### **Aviation Projects from Concept to Completion**

Triant G. Flouris,Dennis Lock,2016-02-22 Triant Flouris is a prominent academic and administrator in aviation management education Dennis Lock has more than forty years experience in practising lecturing and writing about project management When these two experts combined their considerable talents to write their earlier book Aviation Project Management it was little wonder that distinguished reviewers gave generous praise and acclaimed it as a welcome addition to what until then had been a neglected field That first title was structured as an essential primer for managers and students The authors have now written this more in depth book for managers and students who need to study aviation project management in much greater detail as well as critically connect project management within an aviation context to prudent business decision making Aviation project management is described in considerable detail throughout all stages of a lifecycle that begins when the project is only a vague concept and does not end

until the project has been successfully completed fully documented and put into operational service Aviation projects have commonly failed to deliver their expected outcomes on time and have greatly exceeded their intended budgets Many of those failures would have been prevented if the project managers had adhered to the sound principles of project management as described and demonstrated throughout this book **The Art and Science of Documentation Management** Lakhmi Jain,Graziella Tonfoni,2003-01-01 As information becomes increasingly accessible through newly introduced technologies the human mind seeks a more comprehensive interpretation of the world in which we live In order to manage this information overload we must carefully reconsider our attitude towards documentation While acknowledging the value of the standard guidebooks hard rules on documentation management Tonfoni advocates a new approach that promotes additional skills required for consistent decision making such as information sensitivity This book has been conceived as a movie on paper and as such can be considered a documentary on documentation Readers are invited to analyse their own reading experience throughout a set of pages to become interactive on paper some space is intentionally provided for practice and annotation Exercises are included to help readers consolidate new skills through an innovative learning by seeing experience Since history is based on documentation every e mail or memo we write becomes a part of our individual history This book will be invaluable to those whose careers rest on accuracy who need to create both succinct and clear reports and presentations
