nature is the law firm that is my goal to write a story **The 30 Trials of Ix and the Angels** Mark Durant,2004-09-16 The 30 Trials of Ix and the Angels follows Ix Pantheos from his awakening in a ruined castle through his travels to the moon the sun and beyond carried along by the songs of thirty angels as they initiate him into the mysteries of consciousness and the nature of existence The answer seemingly found and the journey apparently nearing its end Ix then finds that he must suffer the destruction of his former self and face a new struggle to hold onto all that was revealed to him Born of a series of meditations performed by the author and utilizing an eclectic mix of various world religious and occult philosophies the story is a surreal journey into the depths of the mind echoing Ix's own quest to redeem both himself and mankind While it stands alone as an engaging read for those unacquainted with the various schools of inquiry that comprise the fertile field within which it took root it retains that symbolism which may prove insightful to like minded readers who find themselves treading its obscure paths

Do Angels Smooch Professor Edward Kapambwe,2021-06-01 Do Angels Smooch Do angels smooch If not why so much obsession in lyrics movies and books about angels and kissing Are there any more surprises that Edward Kapambwe unveils in his book Well there is more For example Kapambwe takes us into an in depth angelic journey in order to understand the extent of angelic involvement in human affairs than ever before He brings out novel elements that have never been unveiled previously For example he recounts how angels visit our stores They buy the stuff they need before meeting people Haven't you noticed that no angel has ever appeared nude or with wings in real life They come already dressed just like us and that is why we have been unable to identify them We are surrounded by angels both good and evil Evil angels no longer transform themselves into humans Only good angels still do Since there are no shops in heaven where do they get the stuff they wear Besides that what happens to these apparels after being used The author asserts that angels donate them to Thrift Stores such as Goodwill the Salvation Army and others Donating to Thrift Stores is an ingenious way to make them accessible to both the rich and the poor Have you wondered why they do that It is a deliberate move they take so that ordinary people could buy things worn by angels That begs another question why do they do that The answer is amazing They do that on purpose because they know that to wear stuff worn by holy angels comes with tremendous blessings This book explains that point persuasively In addition the author contends that these angels are highly disciplined entities such that they never steal anything from banks stores or homes of rich people even though they are able to do so without being seen Angels are invisible spirits entities However they have the ability to transform themselves into regular human beings The author throws in another insight He argues and states that helping strangers gives a person the best chance to be visited by an angel The author then explains to us the probabilities of being smooched by an angel Do angels smooch That question points us in the direction of social theology than philosophy It is not a new question but the framing might be Many theologians have debated

extensively the narrative found in Genesis 6 where angels came on earth and married daughters of men With his masterful insight and knowledge of theology and philosophy the author gives a different angle of the workings of angels among us It is not a book to miss If there is one book you need to read in your lifetime Do Angels Smooch should be on top of your list
