School Effectiveness and School Improvement Bert.P.M. Creemers,Ton Peters,David Reynolds,2022-02-27 School effectiveness and school improvement have different origins School effectiveness is more directed to finding out what works in education and why school improvement is practice and policy oriented and intended to change education in the desired direction However in their orientation to outcomes input processes and context in education they also have much in common In the theoretical part different orientations have been analysed and combined in a model for effective school improvement Based on this analysis an evaluation framework was developed for the analysis of the case studies of school improvement projects in the participating countries The theoretical model and the results of the analyses of the case studies were combined in a framework of effective school improvement

Effective and Equitable Teacher Practice in Mathematics and Science Education Nani

Teig,Trude Nilsen,Kajsa Yang Hansen,2024-03-19 This open access book presents original research on effective and equitable teacher practice in mathematics and science education across Nordic countries It focuses on three key aspects of teacher practice what teachers teach how teachers teach and how teachers assess their students To provide a comprehensive understanding of teacher practice data from the IEA s Trends in Mathematics and Science Study TIMSS from 2011 to 2019 was analyzed TIMSS provides large scale and representative data allowing an in depth investigation of the relations between teachers their practices and student outcomes The findings highlight the changes in teacher practice over time and the extent to which such changes explain the differences in student outcomes This research also contributes to understanding

how the relationships between teacher practice and student outcomes vary across different student groups i.e. gender, socioeconomic status and language background. The empirical evidence presented not only adds a significant layer to the academic discourse but also offers practical implications. These insights are crucial in facilitating educational policymaking and classroom practices aimed at improving student outcomes and closing gaps in educational inequality. **OECD Reviews of Evaluation and Assessment in Education Romania 2017** Kitchen Hannah, Fordham Elizabeth, Henderson Kirsteen, Looney Anne, Maghnouj Soumaya, 2017-05-03. Romania's education system has made impressive strides over the past two decades with an increasing share of students mastering the basic competencies that they need for life and work. But these average improvements mask significant disparities in learning outcomes and attainment with an **Educating Our Children to Succeed in the Global Economy** United States. Congress. Senate. Committee on Health, Education, Labor, and Pensions, 2014. Boletín Internacional de Bibliografía Sobre Educación, 2003. *Building Effective Learning Environments* Kevin S. Krahnbuhl, 2021-04-29. Teachers are bombarded with trends and competing ideas. This book provides a framework to help you find the right balance between new and old instructional practices so you can design learning environments that truly enhance learning. The author shares key research-based principles to engage and extend learning and he debunks common myths. He then shows how to use a classical method and how to engage with new ideas and evidence to create a highly effective learning environment. Each chapter offers reflection and application questions you can use independently or in book studies to get the most out of your reading. Written for teachers of any grade level, the book contains applications and examples across content areas so you can see how to implement the ideas in your own classroom or school. **The Link**, 1997. *Implementing Performance Management* Joan Dean, 2003-09-02. This book is for headteachers, senior and middle managers in both primary and secondary schools and all teachers involved in the performance management process. It sets out the aims and objectives of the system and offers sensible practical advice to help make performance management work effectively in schools. Case studies are used to illustrate the processes involved in performance management and each chapter ends with suggestions for staff discussions looking at the common concerns and issues that arise. Joan Dean has taught in primary, secondary and further education and has held two headships. She has also been a primary schools adviser and a chief inspector and has published more than thirty books on education. In 1980 she was awarded the OBE for services to education.
