Tehran Blues Youth Culture In Iran:

Tehran Blues Kaveh Basmenji, 2014-06-29 More than two decades after their parents rose up against the Shah's excesses increasing numbers of young Iranians are risking jail at the hands of religious paramilitaries roughly their own age for things their counterparts in the West take for granted wearing makeup slow dancing at parties holding hands with members of the opposite sex Every day anxious parents queue at courthouses to bail out sons and daughters who have been detained for moral crimes Kaveh Basmenji who spent his own youth amidst the turbulence of the Islamic Revolution argues that Iran's youth are in near open revolt for want of greater freedoms in furious defiance of the mullahs and their brand of sombre religiosity Through candid interviews with young people and in a careful assessment of Iran today including a special chapter on the implications of the recent election to the presidency of hardliner Mahmoud Ahmadinejad Basmenji gets to the heart of the matter What do Iran's youth want and how far are their elders prepared to go to accommodate them Space, Culture, and the Youth in Iran Behnoosh Payvar, 2016-04-29 This book analyzes the Artists House a cultural center in Tehran to place Iran's social and cultural transformation in a local global context The text addresses the interaction of Iranian youth with technology and mass communications law tradition and contemporary questions concerning body identity and lifestyle

Iran's Long Reach Suzanne Maloney, United States Institute of Peace, 2008 As the third book in the series from the Institute's Muslim World Initiative on pivotal states in the Muslim world this lucid and timely volume sheds much needed light on Iran's strikingly complex political system and foreign policy and its central role in the region Iranian Culture Nasrin Rahimieh, 2015-08-27 Throughout modern Iranian history culture has served as a means of imposing unity and cohesion onto society The Pahlavi monarchs used it to project an image of Iran as an ancient civilisation re-emerging as an equal to Western nations while the revolutionaries deployed it to remake the country into an Islamic nation Just as Iranian culture has been continually re-interpreted the representations and avocations of Iranian identity vary amongst Iranians

across the world Iranian Culture Representation and Identity demonstrates these fissures and the incompatibilities that refuse to be written out of national culture analysing works of literature popular music graphic art and film as well as oral narratives Using works produced before and after the 1979 revolution created both inside and outside of Iran this study reveals neglected complexities and contradictions in the field of Iranian cultural production It considers how contested claims to culture whether they originated in Iran or the Iranian diaspora shape our understanding of this culture and what spaces they create for new articulations of it and in doing so offers an important re examination of our collective concept of culture This book would be an excellent resource for students and scholars of Middle East Studies and Iranian Studies specifically Iranian culture including film and contemporary literature and the Iranian diaspora *Contemporary Iran* Ali Gheissari,2009-04-02 Iran is a key player in some of the most crucial issues of our time But because of its relative diplomatic isolation and the partisan nature of conflicting accounts voiced by different interest groups both inside and outside the country there is a shortage of hard information about the scale and depth of social change in today s Iran In this volume and imposing roster of both internationally renowned Iranian scholars and rising young Iranian academics offer contributions many based on recent fieldwork on the nature and evolution of Iran s economy significant aspects of Iran s changing society and the dynamics of its domestic and international politics since the 1979 revolution focusing particularly on the post Khomeini period The book will be of great interest not only to Iran specialists but also to scholars of comparative politics democratization social change politics in the Muslim world and Middle Eastern studies *Generation in Waiting* Navtej Dhillon,Tarik Yousef,2011-09-01 Young people in the Middle East 15 29 years old constitute about one third of the region s population Growth rates for this age group trail only sub Saharan Africa This presents the region with an historic opportunity to build a lasting foundation for prosperity by harnessing the full potential of its young population Yet young people in the Middle East face severe economic and social exclusion due to substandard education high unemployment and poverty Thus the inclusion of youth is the most critical development challenge facing the Middle East today *A Generation in Waiting* portrays the plight of young people urging greater investment designed to improve the lives of this critical group It brings together perspectives from the Maghreb to the Levant Each chapter addresses the complex challenges facing young people in many areas of their lives access to decent education opportunities for quality employment availability of housing and credit and transitioning to marriage and family formation This volume presents policy implications and sets an agenda for economic development creating a more hopeful future for this and future generations in the Middle East Selected contributors include Ragui Assaad University of Minnesota Brahim Boudarbat University of Montreal Jad Chaaban American University in Beirut Nader Kabbani Syria Trust for Development Taher Kanaan Jordan Center for Public Policy Research and Dialogue Djavad Salehi Isfahani Wolfensohn Center for Development and Virginia Tech and Edward Sayre University of Southern Mississippi

and beauty of women who refuse to be subdued Alison Hawthorne Deming author of *A Woven World Book of Queens* reaches back centuries to the Persian Empire and a woman disguised as a man facing an invading army protected only by light armor and the stallion she sat astride Mahdavi draws a thread from past to present from her fearless Iranian grandmother who guided survivors of domestic violence to independent mountain colonies in Afghanistan where the women led by a general named Mina became their country's first line of defense from marauding warlords To the female warriors who helped train and breed the horses used by US Green Berets when they touched down in October 2001 with a mission but insufficient intelligence on the ground women whose contributions were then forgotten Pardis Mahdavi chases the legacy of Caspian horses and the women whose lives are saved by them drawing on decades of research newly discovered diaries and exclusive military sources Among those intersecting stories is that of American Louise Firouz who helped bring the breed back from the brink of extinction connecting Virginia traders to British royals to the son of the Shah Firouz's life is forever changed when she meets Mahdavi's own family who run an unusual smuggling operation in addition to raising horses in a wild bid for freedom *Book of Queens* is an epic tale of hidden women whose communal knowledge was instrumental in saving an animal as ancient as civilization and who were the genesis of their own liberation [Becoming Visible in Iran](#) Mehri

Honarbin-Holliday, 2009-02-28 The state of women in Islamic societies is the subject of much interest and heated debate Yet these discussions and representations in the media and elsewhere rely on inadequate information and misperceptions imagining Muslim women as oppressed victims in need of liberation by outside forces *Becoming Visible in Iran* disputes these widespread stereotypes providing a vivid account of women in contemporary Iran as they go about their daily lives Beginning at home women are infusing dramatic change by challenging the patriarchal conceptions of their fathers brothers uncles and others within the intimate sphere of family and home Empowered by education they transport the power of their minds and being from the domestic to the public and political Mehri Honarbin Holliday presents the experiences of these young women who wield a key if indirect political influence on the seemingly male dominated politics of this society as they achieve a new visibility She shows us how women understand their place in contemporary Iranian society and how they interrogate it making demands for shifts in attitudes and behaviours both at home in relation to male relatives and in the wider world Women's daily existence weaves between the public and the private from home to classrooms parks metros cafes and taxis negotiating socio political limitations and the current regime's policies of female invisibility Detailed interviews and striking narratives draw our attention to the women's reflexive and critical stance and their desires to be recognized as independent and active architects of their own personal lives whilst also contributing to the discourses of change and a more just civil society From this fieldwork and focusing especially on young women Honarbin Holliday presents women's views on such key topics as public visibility body presentation and sexual curiosity in addition to education civil society and political and social change Highlighting links and continuities with the history of women in Iran from the early twentieth century to the present
