*Stupid, Ugly, Unlucky and RICH* Richard St John, 2005 Have you ever wondered what leads to success Do you just need to be smart great looking or lucky Richard St John says those things dont lead to success And he should know He spent 10 years interviewing over 500 successful people from Martha Stewart to actor Russell Crowe to DNA discoverer James Watson to the top people in many fields After analyzing and sorting all the information Richard discovered the top 8 factors that are the foundation for success in any field He also discovered that many successful people aren t especially smart good looking or lucky They re ordinary people without special gifts who achieve success by following the 8 factors Richard himself is a good example He says I could never figure out how an ordinary guy like me succeeded in business won top awards and became a millionaire So I started a project to ask other people what led to their success and it grew into a 10 year journey of discovery The story is in Richards new book *Stupid Ugly Unlucky and RICH Spikes Guide to Success* an easy to read analysis that gets beyond the cliches to distill what the worlds most successful people really do have in common *Life Lessons of Wisdom & Motivation - Volume I* M.I. Seka, 2014-02-19 A compilation of quotations and proverbs from the most enlightened intelligent and forward thinkers in human history regarding the most important aspects of life Compiled and arranged to give the reader a clear direction in their life based on their internal needs wants and desires While no one on Earth is special everyone is unique Nobody past present or future has gone through or has had the same thoughts and experiences as you nor will they in the future As a result you see the world in a completely unique way Studying these volumes will guide your mind s eye in distinguishing the most significant passages to you and your being as well as reaffirming or contradicting what you already know and believe by the wisest people throughout history Out of the thousands of quotes and proverbs within these volumes your personality will subconsciously pick out the most relevant quotes and proverbs to you and you alone It would be a mistake to concentrate on only one topic because all the subjects are connected to aid you in reaching your own epiphany Many of the most profound quotes and proverbs are recorded under various topics throughout the book Though you may only be interested in Success to shatter the illusions that everyone builds for themselves through false assumptions and stereotypes to find their true inner being to find purpose and most importantly to discover what makes them and them alone happy To receive the full benefit of these volumes and to fully immerse yourself in self discovery you must commit to studying the entire collection If you only want to scratch the surface of what is important in life then limit yourself to a single volume But if you want to master your true purpose then study all four volumes *Outlook for Travel and Tourism* ,1999
