

The background image is a landscape photograph. In the foreground, there is a dark, gravelly path or road that curves towards the right. To the left of the path, there are patches of snow or light-colored ground. In the middle ground, there are tall, dry grasses or reeds. The background shows a body of water, possibly a lake or a wide river, with a bright sun low on the horizon, creating a strong glow and a lens flare effect. The sky is filled with soft, white clouds. The overall color palette is dominated by warm tones from the sunset/sunrise, with oranges, yellows, and browns, contrasted with the cool whites of the snow and the blues of the sky and water.

We may be confident in this:  
that in the pain of our suffering  
is the presence of a faithful God.

*Confidence in Life* Matthew Lee Anderson, 2023-12-28 *Confidence in Life* offers a theologically robust evaluation of the good of procreation which emerges out of both careful interactions with contemporary analytic philosophy and a reconstructed reading of Karl Barth's doctrine of procreation While analytic moral philosophy has rarely been brought into close proximity to Barth's work the conjunction underscores the deep difficulty of accounting for procreation's value within non theological frameworks and helps clarify what is distinctive and valuable about Barth's own moral reasoning on this subject Though primarily staged as an intervention in Protestant moral theology *Confidence in Life's* rehabilitation of the Virgin Mary's role in Barth's thought has promise for an ecumenical retrieval of the good of procreating within the economy of redemption and its retrieval of honour as an indispensable aspect of Barth's theology will be of interest to Barth scholars and moral theologians alike

*God's Absence and the Charismatic Presence* Roy D. Kindelberger, 2017-05-17 The author's theological inquiry is intended to raise questions of interpretation within the camp of openness theology and to direct a discussion on the implications of this movement for the charismatic Pentecostal community Open theism or openness theology affirms that the universe is open the future is not settled God is essentially relational love and the risks of love and the threats against it are real The author digs deep into this area of doctrine in order to question how far openness theology is willing to go Is it only the future that is open to God or are there perhaps unknown aspects to the past and present as well What does God know about sin and when does he know it Is it possible for God to be totally absent from a person's life or even from an entire nation If God can be absent can he also be exceptionally present in the lives of believers What would the divine presence and the charismata spiritual ministries look like in an open universe

[Genetics and Christian Ethics](#) Celia Deane-Drummond, 2006 In the immediate future we are likely to witness significant developments in human genetic science It is therefore of critical importance that Christian ethics engages with the genetics debate since it affects not just the way we perceive ourselves and the natural world but also has wider implications for our society This book considers ethical issues arising out of specific practices in human genetics including genetic screening gene patenting gene therapy genetic counselling as well as feminist concerns Genetics and Christian Ethics argues for a particular theo ethical approach that derives from a modified version of virtue ethics drawing particularly on a Thomistic understanding of the virtues especially prudence or practical wisdom and justice The book demonstrates that a theological voice is highly relevant to contested ethical debates about genetics

**Promise and Presence** John E. Colwell,2011-09-22 John Colwell presents a robust sacramental theology for Protestant churches He maintains that a doctrine of the Trinity leads us to conceive of God s gracious engagement with his creation as one that is mediated through that creation And this lies at the foundation for an understanding of the sacraments Colwell further argues that the Church and Scripture confer context definition and validity on all other sacramental events The final section reconsiders the seven Sacraments of the Catholic tradition in the light of the understanding of sacramentality developed earlier in the book baptism confirmation the Lord s Supper cleansing healing ministry and marriage Colwell discusses the Sacraments from an evangelical perspective but with a committed ecumenical intent *Christian Bioethics* C. Hanson,Daniel Callahan,2000-10-27 Debates over health care have focused for so long on economics that the proper goals for

medicine seem to be taken for granted yet problems in health care stem as much from a lack of agreement about the goals and priorities of medicine as from the way systems function This book asks basic questions about the purposes and ends of medicine and shows that the answers have practical implications for future health care delivery medical research and the education of medical students The Hastings Center coordinated teams of physicians nurses public health experts philosophers theologians politicians health care administrators social workers and lawyers in fourteen countries to explore these issues In this volume they articulate four basic goals of medicine prevention of disease relief of suffering care of the ill and avoidance of premature death and examine them in light of the cultural political and economic pressures under which medicine functions In reporting these findings the contributors touch on a wide range of diverse issues such as genetic technology Chinese medicine care of the elderly and prevention and public health The Goals of Medicine clearly demonstrates the importance of clarifying the purposes of medicine before attempting to change the economic and organizational systems It warns that without such examination any reform efforts may be fruitless

**God's Presence in the Life of an Ordinary Woman** Kitty McCaffrey, 2012-08-01 God's Presence in the Life of an Ordinary Woman is about an everyday sort of woman who became a Christian early in life She shares the many times when she couldn't feel God with her begged to feel His presence and wondered why He was so busy with everyone else She also shares how she trudged through these times to come again to a full realization of God's presence Through all these times she yearned to serve Him As in childhood now in old age she yearns for His favor

*Receiving the Gift of Friendship* Hans S. Reinders, 2008-04-14 Does what we are capable of doing define us as human beings If this basic anthropological assumption is true where can that leave those with intellectual disabilities unable to accomplish the things that we propose give us our very humanity Hans Reinders here makes an unusual claim about unusual people those who are profoundly disabled are people just like the rest of us He acknowledges that at first glance this is not an unusual claim given the steps taken within the last few decades to bring the rights of those with disabilities into line with the rights of the mainstream But he argues that cannot be the end of the matter because the disabled are human beings before they are citizens To live a human life properly he says they must not only be included in our institutions and have access to our public spaces they must also be included in other people's lives not just by natural necessity but by choice *Receiving the Gift of Friendship* consists of three parts 1 Profound Disability 2 Theology and 3 Ethics Overturning the commonsense view of human beings Reinders's argument for a paradigm shift in our relation to people with disabilities is founded on a groundbreaking philosophical theological consideration of humanity and of our basic human commonality Moreover Reinders gives his study human vividness and warmth with stories of the profoundly disabled from his own life and from the work of Jean Vanier and Henri Nouwen in L'Arche communities

*The Freedom to Choose Life* Scott W. Gustafson, 2024-05-28 In *The Brothers Karamazov* Fyodor Dostoevsky proposes ministry as the way to resist and overcome the world's evil He employs two plotlines to do so The action plot concerns the events surrounding the murder of

Fyodor Karamazov All evidence points to Dmitri Karamazov Rational circumstantial evidence convicts him yet the reader knows he is innocent The ministry plot occurs in this dark context where small acts of love are performed by The Elder Zosima Alyosha Karamazov and many others These acts of love all answer this unspoken question What can be said and done in Jesus name that opens the future to new possibilities in contexts heretofore deemed closed and without hope Asking and answering this question is the essence of ministry and since the question can be asked in any context ministry is possible anywhere Dostoevsky s unabashed antisemitism however undermines his brilliant analysis The concluding chapters document how unconfessed sins like antisemitism exert a death dealing power that undermines our cultures our communities and our ministries The Freedom to Choose Life shows how ministry resists and overcomes evil by these small acts of love and by the global effects of repenting of humanity s unconfessed sins Inviting Gods Presence Larry Keefauver,2009-05-30 Keefauver believes that the passionate pursuit of God is the most authentic method of finding God s presence in our lives Divided in two parts this volume is a journey into developing a genuine relationship with God
