School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults. For them libraries become a place for work, the place to research an assignment or find a book for a report, but the thought of the library as a place for enjoyment is lost. So how do librarians recapture the interest of teenagers? This just might be the answer. Here you will find theme-based units such as Cartoon Cavalcade, Log On at the Library, Go in Style, Cruising the Mall, Space Shots, Teens on TV, and 44 others that are designed for young adults. Each includes a display idea, suggestions for local sponsorship of prizes, a program game to encourage participation, 10 theme-related activities, curriculum tie-in activities, sample questions for use in trivia games or scavenger hunts, ideas for activity sheets, a bibliography of related works, and a list of theme-related films. The units are highly flexible, allowing any public or school library to adapt them to their particular needs.

It closely examines teen demographics, literacy, audiobooks, the future of print, the role of literary criticism, and other key topics, providing updated coverage of perennially popular genre fiction, including horror, sci-fi, and dystopian fiction. It delves deeply into multicultural and LGBTQIA literature, substantially updated in this edition. Features expansive interviews with best-selling authors like Eric Shanower, Jackie Woodson, and Bill Konigsberg, as well as several publishers and leaders in the field. Discusses the impact of the Printz Award, ALAN's Walden Award, the National Book Award, The Los Angeles Times Book Award, and other honors, and features abundant bibliographic material to aid in readers' advisory and collection development.
