

ELEMENTS OF INNER LEADERSHIP

Developing any of these areas will dramatically increase your leadership effectiveness, regardless of your role or position:

1

KNOW YOURSELF

- Know your strengths and your weaknesses
- Own both
- People will work around your blind spots

AUTHENTICITY & INTEGRITY

- People follow who you are, not what you say
- Focus on being trustworthy
- Keep your word

2

3

STEER BY YOUR VALUES

- Know what is truly important to you
- Embody your values and put them in action
- Acknowledge when you are out of alignment

SEE THE BEST IN OTHERS

- People are driven by a positive inner intention
- Publicly acknowledge other people
- Appreciate what they do and who they are

4

5

BE HUMAN, NOT PERFECT

- Be human - fallible, learning, growing
- Perfectionism hurts you and others.
- Imperfect action leads to iterative improvement

DO IT TOGETHER

- *"If you want to go fast, go alone. If you want to go far, go together."*
- Communicate your vision, share the load

6

7

LEAD WITH HEART

- Care about others. it's the glue that hold it together
- Express your appreciation and love
- When cared for, people go the extra mile

STEP UP

- See what's needed. Name it. Put ideas out.
- Take risks. Make mistakes. Learn.
- Move towards your strategic goals

Techniques Of Inner Leadership:

The Techniques of Inner Leadership Gilbert W. Fairholm, 2003-10-30 Leadership is fundamentally different from management but traditional leadership skills were based on an ill fitting management oriented model When leadership is recognized as a discrete professional specialty new techniques and methods are needed to operationalize the new values based theories In addition to distinguishing leadership from management this book distinguishes inner leadership practiced by those in the middle ranks from leadership as practiced by the CEO Inner leadership is an applied complex of specialized knowledge theory skills attitudes and attributes used to make things happen in the lives and behavior of other community members The leader s goal is to cause followers to accept the leader s values e g his or her standards of what are acceptable goals behavior and overall conduct as their own It is an intimate personal life transforming task that resolves itself into a set of discrete techniques sets of attitudes actions and intentions that distinguish leaders from managers or other corporate workers The special focus of the 21 leadership techniques presented here is on those unique methods of group interaction that characterize leadership activities in the middle of the corporation These techniques represent a substantial body of inner leadership practice that differentiates leadership from all other group roles and functions *Leadership for Health*

Overcoming Workplace Pathologies Gilbert W. Fairholm,2015-07-04 This book deals directly with the characteristics of the relationships that the leader builds in the context of the work environment It argues that the prevailing work community work culture is intended to help the leader lead but increasingly it impedes the leader s work Leadership is a function of the leader s values attitudes and aspirations leadership flows from the leader s spiritual character defining core essence However the author argues that cultural forces coming from both inside and outside the workplace often designed to

promote diversity inclusivity and tolerance have introduced into the work culture values and behavior that are pathological to executing effective leadership and detrimental to the health of work communities While attractive on the surface these new values are toxic to the idea of relationship and thus threaten the work community culture in effect killing leadership This book will arm leaders with the tools resources and techniques to recognize and overcome workplace pathologies After reading this book leaders will have a complete understanding of the key principles of spirit based values leadership see clearly that the leader s values shape both the leader s one on one relationships with coworkers and are at the center of the work culture they create to re enforce coworker actions and decisions appreciate more fully the power of the ambient work culture to influence coworkers toward leader set values and methods guiding the work community know the toxic effect on doing leadership of introducing non work values and standards into the work community culture understand the arguments against allowing subgroups of the work community to form and practice values opposed to the values the leader has set for the full group be better prepared to deal with the consequences of encountering evil hatred and or fear in the workplace realize that not all coworkers are uniformly honest and truthful and learn ways to counter this behavior and still accomplish the work community s goals and ensure its productivity The result is a pragmatic approach to aligning values behaviors and performance while enhancing the principles of effective and positive leadership throughout the organization
