life Life is the same for the saint and for Satan and if men are different it is because of their outlook on life The same life is turned by the one into heaven and by the other into hell There are two attitudes to one all is wrong to the other all is right Our life in the world from morning to evening is full of experiences good and bad which can be distinguished according to their degree And the more we study the mystery of good and bad the more we see that there really is no such thing as good and bad It is because of our attitude and the conditions that things seem good or bad It is easy for an ordinary person to say what is good or bad just or unjust it is very difficult for a wise man Although everyone according to his outlook on life turns things from bad to good and from good to bad everyone has his own grade of evolution and reasons accordingly Sometimes one thing is subtler than others and then it is difficult to judge There was a time when Wagner s music was not understood and another time when he was considered the greatest of musicians Sometimes things are good but our own evolution makes them less good for us What we considered good a few years ago may not seem good at a later degree of evolution At one time a child appreciates a doll most later it will prefer the work of great sculptors This proves that at every step and degree of evolution man s idea of good and bad changes Therefore a thinker will understand that there is no such thing as right or wrong If there is wrong all is wrong if there is right all is right [The Sufi Message Volume 2](#) Hazrat Inayat

Portals Lynne Hume,2020-06-29 As Alice in Wonderland discovered cave entrances tunnels spirals and mirrors can transport people to strange worlds where anything is possible

Portals investigates how we move beyond the conscious and physical world using our senses into other realities of the spiritual and the divine. Portals looks at the techniques used to alter consciousness practised by shamans, monks and other religious specialists. These include the use of drugs as well as drumming, chanting and meditation. The book provides a new anthropologically grounded perspective on the wide ranging questions about the realities of human consciousness and mystical, spiritual and religious experience.

The Witch as Teacher in Fairy Tales Nuria Daly, 2017-02-17. By unlocking the hidden spiritual truths of fairy tales we gain understanding of the deep mystical meaning hidden in the depths of such stories and how these insights can be applied to the lives of modern day truth seekers. Through study we realize the journey itself and the great battles we must fight to overcome the demons and dragons deep within us. In *The Witch and the Fairy as Teacher in Fairy Tales* Sufi leader Nuria Daly explores the inner realms of the creative imagination and our common crucial purpose of finding and integrating the Creative Feminine. This book introduces many worthy themes for reflection as a wonderful eye opener to reading the symbolic psychological dimension of popular stories. Great stuff I love it, a beautiful telling of the inner spiritual journey from the outer realm of dualism via the union of opposites through growth in wholeness towards oneness with the divine. Can be read time and again and as the lessons are learnt and practiced, ones subsequent understanding and self realization are deepened. This is the essence of wisdom literature indeed.

Dr Nicholas Coleman, Director of School of Spiritual Studies. The book springs from decades of teaching Sufi wisdom. The voice is not a narrative voice but a meditative one providing a renewal or indeed a reimagining of the wisdom voice of Sufism. The text is an allegory of the teaching process. It teaches about teaching.

William M Johnston, Emeritus Professor of History, University of Massachusetts and Editor, *The Encyclopedia of Monasticism*.

The Common Vision David Marshak, 1997. Describes the teachings on child raising and education of Rudolf Steiner, Sri Aurobindo Ghose and Hazrat Inayat Khan, revealing similarities and differences between these three visions of human nature and growth within the context of spirituality. Details what children need in their schooling at various ages and visits the theories in action at a second grade classroom in a Waldorf school and at the Sri Aurobindo ashram. Of interest to parents and teachers.
