Suburbanization Reading Suburban Landscape In Twentiethcentury American Fiction And Film:

SuburbiaNation R. Beuka,2016-04-30 The expansion of the suburban environment is a fascinating cultural development In fact the United States is primarily a suburban nation with far more Americans living in the suburbs than in either urban or rural areas Why were suburbs created to begin with How do we define them Are they really the promised land of the American middle class The concept of space and how we create it is a concept that is receiving a great deal of academic attention but no one has looked carefully at the suburban landscape through the lens of fiction and of film

Jane Campion Hilary Radner,Alistair Fox,Irène Bessière,2009 An innovative collection of original essays on Jane Campion renowned female auteur filmmaker In *Jane Campion Cinema Nation Identity* a diverse group of contributors challenge the view that Campion's body of work lacks coherence or unity to instead examine the important characteristics and themes that underlie it Editors Hilary Radner Alistair Fox and Irène Bessière have compiled rich original scholarship on Campion's oeuvre to probe issues previously neglected by scholars like her debt to New Zealand sources and her personal views of family dynamics and those that benefit from additional insight such as her place in the feminist filmmaking tradition This volume also investigates Campion's distinct cinematic style in light of these issues to examine the source of her enduring cross cultural and international appeal Contributors in the first section explore the creation of subjectivity and identity in Campion's films which include well known works like *The Piano* and *Holy Smoke* to trace the unique perspectives of Campion's characters and Campion herself as director In the second section essays analyze Campion's close relationship with literature and argue that the singular vision in her literary adaptations stems from her New Zealand background and her personal mythology Contributors in the third section argue that while Campion devotes considerable attention to the evocation of feminine internal space she also uses the symbolic potential of her external physical locations to register what is taking place in the inner life of her characters and reflect their search for personal fulfillment A final group of essays presents a variety of responses to Campion's films demonstrating that Campion is a highly personal and idiosyncratic director who nonetheless manages to fascinate viewers across a broad cultural spectrum Taken together contributors in *Jane Campion Cinema Nation Identity* present a compelling analysis of Campion's status as a leading female filmmaker with close attention to her distinctive cinematic style and particular *mise en scène* The collective nature of this volume will appeal to students and teachers of film literature and gender studies as well as fans of Campion's work

The Global Remapping of American Literature Paul Giles, 2018-06-12 This book charts how the cartographies of American literature as an institutional category have varied radically across different times and places Arguing that American literature was consolidated as a distinctively nationalist entity only in the wake of the U S Civil War Paul Giles identifies this formation as extending until the beginning of the Reagan presidency in 1981 He contrasts this with the more amorphous boundaries of American culture in the eighteenth century and with ways in which conditions of globalization at the turn of the twenty first century have reconfigured the parameters of the subject In light of these fluctuating conceptions of space Giles suggests new ways of understanding the shifting territory of American literary history ranging from Cotton Mather to David Foster Wallace and from Henry Wadsworth Longfellow to Zora Neale Hurston Giles considers why European medievalism and Native American prehistory were crucial to classic nineteenth century authors such as Emerson Hawthorne and Melville He discusses how twentieth century technological innovations such as air travel affected representations of the national domain in the texts of F Scott Fitzgerald and Gertrude Stein And he analyzes how regional projections of the South and the Pacific Northwest helped to shape the work of writers such as William Gilmore Simms Jos Mart Elizabeth Bishop and William Gibson Bringing together literary analysis political history and cultural geography **The Global Remapping of American Literature** reorients the subject for the transnational era

Keller-Privat,Mathilde Rogez,2022-02-01 While suburbs provide a rich field of research for sociologists architects urbanists and anthropologists they have not been given much attention in literary and cultural studies The Suburbs New Literary Perspectives sets out to enrich the limited existing body of critical analysis on the subject with a landmark collection of essays offering a far larger perspective than the books or collections published so far on the topic This interdisciplinary and wide ranging approach includes literary and art studies philosophy and cultural comment It examines the suburbs across cultural differences contrasting British South African and North American suburbs The specificity of this book therefore lies in a cross national and cross continental exploration of these uncharted territories The suburbs are redefined as those rebellious margins whose geographical borders are necessarily fuzzy and sketch out a common place where cultural frontiers can be transcended They are to use Sarah Nuttall s terminology places of entanglement where contraries meet and where new ways of being in the world is reborn Seen through the prism of art and literature the suburbs may then be recognized as philosopher Bruce B gout argues as a new way of thinking and making urban space Fat on Film Barbara Plotz,2020-02-20 Over the last two decades fatness has become the focus of ubiquitous negative rhetoric in the USA and beyond presented under the cover of the medicalized war against the obesity epidemic In Fat on Film Barbara Plotz provides a critical analysis of the cinematic representation of fatness during this timeframe specifically in contemporary Hollywood cinema with an emphasis on the intersection of gender race and fatness The analysis is based on around 50 films released since 2000 and includes examples such as Transformers 2007 Precious 2009 Kung Fu Panda 2008 Paul Blart 2009 and Pitch Perfect 2012 Plotz maps the common cinematic tropes of fatness and also shows how commonplace notions of fatness that are part of the current obesity epidemic discourse are reflected in these tropes In this original study Plotz brings critical attention to the politics of fat representation a topic that has so far received little attention within film and cinema studies

American-Australian Cinema Adrian Danks,Stephen Gaunson,Peter C. Kunze,2018-01-29 This edited collection assesses the complex historical and contemporary relationships between US and Australian cinema by tapping directly into discussions of national cinema transnationalism and global Hollywood While most equivalent studies aim to define national cinema as independent from or in competition with Hollywood this collection explores a more porous set of relationships through the varied production distribution and exhibition associations between Australia and the US To explore this idea the book investigates the influence that Australia has had on US cinema through the exportation of its stars directors and other production personnel to Hollywood while also charting the sustained influence of US cinema on Australia over the last hundred years It takes two key points in time the 1920s and 1930s and the last twenty years to explore how particular patterns of localism nationalism colonialism transnationalism and globalisation have shaped its course over the last century

The contributors re examine the concept and definition of Australian cinema in regard to a range of local international and global practices and trends that blur neat categorisations of national cinema Although this concentration on US production or influence is particularly acute in relation to developments such as the opening of international film studios in Melbourne Sydney Adelaide and the Gold Coast over the last thirty years the book also examines a range of Hollywood financed and or conceived films shot in Australia since the 1920s **Movie Towns and Sitcom Suburbs** Stephen Rowley,2015-10-21

Scott Fitzgerald's "The Beautiful and Damned" William Blazek,David W. Ullrich,Kirk Curnutt,2022-10-19 F Scott Fitzgerald s second novel The Beautiful and Damned has frequently been dismissed as an outlier and curiosity in his oeuvre a transitional work from the coming of age plot of This Side of Paradise to the masterful critique of American aspiration in The Great Gatsby The Beautiful and Damned belongs to a genre that is widely misunderstood the bright young

things novel in which spoiled and wealthy characters succumb to decay because of their privilege and lack of purpose Set between 1913 and 1922 Fitzgerald's longest novel touches on many of the decisive issues that mark the passage from the Gilded Age and the Progressive Era into the Jazz Age conspicuous consumption income inequality yellow journalism the Great War the rise of the movie industry automobile travel Wall Street stock scams immigration and xenophobia and the fixation with youth and aging Published to coincide with the novel's centennial in 2022 this collection approaches *The Beautiful and Damned* for its insights more than its faults Prominent Fitzgerald scholars analyze major themes and reveal unappreciated issues with attention to history biography literary influence gender studies and narratology While acknowledging the novel's shortcomings the essayists illustrate that *The Beautiful and Damned* has much more to say about its milieu than previously recognized This collection provides a guide for understanding Fitzgerald's aims while demonstrating the richness of ideas that this novel explores alongside the anxieties and ambitions that reverberate within it
