Cortés,2013-08-15 This comprehensive title is among the first to extensively use newly released 2010 U S Census data to examine multiculturalism today and tomorrow in America This distinction is important considering the following NPR report by Eyder Peralta Based on the first national numbers released by the Census Bureau the AP reports that minorities account for 90 percent of the total U S growth since 2000 due to immigration and higher birth rates for Latinos According to John Logan a Brown University sociologist who has analyzed most of the census figures The futures of most metropolitan areas in the country are contingent on how attractive they are to Hispanic and Asian populations Both non Hispanic whites and blacks are getting older as a group These groups are tending to fade out he added Another demographer William H Frey with the Brookings Institution told The Washington Post that this has been a pivotal decade We re pivoting from a white black dominated American population to one that is multiracial and multicultural Multicultural America A Multimedia Encyclopedia explores this pivotal moment and its ramifications with more than 900 signed entries not just providing a compilation of specific ethnic groups and their histories but also covering the full spectrum of issues flowing from the increasingly multicultural canvas that is America today Pedagogical elements include an introduction a thematic reader s guide a chronology of multicultural milestones a glossary a resource guide to key books journals and Internet sites and an appendix of 2010 U S Census Data Finally the electronic version will be the only reference work on this topic to augment written entries with multimedia for today s students with 100 videos with transcripts from Getty Images and Video Vault the Agence France Press and Sky News as reviewed by the media librarian of the Rutgers University Libraries working in concert with the title s editors **The ^ALands in Between** Mitchell A. Orenstein,2019-04-01 Russia s hybrid war on the West is only beginning to be understood but it has changed politics in all affected countries Those changes are most visible in the lands in between countries that today lie in between Russia and the

European Union on top of an emerging geopolitical fault line in Europe This book shows that we can learn important lessons from these lands in between about how hybrid war affects our own politics at home **Conditions of Violence** Christian Gerlach, 2024-11-04 Mass violence comes not only from states but also from people By analyzing mass violence as social interaction through survivor accounts and other sources this book presents understudied agents aims and practices of direct violence and ways of action of those under persecution Sound history examining the noises of mass violence and persecution is particularly telling about such practices This volume shows that violence can become socially hegemonic and some people claim a freedom to kill as a political right To scrutinize indirect violence which is often imperialist in character and claims many victims the book proposes the concept of conditions of violence These conditions are produced by definable groups of actors and foreseeably harm definable groups which differs from the anonymous and static structural violence This is exemplified in a case study concerning famines in World War II and another on COVID 19 as mass violence Less global in character other case studies in this volume deal with Rwanda Bangladesh East Pakistan and the Soviet Union *True Stories of Teen Refugees* Bridey Heing, 2017-12-15 Wars political oppression and natural disasters are just a few of the reasons that people are forced to leave their homes in search of a new future This book sheds light on what it s like to be a young refugee including what day to day life looks like as a displaced teen in places like Greece Jordan Darfur and more Case studies detail the specific circumstances that lead to displacement today presenting a comprehensive relatable and empathetic look at one of the modern world s most pressing problems
