Technology And English Studies Innovative Professional Paths:

Technology and English Studies James A. Inman, Beth L. Hewett, 2020-07-24 In scholarship about technology and English studies there are a number of first person narratives that suggest what may be termed traditional professional paths That is they chronicle the positive influence of a particular technology class professor or publication and suggest that it inspired a distinct and rewarding professional path What is missing is the rest of the story alternate ways that individuals have come to do work in technology and English studies and analysis of what this means for paths others might pursue *Technology and English Studies Innovative Professional Paths* meets this need The volume begins with definitions of its three central terms technology English Studies and professional paths Chapters are organized in four sections reflecting both a chronological progression and thematic professional development The Past as the Future Searching the Academy Pushing Boundaries and Forging Beyond As a forerunner in addressing professionalization across the domains that comprise technology and English studies it will prove foundational for many readers with non traditional or otherwise alternate backgrounds who are working out what professional paths might be available to them *Technology and English Studies Innovative Professional Paths* is an important professional development resource for professors instructors and graduate students across the field of English studies including rhetoric and composition computers and writing computer assisted language learning literary and linguistic computing literary studies English education technical communication linguistics writing centers second language education ESL and creative writing
