Sufism in the Secret History of Persia Milad Milani,2014-10-14 Sufism formed one of the cultures of resistance which has existed in the social fabric of Persia since antiquity Such resistance continues to manifest itself today with many looking to Sufism as a model of cooperation between East and West between traditional and modern Sufism in the Secret History of

Persia explores the place of Sufi mysticism in Iran's intellectual and spiritual consciousness through traditional and contemporary Sufi thinkers and writers. Sufism in the Secret History of Persia examines the current of spirituality which extends from the old Iranian worship of Mithra to modern Islam. This current always contains elements of gnosis and inner knowing but has often provided impetus for socio-political resistance. The study describes how these persisting pre-Islamic cultural and socio-religious elements have secretly challenged Muslim orthodoxies and continue to shape the nature and orientation of contemporary Sufism. Common Spirit, Common Ground Michael Strange, 2002. This book celebrates the diverse and unique perspectives of spirituality as expressed by the world's major religions. At the same time it explores the similarities between the major religions with respect to the transcendental experience itself. There are many paths that lead up to the mountain and from its summit one can appreciate them all. Whatever your current spiritual practice may be the intention of this book is to help you deepen it. It was written to support mutual respect and tolerance between different cultures and their spiritual ideologies. We can even find ways to appreciate one another. For those of us who follow the spiritual journey there is more that unites us than separates us. And the diversity between us can open us to new inspiration and to closer union with Spirit as we listen to one another with an open heart.

Islam, Sufism and Everyday Politics of Belonging in South Asia Deepra Dandekar, Torsten Tschacher, 2016-09-13. This book looks at the study of ideas, practices and institutions in South Asian Islam commonly identified as Sufism and how they relate to politics in South Asia. While the importance of Sufism for the lives of South Asian Muslims has been repeatedly asserted, the specific role played by Sufism in contestations over social and political belonging in South Asia has not yet been fully analysed. Looking at examples from five countries in South Asia: India, Pakistan, Bangladesh, Sri Lanka and Afghanistan, the book begins with a detailed introduction to political concerns over belonging in relation to questions concerning Sufism and Islam in South Asia. This is followed with sections on Producing and Identifying Sufism, Everyday and Public Forms of Belonging, Sufi Belonging, Local and National and Intellectual History and Narratives of Belonging. Bringing together scholars from diverse disciplines, the book explores the connection of Islam, Sufism and the Politics of Belonging in South Asia. It is an important contribution to South Asian Studies, Islamic Studies and South Asian Religion. Animating the Spirited Tze-yue G. Hu, Masao Yokota, Gyongyi
