Poems of Succession Martin Carter, 1977 *Succession* Mary Swander, 1979 **Poems on Bishops by Gregory of Nazianzus and Ephrem the Syrian** Giovanni Colpani, 2025-06-16 Gregory of Nazianzus and Ephrem the Syrian are both regarded as foundational poets for their respective literary traditions. They wrote in the same period, the 4th Century, and they both devoted a cycle of poems to a debated theme of the time: bishops. Aim of this work is enhancing the appreciation of these cycles. Gregory's carmina II 1 10 12 13 17 and Ephrem's carmina nisibena 13 21 as works of literature embedded in the performance and reading practices of the time in theological debates on the episcopal office and in their respective communities. The book compares performance and transmission methods of the two corpora, the word choice and imagery describing the episcopal office and how portraits of real life bishops are influenced by theological expectations on what a bishop should be. Two chapters are devoted to literary phenomena peculiar to each author. This book, the first extensive comparison of these two authors from a literary point of view, will interest scholars of Late Antique poetry and literature, Church history and Patristic theology. A new English translation of both corpora constitutes the appendix. **Poems Edited with Introductions, Various Readings and Notes by J. Schipper** William Dunbar, 1891 **Anglophone Caribbean Poetry, 1970-2001** Emily A. Williams, 2002-12-30 Caribbean poetry written in English has been attracting growing amounts of scholarly attention. The first substantial annotated bibliography of primary and secondary materials related to the topic, this reference chronicles the development of Anglophone Caribbean poetry from 1970 through 2001. Included are nearly 900 entries for anthologies, reference works, conference proceedings, critical studies, interviews, and recorded works. The volume also includes a chronology, an overview of the development and significance of Caribbean poetry in English, and extensive indexes. In 1971 the Association for Commonwealth Literature and Language Studies held a conference on West Indian literature at the University of the West Indies. This was the first assembly for the discussion of West Indian literature by West Indian people on West Indian soil. Since then, interest in Caribbean poetry written in English has grown dramatically. Caribbean poetry was influenced by the American Black Power movement during the 1970s, and women poets began to contribute their voices throughout the 1980s. Caribbean poets have in turn gained greater access to publishing outlets, resulting in a wider international readership and a corresponding increase in scholarly and critical studies. This book is the first substantial annotated bibliography of primary and secondary materials related to Caribbean poetry written in English. The volume begins with the rise of interest in Anglophone Caribbean poetry in the 1970s and continues through 2001. Included are entries for nearly 900 anthologies, reference works, conference proceedings, critical studies, interviews, and recordings. The entries are grouped in chapters devoted to particular types of works. In addition, the volume includes a chronology, a discussion of the history of Anglophone Caribbean poetry, and extensive indexes. **The Poems of William Dunbar** William Dunbar, 1891 **The Poems of Alexander Pope: Volume One** Julian Ferraro, Paul Baines, 2019-03-21 The

The Poems of Hesiod Hesiod,1983 Hesiod is the first Greek and therefore the first European we can know as a real person for unlike Homer he tells us about himself in his poems Hesiod seems to have been a successful farmer and a rather gloomy though not humorless man One suspects from his concern for the bachelor's lot and some rather unflattering remarks about women that he was never married A close study of both poems reveals the same personality that of a deeply religious man concerned with the problems of justice and fate

The Poems and Ballads of Sir Walter Scott, Bart ... Sir Walter Scott,1875 Fifty Poems, 1830-1864 Alfred Tennyson Baron Tennyson,1927 *Li Ch'ing-chao, Complete Poems* Qingzhao Li,1979 A brief biography and detailed notes accompany poems by China's greatest woman poet which are full of lucid imagery and reflect her love of the beautiful and artistic as well as the political turmoil of twelfth century China

Ezra Pound and the Appropriation of Chinese Poetry Ming Xie,2021-12-12 First published in 1999 The subject of this book is the translation and appropriation of Chinese poetry by some English and American writers in the early decades of this century The author explores the be concerned as much with English translation of Chinese poetry per se as with the relationship between this body of translation from the Chinese and the developing poetics and practices of what is usually referred to as Imagism as much with the question of historical influence or ascription as with certain interpretive and critical aspects of this correlative relationship Focusing on the direct influence of Chinese poetry upon the theory and practice of Imagism attributing to Imagist poets in general and Ezra Pound in particular the perception in Chinese poetry of the essential qualities and principles for rejuvenating English poetry in the early decades of the century

Shakespeare has never been more ubiquitous not only on the stage and in academic writing but in film video and the popular press On television he advertises everything from cars to fast food His birthplace the tiny Warwickshire village of Stratford Upon Avon has been transformed into a theme park of staggering commercialism and the New Globe in its second season is already a far bigger business than the old Globe could ever have hoped to be If popular culture cannot do without Shakespeare continually reinventing him and reimagining his drama and his life neither can the critical and scholarly world for which Shakespeare has for more than two centuries served as the central text for analysis and explication the foundation of the western literary canon and the measure of literary excellence The Shakespeare the essays collected in these volumes reveal is fully as multifarious as the Shakespeare of theme parks movies and television Indeed it is part of the continuing reinvention of Shakespeare The essays are drawn for the most part from work done in the past three decades though a few essential enabling essays from an earlier period have been included They not only chart the directions taken by Shakespeare studies in the recent past but they serve to indicate the enormous and continuing vitality of the enterprise and the extent to which Shakespeare has become a metonym for literary and artistic endeavor generally *American Poetry 19th Century 2* John Hollander, 2016-04-01 First Published in 2004 From Philip Freneau to Walt Whitman Herman Melville to Trumbull Stickney this collection of two volumes selected by John Hollander gives an insight into the artform during the nineteenth century This collection is sorted by author with focus on American Indian Poetry Folk Songs and Spirituals An extensive list of works with attention to their chronology and editor notes on the texts within *Poems and essays* Edgar Allan Poe, 1883
