Television And Common Knowledge:

Television and Common Knowledge Jostein Gripstrud, 2002-01-22 Television and Common Knowledge considers how television is and can be a vehicle for well informed citizenship in a fragmented modern society Grouped into thematic sections contributors first examine how common knowledge is assumed and produced across the huge social cultural and geographical gulfs that characterise modern society and investigate the role of television as the primary medium for the production and dissemination of knowledge Later contributions concentrate on specific tv genres such as news documentary political discussions and popular science programmes considering the changing ways in which they attempt to inform audiences and how they are actually made meaningful by viewers

Television Studies: The Basics Toby Miller, 2009-12-04 Television Studies The Basics is a lively introduction to the study of a powerful medium It examines the major theories and debates surrounding production and reception over the years and considers both the role and future of television Topics covered include broadcasting history and technology institutions and ownership genre and content audiences Complete with global case studies questions for discussion and suggestions for further reading this is an invaluable and engaging resource for those interested in how to study television

Television Toby Miller, 2003 [An Introduction to Television Studies](#) Jonathan Bignell, 2013 An Introduction to Television Studies is a comprehensive introduction to the field It provides resources for thinking about key aspects and introduces institutional textual cultural economic production and audience centred ways of looking at television

A TV Guide to Life Jeff Alexander, 2008-07-01 Read Jeff Alexander s posts on the Penguin Blog A couch potato s book of wisdom 100% commercial free Some say that entire generations of Americans are being raised by the television like that s a bad thing Not so says author Jeff Alexander long time television writer advocate of education by television and recapper for the popular website Television Without Pity Here he offers the ultimate in life lessons as seen on TV Topics include Saved by the Bell School on TV Somebody Save Me Super Powers and Magic Spells Tell Me Why I Love You Like I Do Relationships on TV Making A Living The Workplace And more With a smart snarky style Alexander guides readers through important lessons gleaned from years of TV reviewing now in convenient book form freeing up a whole new generation to learn other things like how to cure cancer or solve world hunger or anything more useful than watching TV Author s note Just joking there is no such thing

Ordinary Television Frances Bonner, 2003-02-05 Most cultural analysis focuses on the spectacular and the unusual Frances Bonner has done us a great service by insisting on and demonstrating the importance of everyday TV Ordinary Television breaks genuinely new ground Toby Miller New York University In this book Frances Bonner provides a distinctive angle on a key area of research and teaching across media and cultural studies the content of television and the relations between television genres and audiences Hitherto most books on television have focused on drama or news and current affairs In other words they tend to ignore ordinary television lifestyle programmes and reality TV just the sort of programmes which increasingly dominate the

schedules In Ordinary Television Frances Bonner makes a distinctive argument for regarding these disparate shows as a whole By examining a substantial range of these programmes Frances Bonner uncovers their shared characteristics especially through a consideration of the dominant and disguised discourses which pervade them In addition the comparative nature of her study enables the author to launch a powerful critique of conventional theories in relation to the globalization of television This book will be invaluable reading for anyone interested in television and the media in general **The**

The Impact of International Television Michael G. Elasmr, 2014-04-08 For several decades cultural imperialism has been the dominant paradigm for conceptualizing labeling predicting and explaining the effects of international television It has been used as an unchallenged premise for numerous essays on the topic of imported television influence despite the fact that the assumption of strong cultural influence is not necessarily reflected in the body of research that exists within this field of study In The Impact of International Television A Paradigm Shift editor Michael G Elasmr and his contributors challenge the dominant paradigm of cultural imperialism and offer an alternative paradigm with which to evaluate international or crossborder message influence In this volume Elasmr has collected original research from leading scholars working in the area of crossborder media influence and contributes his own meta analysis to examine what research findings actually show on the influences of crossborder messages The contributions included here illustrate points such as the contentions of cultural imperialism and the context in which its assumptions emerged and developed the complexities of the relationship between exposure to foreign television and its subsequent effects on local audience members the applicability of quantitative methods to a topic commonly tackled using argumentation critical theory and other qualitative approaches and the difficulty of achieving strong and homogenous effects In bringing together the work of independent researchers The Impact of International Television A Paradigm Shift bridges over 40 years of research efforts focused on imported television influence the results of which as a whole challenge the de

facto strong and homogenous effects assumed by those who support the paradigm of cultural imperialism The volume sets a theory driven agenda of research and offers an alternative paradigm for the new generation of researchers interested in international media effects As such the volume is intended for scholars researchers and students in international and intercultural communication cross cultural communication mass communication media effects media and society and related areas It will also be of great interest to academics in international relations cross cultural and social psychology intergroup and international relations international public opinion and peace studies
