip Roth Kathy Acker Nicholson Baker Paul Auster and Jay McInerney Through an examination of their own work biographical information media representations and promotional material Moran illustrates the nature of modern literary celebrity He argues that authors actively negotiate their own celebrity rather than simply having it imposed upon them from reclusive authors such as Salinger and Pynchon famed for their very lack of public engagement to media friendly authors such as Updike and McInerney *Star Authors* analyses literary celebrity in the context of the historical links between literature advertising and publicity in America the economics of literary production and the cultural capital involved in the marketing and consumption of books and authors

Irony's Edge Linda Hutcheon, 2003-09-02 The edge of irony says Linda Hutcheon is always a social and political edge Irony depends upon interpretation it happens in the tricky unpredictable space between expression and understanding Irony's Edge is a fascinating compulsively readable study of the myriad forms and the effects of irony It sets out for the first time a sustained clear analysis of the theory and the political contexts of irony using a wide range of references from contemporary culture Examples extend from Madonna to Wagner from a clever quip in conversation to a contentious exhibition in a museum Irony's Edge outlines and then challenges all the major existing theories of irony providing the most comprehensive and critically challengin theory of irony to date
