Understanding of America's Teenagers Bruce J. Gevirtzman,2008-08-30 Alicia is so obsessed with being popular she does things that would shock her parents if they knew Hector is aware the gang that wants him to join may be the death of him but he will not decline Sam was a baseball star but can t play the sport he loves anymore because he is wracked from football injuries a sport his father will not let him quit They are just a few of the teenagers that readers will meet in this candid book authored by a 34 year veteran high school teacher Voted Teacher of the Year and Coach of the Year Bruce Gevirtzman shares with us the results of his years spent talking with teenagers about topics from life and lust to depression and death Revealing honest poignant words shared in conversations classroom talk interviews surveys and journals Gevirtzman takes us inside the minds of today s youths and also contrasts them with teenagers of decades past Topics include teen thinking and secrets on

issues from sex drinking and drugs to peer pressure self imposed standards and beliefs about what is important and painful in life Including interviews with fellow teachers Gevirtzman s book is threaded with one recurring truth Sadly instead of parents and teachers and lawmakers and the public looking out for our kids today s kids are largely left to fend for themselves he concludes Not only will general readers and educators find great insight in this work it will be of interest to students and scholars of adolescent psychology clinical psychology and social work **Adolescent Identities** Deborah L. Browning,2013-04-15 Adolescent Identities draws the reader into the inner world of the adolescent to examine the process of identity formation through the various lenses of history anthropology sociology psychology and psychoanalysis The volume reveals there is no single normal adolescent nor is there a singular adolescent experience Editor Deborah L Browning illustrates that in the course of development each individual must integrate one s unique biologically given constitution and temperament personal life history and the influence of the social and cultural milieu The book consists of six sections arranged by concentric circles of influence from the most exterior identifiable and potentially overt and conscious to the most internal private and potentially unconscious concerns Opening papers are drawn from sociology European history and cross cultural anthropology and address the question of whether and how adolescence can be considered a stage in development The second section explores how visible or potentially knowable minority statuses are experienced and how these interact with individual identity processes Moving closer to the adolescent s interpersonal world the third section presents papers about intimate relationships between adolescents and about the conscious preoccupations of adolescents when they are alone Extensive excerpts of Erikson s most important contributions on identity formation and adolescence are offered in the fourth section Papers on the most internal private and potentially unconscious conflicts comprise the fifth section The book concludes with a section of papers on failed solutions to the challenge of adolescent identity consolidation homelessness drug abuse eating disorders and suicide Adolescent Identities provides mental health practitioners teachers and graduate students in both fields with a variety of perspectives on the internal experience of adolescents Potter's American Monthly ,1880
