*The International Transfer of Technology* Richard D. Robinson, 1988 Robinson's overview of the topic includes definitions and measures a discussion of modes of transfer a model of supply and demand and an analysis of government intervention Notes but no bibliography Annotation copyrighted by Book News Inc Portland OR      **Technology Transfer Practice**

**International Firms** Frank R. Bradbury, 1978      *Technology Transfer in International Business* Tamir Agmon, Mary Ann Von Glinow, 1991-08-01 This important collection examines the means by which technological knowledge is transferred from countries that develop it to those who need it Written by well known authorities and derived from a conference held at the University of California and sponsored by IBEAR International Business Education Research Program the contributions focus on the transfer of technology from Western countries to Asian countries      **The International Trade Policy for**

**Technology Transfers** Yi Shin Tang, 2009-01-01 This book provides a robust guideline to both policymakers and researchers wishing to identify and categorize the factors that influence the process of technology flows across national boundaries as well as the economic theories and legal arguments that may support a given position in international forums In particular the work discusses how certain negotiation strategies may optimally deal with such barriers and lead to more effective institutional arrangements in the current global geography of technological development      *Multinational Companies,*

*Knowledge and Technology Transfer* Alper Sönmez, 2013-12-18 This book provides evidence on how FDI leads to knowledge and technology transfers towards domestic firms by paying attention to the role of multinational companies The author presents a comprehensive empirical research conducted at firm level in the Turkish automotive industry Using a representative sample of face to face in depth interviews with top executives and a survey of top level managers of domestic suppliers the research analyzes the existence channels intensity and determinants and the kind of transfers that occur at both inter and intra firm level in the industry The author contends that policies aimed at attracting FDI flows should be re examined under the findings and insights of this study since it is a necessary although not sufficient condition to have an

efficient absorptive capacity level and or skilled human capital stock in order to benefit from these flows This study has policy implications for the automotive industry as well as practical recommendations for the public institutions and top executives in emerging country companies and multinationals in order to conceive and implement science and technology policies in supporting the knowledge transfers
