**Success Trap** Stan J. Katz, Aimee E. Liu, 1990-02-02 In *Success Trap* Dr Stan Katz an eminent Beverly Hills psychologist shows you how to create a personal philosophy of success one based not on the expectations of society which so often distort our perceptions of what we want but on a careful examination of your real character and needs If your idea of success is presiding over a shareholders meeting flashing your smile on the cover of a national magazine or showing off your perfect family you might be trapped by your ambitions As Dr Katz shows in this compassionate thought provoking study these measures of success are limited and limiting if you accept them unthinkingly What we all need is an internal measure of success a firm idea of what it takes not to be considered successful by others but to feel successful ourselves This revolutionary book proposes nothing less than a new definition of success a new philosophy of life and a realistic path to fulfillment and happiness
