Pleasure With Products William S. Green, Patrick W. Jordan, 2002-04-18 The last five years have seen a major paradigm shift in the role of human factors in product design Previously this was seen as pertaining almost exclusively to product usability but new recognition is being given to pleasure based human factors This emphasizes the holistic nature of the experience of person product interaction While tradition **Atoms, Bytes and Genes** Martin W. Bauer, 2015-02-11 Atom byte and gene are metonymies for techno scientific developments of the 20th century nuclear power computing and genetic engineering Resistance continues to challenge these developments in public opinion This book traces historical debates over atoms bytes and genes which raised controversy with consequences and argues that public opinion is a factor of the development of modern techno science The level and scope of public controversy is an index of resistance examined here with a pain analogy which shows that just as pain impacts movement resistance impacts techno scientific mobilization it signals that something is wrong and this requires attention elaboration and a response to the challenge This analysis shows how different fields of enquiry deal with the resistance of social psychological mentalities in the face of industrial scientific

and political activities inspired by projected futures *Epistemics of the Virtual* Johan F. Hoorn, 2012-01-01 Proposing a new theory of fiction this work reviews the confusion about perceived realism metaphor virtual worlds and the seemingly obvious distinction between what is true and what is false The rise of new media new technology and creative products and services requires a new examination of what real friends are to what extent scientific novelty is true and whether online content is merely figurative In this transdisciplinary theory the author evaluates cognitive theories philosophical discussion and topics in biology and physics and places these in the frameworks of computer science and literary theory The interest of the reader is continuously challenged on matters of truth fiction and the shakiness of their belief systems ESG investment and its societal impacts Shigeyuki Hamori, Xiao-Guang Yue, Lu Yang, James Crabbe, 2023-02-09 **History, ICT and Learning in the Secondary School** Terry Haydn, Christine Counsell, 2003-09-02 This book explores the current use and potential of ICT in the secondary history curriculum and offers sound theory and practical advice to help secondary history teachers use ICT effectively Key areas covered include getting started in ICT and history short medium and long term planning using ICT to develop historical understanding and skills data handling in the history classroom ICT and maps integrating virtual resources with the real world of teaching and learning With contributions from leading academics and practitioners in history education this book will be important reading for all secondary history teachers and trainee teachers but will be of interest to upper primary school teachers too **Human Performance** D.
