## **Sufi Fiddle:**

*The Sufi Fiddle* Richard W. Bulliet, 1991-01-01 To relieve the tedium of jury duty recently divorced Castle Winter and a beautiful computer expert named Pansy borrow a piece of evidence a violin engraved with Arabic writing and suddenly find themselves pursued by several menacing characters *Sufi Fiddle* Professor Richard W Bulliet, Richard Bulliet, 1992-09-01

**Ambient Sufism** Richard C. Jankowsky, 2021-02-17 Ambient Sufism is a study of the intertwined musical lives of several ritual communities in Tunisia that invoke the healing powers of long deceased Muslim saints through music driven trance rituals Richard C Jankowsky illuminates the virtually undocumented role of women and minorities in shaping the ritual musical landscape of the region with case studies on men's and women's Sufi orders Jewish and black Tunisian healing musical troupes and the popular music of hard drinking laborers as well as the cohorts involved in mass mediated staged spectacles of ritual that continue to inject ritual sounds into the public sphere He uses the term ambient Sufism to illuminate these adjacent ritual practices each serving as a musical social and devotional therapeutic niche while contributing to a larger shared ecology of practices surrounding and invoking the figures of saints And he argues that ritual musical form that is the large scale structuring of ritual through musical organization has agency that is form is revealing and constitutive of experience and encourages particular subjectivities Ambient Sufism promises many useful ideas for ethnomusicology anthropology Islamic and religious studies and North African studies **Sufi Heirs of the Prophet** Arthur F.

Buehler, 2022-10-18 An examination of the sources and evolution of personal authority in one Islamic society Sufi Heirs of the Prophet explores the multifaceted development of personal authority in Islamic societies by tracing the transformation of one mystical sufi lineage in colonial India the Naqshbandiyya Arthur F Buehler isolates four sources of personal authority evident in the practices of the Naqshbandiyya lineage spiritual traveling status as a Prophetic exemplar and the transmission of religious knowledge to demonstrate how Muslim religious leaders have exercised charismatic leadership through their association with the most compelling of personal Islamic symbols the Prophet Muhammad Buehler clarifies the institutional structure of sufism analyzes overlapping configurations of personal sufi authority and details how and why revivalist Indian Naqshbandis abandoned spiritual practices that had sustained their predecessors for more than five centuries He looks specifically at the role of Jama at Ali Shah d 1951 to explain current Naqshbandi practices **Sufi**, 2005 [Reflections on the Past, Visions for the Future](#) Harvard University. Center for Middle Eastern Studies, 2004 Area studies and especially Middle Eastern studies have been in a state of crisis since the spread of globalization This volume focuses on one of the field's leading institutions Harvard's Center for Middle Eastern Studies CMES which was founded 50 years ago to further research and teaching about a region that remains enigmatic to the U S **The Columbia History of the 20th Century** Richard W. Bulliet, 1998 In the parade of highlights with which many have tried to sum up the twentieth century the overarching patterns and fundamental transformations often fail to come into focus The Columbia History of the 20th

Century however is much more than a chronicle of the previous century's front page news. Instead the book is a series of twenty three linked interpretive essays on the most significant developments in modern times ranging from athletics to art, the economy to the environment. Rather than presenting a linear narrative each author uncovers patterns of worldwide change. James Mayall for example writes on nationalism from the rise of European fascism to the rise of Asian and African nations. Sheila Fitzpatrick traces the history of communism and socialism in Moscow and Havana. In her chapter on women and gender Rosalind Rosenberg covers the progress of women's rights throughout the world from Middle Eastern activism to the American feminist movement. Jean Marc Ran Oppenheim's history of sports traces the spread of Western sports to all corners of the globe and the West's appropriation of such activities as martial arts. In each the important strands of history events, ideas, leading figures, issues come together to offer an illuminating look at cultural connection, diffusion and conflict, showing in stark relief how this period has been unlike any preceding era of human history.

#### **Views from the Edge**

Negin Yavari, Lawrence G. Potter, Jean-Marc Ran Oppenheim, 2004-11-24. These essays were written by colleagues and former students of Richard Bulliet, the preeminent Middle East scholar whose most important contribution remains his extraordinary imagination in the service of history. The hallmark of the book then is innovative scholarship in all periods of Islamic history. Its authors share a commitment to asking original historiographical questions with an overall orientation toward issues in social history.

**From Shamanism to Sufism** Razia Sultanova, 2011-01-30. Women have traditionally played a vital part in Islam throughout Central Asia, the vast area from the Caspian Sea to Siberia. With this ground breaking and original study Razia Sultanova examines the experiences of Muslim women in the region and the ways in which religion has shaped their daily lives and continues to do so today. *From Shamanism to Sufism* explores the fundamental interplay between religious belief and the cultural heritage of music and dance and is the first book to focus particularly on the role of women. Based on evidence derived from over fifteen years of field work *From Shamanism to Sufism* shows how women kept alive traditional Islamic religious culture in Central Asia especially through Shamanism and Sufism even under Soviet rule when all religion was banned. Nowhere was the role of women more important than in the Ferghana Valley in Uzbekistan, the cradle of female Islamic culture and a centre for women's poetry and music. This area is home to the *Otin Oy*, a sisterhood of religiously educated women and members of Sufi orders who take a leading part in rituals marking the pivotal moments in the Islamic calendar and maintaining religious practices through music and ritual dances. Sultanova shows how the practice of Islam in Uzbekistan has evolved over time. Long underground there was a religious resurgence at independence in 1991, boosting national Uzbek identity and nationalism. 500 new mosques were built only to be followed by a return to persecution by a repressive state under the banner of the war against terror. Now events have come full circle and once again covert worship by women remains crucial to the survival of traditional Muslim culture. Ritual and music are at the heart of Central Asian and Islamic culture not only at weddings and funerals but in all aspects of everyday life. Through her in depth analysis

of these facets of cultural life within Central Asian society From Shamanism to Sufism offers important insights into the lives of the societies in the region The role of women has often been neglected in studies of religious culture and this book fills an enormous gap restoring women to their rightful historical and cultural context It will be essential reading for anyone with a serious interest in the History or Religion of Central Asia or in Global Islam
