Predictive Evaluation David Basarab, 2010-12-13 At last an answer to the question that has bedeviled trainers for decades Predictive evaluation enables you to effectively and accurately forecast training's value to your company measure against these predictions establish indicators to track your progress make midcourse corrections and report the results in a language that business executives respond to and understand Dave Basarab explains how to begin by identifying the specific goals and beliefs you want to instill in participants The next step is to determine exactly what these will look like when put into action Finally you develop quantifiable measures of how employees adopting the target beliefs and goals will impact the business A key strength of this process is that it is profoundly collaborative supervisors and employees work together to establish standards for success each step of the way A how to guide filled with worksheets examples and other tools Predictive Evaluation ensures that rather than being regarded as an expense and an act of faith training will be seen as an investment with a concrete payoff

Voices from the Silent Cradles Mariela Neagu, 2021-07-30 In 1990 disturbing television footage emerged showing the inhumane conditions in which children in Romanian institutions were living Viewers were shocked that the babies were silent The so called Romanian orphans became subjects of several international research studies In parallel Romania had to reform its child protection system in order to become a member of the European Union

This book sheds light on the lived experiences of these children who had become adults by the time the country joined the EU. Uniquely, the book brings together the accounts of those who stayed in institutions, those who grew up in foster care, and those who were adopted, both in Romania and internationally. Their narratives challenge stereotypes about these types of care.
