Successful Teaching of Disadvantaged Children, 1980      **Successfully Teaching and Managing Children with ADHD** Fintan O'Regan, 2019-04-17 Written by one of the UK's leading experts in ADHD O'Regan's *Successfully Teaching and Managing Children with ADHD* is an invaluable resource offering practical and effective strategies for managing the difficult and often disruptive symptoms of ADHD in the classroom setting. Alongside the accessible and user-friendly resources that have made the first edition so valued, this second edition offers a greater number of case studies addressing the key issues surrounding ADHD in education. Up-to-date information and advice regarding medication and behavioural strategies. Specific advice on recognising and managing ADHD in girls and adults. Chapters in this book explore topics such as recognising and managing ADHD behaviour, working with parents of children with ADHD, whole-school approaches to ADHD and professional development for teachers and assistants. With accompanying assessment and management resources including the CAST Child ADHD Screening Tool, this is an essential tool for teachers, SENCOs, behavioural management staff and senior leaders.

Family-School Success for Children with ADHD Thomas J. Power, Jennifer A. Mautone, Stephen L. Soffer, 2024-08-07 Distilling decades of research, this practical manual presents an innovative intervention for families of 6 to 10-year-olds, grades 1-5, with attention deficit hyperactivity disorder (ADHD). *Family School Success (FSS)* focuses on improving children's behavior and academic performance by strengthening parent-child, teacher-student, and family-school relationships. Detailed guidelines are provided for implementing FSS with parent groups or individual families, including how to involve children in groups and collaborate with teachers. The authors discuss ways to deliver FSS effectively in school and clinic-based settings, private practice, and primary care. In a convenient large-size format, the book features dozens of reproducible parent handouts and worksheets, assessment tools, and fidelity checklists which can also be downloaded and printed. This book is in *The Guilford Practical Intervention in the Schools Series*, edited by Sandra M. Chafouleas.      *Successful Teaching Placement in Scotland: Primary and Early Years* Jane Medwell, Frances Simpson, 2008-05-06 The majority of ITE students in Scotland are postgraduates with only one year to grasp the vast skills and knowledge required to become a primary teacher. Therefore, for many, school placement is a source of stress and worry. This book combines the information and support that students need to help them prepare for, enjoy, and maximise the benefits of teaching placements for their professional development. It has been specifically written for the education system in Scotland, taking full account of the differences in practice and terminology that make English books of little use to trainees in Scotland.      **Successful Teaching** Scott D.
