How They Make It Work... 21 Habits of a Successful Marriage Ed Wimberly, 2020-02-14 Throughout the course of my 45 years in private practice I have at times wondered how it is that some couples do so well beyond therapy and on their own to improve and progress while others who initially improve through the counseling process seem to fall back into many of their old and self defeating habits It took me a while but I now understand that often those couples who fall back into their old destructive habits usually do so because they neglect to replace them with new and productive ones Removing dysfunctional habits must be followed by developing new and healthy habits How They Make it Work addresses 21 new habits I have consistently observed through follow up contacts that seem to help couples continue to thrive and to grow on their own beyond professional intervention At the end of each of the 21 chapters are several questions designed to help you process together the new habits that are being suggested here Since they have worked for others there is more than a good chance they will work for you Testimonials Dr Wimberly s book was thought provoking straight forward and easy to apply in our effort to build a healthier more successful marriage Barbie Krabacher early childhood educator Rich in wisdom and helpful insights from an experienced therapist Gordon Hess Ph D retired therapist HOW THEY MAKE IT WORK 21 Habits of a Successful Marriage is a straight forward guide to helping and healing any relationship If you want to love and be loved in your relationship here is a compass to help find your way Noah BenShea international best selling author philosopher and speaker More than just a list of ideas to make a marriage better Ed s book tackles the tough and underlying issues that can sabotage a relationship B Kirkpatrick author of Hard Left and The Resurrection of Johnny Roe Dr Wimberly has with wisdom humor and common sense translated psychological principles into a highly useful guide for couples who want to improve their relationship Dr James Hilkey forensic psychologist

Blue Print for a Successful Marriage Dr. Joshua Joy Dara, Sr.,2010-05-07 Marriage is a good institution in any society The idea of two people coming together to form a union is brilliant However it is easy to get married but it is not easy to stay married One obvious reason is the challenge of two different and unique individuals trying to live together under one roof and in one accord This book is intended to be a blue print for a successful marriage It is my heart desire to see married couples succeed I have seen too many marriages failed in my life time I have noticed several married couples struggle in their marriage even though both parties are good people I have watched too many good people get hurt in their relationship and I have seen lives being messed up as a result of marriage failure My natural instinct is to recognize the problem and fashion a solution to make our world a better place That is why I am provoked to write this book I am not a stranger to the marriage institution I have been married for twenty four years and I have had my own share of marital challenges More so I am a Pastor and a Lawyer In that capacity I have conducted many marriage ceremonies I have been a marriage counselor to hundreds of married couples and I have represented many people on marriage matters in the court room In short I have seen it all I have seen the good the bad and the ugly Frankly I am sick and tired of seeing too many people get hurt in their marriage and I really want to help That is exactly what this book is all about If you are looking for a practical relevant and blunt book about marriage this is it

The I Do's and I Don'ts of a Successful Marriage Rick L. Cox,2020-10-15 The I Do s and I Don ts of a Successful Marriage By Rick Cox The book is about marriage and relationships I realize there are many self help books covering a variety of issues My desire however was to write a book about marital as well as other relationships that is easy to read yet has enough substance to positively impact readers on a level that would motivate an inward desire to change for the better This is a book that will open the eyes of readers to the fact they are as normal as anyone else It is a book showing how a few changes or corrections in one s daily interaction with one s spouse could make for a better tomorrow The reader will learn not to react responding instead with the right motive and attitude the reader will be able to see how by doing the right things one s life can change for the better and so can the lives of all in the household I grew up hearing how difficult the marital relationship is due to the differences between men and women I heard about how women are hard to figure out or that most men never know what it is their wives want In my life I have not found this to be true what I have found is it takes a conscious effort on my part to observe and get to know my wife her likes and dislikes her wants hopes dreams and desires During this observation I learned she did not like all the things I did and that was okay I learned to accept the fact she might not want to do what I want to do and it is okay if I don t want to do what she

wants I learned she is romantic and even has her own personal language This is a language she and other women appear to understand but it didn't readily make sense to me I believe you will find this book to be quite informative and to the point It will make you think hard about how you interact with your spouse on a daily basis It will also teach you something about the most important college you will ever attend the college of life
